### The Coal Trade.

The total tonnage for the week ending on the 17th inst., as reported by the several carrying companies, amounted to 256,788 tons, against 57,084 tons in corresponding week last year, an increase of 199,724 tons. The total amount of anthracite mined for the coal year is 2,302,293 tons against 2,068,491 for same period last year, an increase of 233,802 tons. The quantity of bituminous coal sent to market for the week was 70,031 tons, against 46,622 tons for corresponding week last year, an increase of 23,409 tons. The whole bituminous tonnage from the beginning of the coal year is 359,651 tons, against 339,299 tons in corresponding time last year, an increase of 20,352 tons. The total tonnage of all kinds of coal for the week is 326,819 tons, against 103,686 to corresponding date last year, an increase of 223,123 tons, and the total tonnage for the coal year is 2,661,944 tons, against 2,407,790, tons to same date last year, an increase of 244,154 tons. The receipts at Perth Amboy for the week ending on the 17th instant were 24,747 tons, the shipments 13,875 tons, leaving a stock on hand of 149,494 tons.—*Phila. Ledger, Feb.* 26.

### Bachman's Valley Railroad.

Mr. J. S. Gitt, Civil Engineer, writes as follows in reference to the proposed extension of the above road:

I have been spoken and written to in regard to the extension of the Bachman Valley railroad, the route to be taken and where connecting with the Western Maryland railroad. For a number of years past the extension of this road to Westminster has been agitated, the route has been surveyed and even located, and found practicable. A survey was made from the Black Rock station on the Bachman Valley railroad, and down the Falls to Shafer's, thence up the branch to Maple Swamp, and then in an almost direct line to Hampstead, and running nearly parallel with the turnpike to near the Reisterstown station, on the Western Maryland railroad. This route has also been found practicable—the grades being the same in both cases. A survey, too, has been made via Manchester and connecting with the Maple Swamp line, differing very little in the distance and cost. The survey by Dover and Worthington Valley has not proved as satisfactory as was desired, yet liberal offers were made in order to bring the road through that section of country. It is contemplated to make another trial in that direction as soon as the weather will permit.

☞ The Eastern (Mass.) Railroad Company will pay, on the 1st of March, 1877, the first coupon on its new "Certificates of Indebtedness" dated Sept. 1876. These bonds bear gold interest at the rate of 3½ per cent. the first three years, then 4½ per cent. three years, and after that 6 per cent. until maturity in 1906. The total of old debt converted to date is $11,796,000. The Essex Railroad Sixes, due Sept. 15, 1876, and guaranteed by the Eastern Railroad Company have been extended twenty years, and the coupons are now paid March 15 and September 15, instead of January and July as heretofore.

☞ At Raleigh, N. C., on the 23d ult., in the suit of Blake against Askew, involving the constitutionality of the special tax bonds, which has been before the Supreme Court of that State for nearly two years, the court filed an opinion, dismissing the action upon the ground that it was a feigned issue, which is forbidden by the Constitution; that it was not bona fide between the parties, and was gotten up expressly to procure the opinion of the court. In dismissing the case Justice Reade says: "The action is not fit to be entertained."

### Joplin Railroad.

The Joplin Railroad Company was organized and incorporated in December, 1875, by E. R. Moffet, J. B. Sergeant, W. A. Botkin, Frank Playter, and others. The capital stock of the company is $600,000, embracing no fictitious stock whatever, and is held exclusively by the above named gentlemen. The road will, when completed, connect the Missouri Western (formerly Carthage and Northwestern) Railroad with the Missouri River, Fort Scott and Gulf Railroad, and by way of these reach the St. Louis and San Francisco, the Missouri, Kansas and Texas, and the Kansas City and Northern Railroads. The road is graded all the way from Girard to Joplin, 38 miles, 20 miles of track are completed from Girard, and 8 miles of ties have been laid to Spring River, where the bridge building is nearing completion at a point just 10 miles from Joplin. Besides the 20 miles of track of the main route there have been laid about 4 miles of switch track. Within a few weeks the track will be completed to a point two miles west of Twin Grove, where it crosses the Missouri Western Railroad, when regular passenger trains will run from there to Girard. The officers of the company, elected on the 2d inst., are: E. R. Moffet, president; F. Playter, vice-president; W. A. Botkin, secretary; J. B. Sergeant, treasurer; E. H. Brown, superintendent. J. A. Hardin, of Carthage, will act as auditor. The civil engineers in the employ of the company are Elijah Floyd and M. N. Randall; contractors, J. Armil, W. G. Bates and J. Cosgrove; the first railroad engineer, P. Butterley. The building of this road is under the constant personal supervision of all its officers.

### Chicago, Rock Island and Pacific Railroad.

The Chicago, Rock Island and Pacific Railroad Company have issued a circular announcing that they have decided to avail themselves of their reserved right to call in for redemption their outstanding seven per cent sinking fund mortgage bonds, which mature September 1, 1896, and to issue instead a six per cent mortgage bond, payable forty years after July 1, 1877. The new coupon bonds will be issued in sums of $1,000 each and the registered in $5,000. The company has reserved the right to issue $2,500,000 in bonds of this series in addition to the $10,000,000 above specified in case it should be deemed necessary to do so for the purpose of constructing permanent improvements, branches and extensions, and the property thus acquired should be included in this mortgage, but in no event shall the principal of the bonded indebtedness exceed $12,500,000 Proposals are invited for these bonds to the amount of $8,000,000 up to April 14. The bonds will be issued May 1 and bear interest from July 1, 1877.

☞ The Painesville, Canton and Bridgeport Narrow Gauge Railroad company has closed contracts for the building of their road from Chagrin Falls, Ohio, to the Pittsburg, Fort Wayne and Chicago railroad, at or near Canton, a distance of about sixty miles, to be ready for the running of cars this season. As soon as arrangements now making are completed the contractors will commence work south of the Fort Wayne railroad and build to Bridgeport, on the Ohio river, and from Solon north to Cleveland, in all about one hundren and fifty miles.

### Spring Hill and Parrsboro' Coal and Railway Co.

The annual meeting of this company was held at St. John, N. B., on the 13th ult., Edwin Fisher, Esq., president in the chair. The other directors, R. P. McGivern, William Magee, John Taylor, George F. Smith, George McKean and John McMillan were all in attendance. The directors annual report showed that the arrangements made last autumn for the completion of the railway from Spring Hill Mines to Parrsboro' were likely to result in the completion of that work by next May or June. It gave full details of the means adopted for attaining that desirable end, and was supplemented by balance sheet, auditor's report, &c., all of which were unanimously adopted. After a vote of thanks to the retiring board of directors they were, without a dissenting voice, re-elected, and subsequently, at a meeting of the board, Edwin Fisher, Esq, was re-elected president of the company for the current year.

### Fairbanks' Scales.

The honors conferred upon the Messrs. FAIRBANKS & Co. at the various International Exhibitions entitle them to the distinction of Champion Scale Builders of the world. There is no one to dispute their title, and the highest compliment that can be paid them is the adoption by the various Nationalities of the Fairbanks Scales as their Standard. It is no wonder, therefore, that their immense factories can be kept running the entire winter, even in these days, on full time. We are informed that the United States Government alone has within the past three years ordered more than 7,000 of their justly celebrated scales.

### The Port Huron and Lake Michigan Railroad Company and the Disclosures of "A Bondholder."

In addition to the letter of "A Bondholder," printed in another column, we have received still another letter from this correspondent, whose previous letters in the RAILROAD JOURNAL have attracted such wide attention.

The letter was received too late for publication in this issue, but will appear in our next; when published it will be read with eagerness by all who are in any way interested in the First Mortgage Bonds of the Port Huron and Lake Michigan Railroad Company. It goes into a very elaborate and as we think exhaustive argument against the adoption by the Bondholders of the Plan for the reorganization of that Company which we published with his letter in our last issue.

Among the most important objections to the plan in question which occur to our correspondent are: (1) that it is a scheme of the old managers to enable them to retain control of the property, (2) that it places the Bondholders in a weaker position than they now occupy, (3) that it compels them to lose all the back interest on their investment amounting to $350 00 on each of their Bonds, (4) that it gives them a less amount in new Bonds than they now hold of the Port Huron Bonds, (5) that it secures them by a mortgage on a consolidated railroad to be bonded for a greater amount per mile than the railroad on which they now have a mortgage, (6) that the consolidated railroad to be mortgaged is of less real value than the railroad now mortgaged to them, and (7) that it allows them no voice whatever in the management of the new Company. We commend the letter to those interested with the belief that its perusal will be of benefit to all who are now in doubt as to the course they should pursue with reference to the plan named.

Since the publication of the previous letters of our correspondent we have received many inquiries from parties representing themselves as holders of the Bonds of the Port Huron and Lake Michigan Railroad Company who have shown a very natural desire to know his name and the position he occupies with respect to the Railroad Company of which he appears to know so much. We can say in reply to those and to all others who may desire to know any thing of our correspondent whose disclosures have created such a commotion, that he is a gentleman who has been personally known to us for very many years, who has had a long and varied experience in railroad matters, who is well informed on every thing pertaining thereto, and who knows whereof he writes; a gentleman whose opinion in such matters would have great weight with us, and whose judgment in that department we have always regarded as of a high order.

The advice he offers to the Bondholders and the suggestions he makes to them will be treated with the respect and consideration due to one who is so thoroughly acquainted with the subject on which he writes.

### Lawrence Railroad.

At the annual meeting of the Lawrence (Ohio) Railroad Company, held on the 28th ult., the following gentlemen were unanimously elected to serve as directors for the ensuing year: Thos. D. Messler, President; George W. Cass, J. N. McCullough and John B. Jackson, of Pittsburgh; A. L. Crawford and R. W. Cunningham, of New Castle, and W. A. Parmalee, of Youngstown. The earnings of the road during the year 1876, as reported by the lessee, were $177,649 26. The assets of the company amount to $862,749 09, and the liabilities to $818,650 13, leaving a surplus to the credit of profit and loss, December 31, 1876, of $44,098 96. F. M. Hutchinson was re elected Secretary and Treasurer.

### Mississippi Central, and New Orleans, Jackson and Gt. Northern Railroads.

An adjourned meeting of the holders of the consolidated mortgage bonds of the above roads was held in this city on the 5th inst, at the office of the Illinois Central Railroad Company, to hear the report of the committee appointed on the 26th ult, to draft a plan for the purchase of both roads at the sales soon to take place, and the reorganization of the same under one management in the interest of the bondholders. About $10,000,000 worth of bonds were represented. The committee reported in favor of the plan, and stated that Mr. George Ross, on behalf of the English bondholders, had agreed to that course of action. They also proposed the issue of a first mortgage bond to retire existing liens and put the roads in good order, and a second mortgage to provide for the payment of outstanding consolidated bonds, stock to be given for the overdue coupons. It was stated that since the last meeting the courts had

fixed the sale of the Mississippi Central Railroad for Thursday, the 26th of April, and confirmed the previous order for the sale of the New Orleans, Jackson and Great Northern Railroad on Saturday, the 17th of March. The report was approved, and the committee continued with power. Another meeting will be held at an early date to perfect the arrangements for the purchase and to appoint a committee to attend the sales of both roads, and take the property out of the hands of the receivers. The consolidated line is to be called the "Illinois, St. Louis and New Orleans Railroad."

For the year ending December 31, 1875, the earnings were $548,482 50, the expenses $340,850 47, and the net earnings $207,642 03. The payments in that year were: for interest on bonded debt, premium on gold, etc., $87,684 67, and for dividends, (seven per cent on preferred and common stock), $85,088 50—a total of $172,773 17, leaving a balance of $34,868 86, which added to the balance at the close of 1874, give the total as in General Balance Sheet of $209,883 70. It will be seen that the gross earnings show an increase in the past over the previous year of $16,858 70, with a decrease in expenses of $42,972 03, making an increase in the net earnings of $59,830 73. The report says:

Anticipating a greatly increased business during the Centennial year, a heavy outlay was made by purchasing eight first-class passenger cars, one new locomotive, besides building seven baggage, freight and flat cars, all of which proved to be in excess of our requirements, but are, nevertheless, valuable additions to our rolling stock, further increasing the carrying facilities of the road.

The Centennial Exposition being the great source of attraction, the excursionists spent their spare time and money in visiting it, and a very large percentage of cottagers and regular visitors to the sea-shore, remained at home to entertain their friends. Our receipts were made up by the additional Express Trains, and the great publicity given to them, inducing strangers visiting the city to spend a few hours by the sea. It was an opportunity not to be lost, of making Atlantic City more widely known to the general public. Every person who had not seen the Ocean carrying away with them pamphlet sketches of Atlantic City, that will cause them to keep the place in remembrance, and make their families desirous of visiting "our city by the sea," and so increase our future revenue.

Our expenditures have been heavy, but we have something to show for them. In addition to the locomotive and fifteen new cars, we built a commodious, new terminal depot at Atlantic City, an improved turn-table, rebuilt the wharf at the Inlet, and erected upon it a substantial and attractive pavilion, moved the old depot, converting it into a stable and store house for cars; finished the depot at Egg Harbor, and put most of the buildings down the road in better condition than they have been for years. The roadway has been well cared for, the cuttings and embankments have been kept to their full width, the water-tables opened and clear, and considerable portion of the road well ballasted with gravel; every bridge and culvert thoroughly inspected and kept in good condition; only one small bridge at Kaighn's Cut requiring to be rebuilt the coming season; extended our sidings, giving increased facilities for running our trains with safety and dispatch; placed a new roof, repaired and painted the hotel building and offices, and nearly completed extensive wharf improvements, giving us an additional frontage of five hundred feet, with about two acres more ground, thereby increasing the value of our property, and giving us room enough for our growing business in Camden.

In the early spring of the past year the advisability of adopting some resort on the line of our road for PIC-NICS, was considered. Finding some sixty acres of high land delightfully situated on the borders of Kirkwood Lake, a running stream of pure water nearly a mile long, in which fish are plentiful, with many acres covered with fine forest trees, forming an extensive grove, well shaded, and so easy of access to Philadelphia, being within half an hour's ride, we purchased it on favorable terms, and have opened up winding walks through the shaded woods, and purpose placing rustic seats and a spacious pavilion and other conveniences necessary to make the place attractive and desirable as a first-class pleasure resort for Sabbath Schools, Societies, &c., during the spring, summer and fall months, and feel assured this will, (after it becomes known,) prove to be a new source of revenue to the road.

Considering the depression in trade generally, the result of the year's operations has been very satisfactory. We have motive power and rolling stock amply sufficient to do a largely increased business without any additional outlay for several years.

The company have 12 locomotives, 16 first class, 19 second class and 25 third class passenger, 2 smoking, 2 mail, 4 baggage, 50 house, 68 flat, 3 timber, 1 wreck, 1 gravel, 13 (4-wheel) lime cars, and 8 horse cars. The total mileage of engines was 261,826, divided as follows: main line, 251,971; May's Landing Branch, 9,855. The mileage of engines on the main line shows an increase of 26,558 over 1855. The mileage of cars was 1,592,040, of which 1,575,743 was upon the main line—an increase over 1875 of 42,782 miles. The superintendent in his report says:

The expenses of operating the Main Line show a decrease of $27,180 16, as compared with 1875. The greatest decrease being in maintenance of way, $31,613 03, while conducting transportation was increased $9,466 72; motive power, $3,856 32; maintenance of cars, $8,584 97, and general expenses, $2,524 86.

One new locomotive was bought during the year and charged to operating expenses in place of engine No. 1, which was condemned, as unfit for further service. Deducting the cost of this locomotive, which was $8,000, this department shows a decrease of $5,043 68, as compared with 1875.

Ten of the second class passenger cars were re-upholstered and thoroughly repaired; new springs, &c., put in them. Eight new passenger cars, three new baggage cars, and four flat cars (the latter commenced in 1875) were added to the equipment.

The roadway department has had especial attention during the year. 202½ tons of steel, 202 tons rerolled iron and 28½ tons new iron were laid. We now have contracts made for 400 tons of steel and 200 tons of iron for early spring delivery. 17,428 cross ties were used for track repairs, 3,912 for construction and 1,800 were on hand at the close of the year.

The ferry expenses were decreased $17,288 20, as compared with 1875. The boats have been run with as much regularity as possible under the heavy disadvantages with which we have had to contend.

The expenses of the horse cars, at Atlantic City, were increased $1,687 69 over those for 1875. Seven cars were run in 1876 and only four the preceding year.

The number of tons of freight carried during the year was 93,956; do. carried one mile, 2,702,020.

## The Plan for the Reorganization of the Port Huron and Lake Michigan Railroad Company. Letter from an Unfortunate Bondholder.

BOSTON, 6 March, 1877.

TO THE EDITOR OF THE RAILROAD JOURNAL:

The Port Huron and Lake Michigan Railroad bondholders owe you many thanks for your attention to their interests. In furtherance of your evident desire to see justice done, I trust you will find space for a few observations on a plan of Reorganization of our road, which has been sent me signed by Mr. Shepard and Mr. Bender of Albany, and which I find printed at length in your valuable JOURNAL of the 3d inst. My first feeling on reading the plan is one of great surprise at the tone of utter despondency and hopelessness which pervades this entire plan. It proceeds on the basis that we can do nothing—are utterly helpless, and must adopt this plan or get substantially nothing for our bonds. Based upon such a view of our situation, we naturally expect that the plan will ask us to abandon much to which we are entitled, and to accept the very least which it was felt would secure our consent. Such, indeed, is the case. We are asked to burn one-twelfth of our bonds—all our coupons and our certificates of indebtedness—and to accept a portion of bonds in a new security, which shall begin to draw interest a year hence at a reduced rate of interest for two years thereafter.

Such a proposal could only be addressed to bondholders supposed to have no power and no rights which they could maintain. But what is our position? We are First Mortgage Bondholders, with an undisputed first lien on a completed railway now running and doing business. That we can easily establish that lien no one doubts; and that the very first earnings of this road must go to satisfy our claim is clear. This plan, had it come to us when the link was unfinished and we owned a disconnected road, would indeed have found us weak. But the gentlemen who ask us to adopt this plan forget the great change wrought in our position by the completion of the link, and that we are now in position of strength and able to maintain our full rights, and that, too, without asking favors of anyone. What reason, then, can be assigned why all our back coupons and one-twelfth of our bonds should be confiscated and given up, and to *whom* are they to be given up, and *who are the parties* that are to get the advantage of our thus being shorn of our property? If it had been demonstrated that our road could not afford it, that its earning capacity was not sufficient to bear the burden of all our bonds and coupons, there would have been some pretence of justification for thus dispoiling us. But now that our road is completed, and connections established for a great through route, if only a tithe of the glowing figures held out to us in the past are true, our road is abundantly able to earn interest on *all* our bonds, so that we need not sacrifice one dollar of our rights.

Why, then, this haste to throw away our rights or any portion of them. Let us hold on. That can do no harm. Let us consult together and see if we cannot do better than jump at the first straw thrown to us.

Another and a fatal objection, in my mind, to this plan is that it asks me to change my security for a new bond on an extended line of road. I can see no reason for this, nor any good to be accomplished by it. I want no other man's property, nor do I see why he should want mine. I am content to keep my security upon the road which we now own. And this, not alone because I feel *safer* to do so, than to plunge into the vast scheme presented to us in this plan, but because I am convinced the security we now have is good; and since the link is built, and the through route is established, our portion of the road will earn enough to make our bonds worth their face. Before the link was built we were weak, now we are strong and truly independent, and our bonds good if we do not voluntarily throw away our advantage. This plan hints at the danger of some other Eastern connection for the Peninsular Railway if we do not adopt it. The man who penned that sentence knew better. No one believes for a moment any new or rival Eastern connection could be made. Think of it! Building a new railroad in Michigan in these times! And who will supply the cash? That is the least of all our perils. Here are several connecting roads from Port Huron, East. They all have one common interest, without the least conflict whatever, whoever owns them, viz: to form a through line. That mutual interest will prevail and will result in such business arrangements as to throw upon this through line all the traffic which rightly belongs to it. This plan or that plan of reorganization will in no wise affect the traffic over these connecting roads, but whatever plan is adopted will consolidate the traffic, and will throw upon our road sufficient business to make our bonds worth par. Hence let us hold on to our lien on our own road. Who does not feel safer to-day that the link is built? That lets us out of a great difficulty. Who does not to-day feel stronger having his bond on a section of the road, and that the Eastern Section where the most traffic must necessarily exist, than if his lien were spread over the whole line. This changing my security is then in my mind a fatal objection to this plan. I am content to keep what security I have and to let the bondholders of other sections do the same. This proposal is not made at all for our advantage, but that we may be induced to sacrifice our property so that others may be benefited by it. Let us not be alarmed nor hasty, but stand just where we are. If this plan fails it will not interfere with the great fact that a through line is completed and running; and some other plan will succeed which will recognize our rights and our lien on our own road. That is equity and that is all I desire.

But this plan comes to us in the dark. I am opposed to darkness. I believe in the light, and that the light can never harm a good cause. We have always been in the dark about this railroad. We never knew how all our money was spent and so little road built. That may now be a useless and dead inquiry. But this inquiry is not a dead issue, but a very pertinent and important one, viz: What has our road been earning? What can it earn now that it is completed? This plan comes to us with not a solitary statement on this most vital question. Surely it is time the bondholders were furnished with some truthful and complete information about their property, before they sign away, as they are asked to do, every remaining right, and place themselves, bound and powerless, in the hands of the unknown.

This raises to my mind a question of the most vital importance, and yet on that point the darkness is more than Egyptian. Had the P. H. & L. M. R. been located in Patagonia, we could not have been kept all these years in greater ignorance of its affairs; and now it is proposed to carry this system of darkness still farther, and place all our rights, interests, and property under the administration of some hidden parties who lie behind all that appears on the surface, and are playing with the men who do appear as if they were pawns upon a chessboard.

There is concealed, and yet shadowed forth in this proposed plan, a vast scheme to get control of a railroad nearly 300 miles long, a goodly portion of which belongs to us. And although the names of Messrs. Shepard and Bender are interposed between us and these parties who evidently are behind them, and who choose to hide, yet I confess this concealment alarms me. We are told but a small portion of a general plan to swallow up this entire property—and are told we must be content with that and trust.

Now, sir, who is it we are to trust, and into whose hands are we asked to surrender our entire property. I don't like this concealment, and for one shall demand more knowledge (before I sign away all my rights) of the parties who ultimately, and behind all that appears on the surface, are asking us to give away so much of our property.

So far as Mr. Bender and Mr. Shepard are concerned, no man can be more sensible than I am of the time those gentlemen have devoted to this business. But I am still more painfully sensible of the absolutely barren results of their efforts and advice in the past. I have not a doubt they did the very best they knew. But is it not a fact that both they and the bondholders have been treated almost with contempt in the past. They were appointed in 1874 our Trustees to receive regularly the earnings of the road. Let me ask if one dollar of its earnings ever came into their hands.

Have they received regular monthly accounts, and made them known to the Bondholders of the Earnings of the road? Have they received answers to their letters addressto the road, or have they been persistently slighted from the very day they were appointed until now it is found convenient to use them again to accomplish some new design upon the bondholders?

The absolutely barren results of the past cause me to stop and ask what guarantee is there that even the portion of our rights promised to us will ever amount to anything, or be carried out in good faith? The picture is no fairer than it has always been painted, but which in the end has been utter delusion.

But to be asked now to surrender our bonds, and our coupons, and our certificates, and thus powerless to trust our all in the hands of men who have in the past so signally failed to secure us any redress, to do this without knowing the condition and capacity of our road. Who is to control and administer our property—who are the parties that are going to profit by shearing us of a large portion of our bonds? And to do this in the dark makes me fear that even the portion promised to us will prove as barren in the future as in the past, *and that a consolidated bond on this long stretch of road to be mortgaged for* $8,000,000 *will turn out more valueless than the bonds we now have on our own road.*

It may then be asked What shall we do? I have no plan to propose, though it would not be difficult to mature one much safer than this. *I should start it and end it on the basis of simply holding to our rights on our own road.* Let us get that and all else will settle itself. We shall wrong no one. No one will have the power to wrong us. But if we go, extending over this long stretch of road, I very much fear we shall lose all.

UNFORTUNATE BONDHOLDER.

☞ The officers of the Cleveland, Mt. Vernon and Delaware Railroad Company, elected on the 28th ult., are: Thos. D. Messler, President; J. D. Thompson, Treasurer; and J. S. Davis, Secretary. ### A New Railroad Project.

Since the Cumberland and Piedmont railroad has passed the control of the Baltimore and Ohio Company there has been some commotion in canal circles, and the officials of the latter company are actively discussing the project of constructing a new railroad from Cumberland to Westernport along the route recently surveyed by Hon. Patrick Hamill and the Messrs. Roberts. The canal officials think it absolutely necessary that they should have an additional feeder to the canal, as they are uncertain as to the policy which may govern the present road under its new management. They are also desirous of securing a means of reaching the new mines to be opened above Westernport on the river, and we are told that steps will be taken at once towards securing the necessary capital. Whether this project will interfere with the other road by way of Pompey Smash we are not advised.—*Cumberland Civilian.*

### Pennsylvania Railroad.

We have received a copy of the Thirtieth Annual Report of the Pennsylvania Railroad Company, being for the year ending December 31, 1876, from which we make the following extracts:

The results of the operations of the Pennsylvania Canal Company and of the anthracite coal properties, in which your company is interested, are given in the following statements:

PENNSYLVANIA CANAL COMPANY.

| | |
|---|---|
| Gross receipts | $409,173 46 |
| Expenses | 241,081 41 |
| Net earnings, 1876 | $168,692 05 |
| Being a decrease in net earnings from operating the canal of $35,339 82, as compared with 1875. | |
| In addition to the above net earnings the company collected from the State for overpaid taxes in previous years | 47,620 69 |
| Total | $216,312 74 |

COAL INTERESTS.

THE SUSQUEHANNA COAL COMPANY

| | |
|---|---|
| produced in 1876 668,370 12-20 tons. | |
| Its gross receipts were | $2,126,883 48 |
| Expenses, including interest on bonds and mortgages, royalty, depreciation of live stock and other property at mines | 2,112,823 42 |
| Net surplus over all expenses, interest and depreciation | $14,060 66 |

SUMMIT BRANCH RAILROAD COMPANY

| | |
|---|---|
| produced 241,706 2-20 tons of coal. | |
| Gross earnings | $1,157,854 70 |
| Expenses, including interest on bonded debt and charge on coal mined to cover depreciation of lands | 1,070,114 24 |
| Net profit on business for year. | $87,740 46 |

LYKENS VALLEY COAL COMPANY

| | |
|---|---|
| produced 155,165 7-20 tons of coal. | |
| Gross earnings | $567,794 10 |
| Expenses, including interest on old bonds, &c. | 707,682 49 |
| Loss for year | $139,888 39 |
| Being a decrease in loss of $153,459 32 as compared with last year. | |

MINERAL RAILROAD AND MINING COMPANY

| | |
|---|---|
| produced 320,700 8-20 tons of coal. | |
| Gross earnings | $883,299 04 |
| Expenses | 792,804 18 |
| Net earnings | $90 494 86 |
| Decrease as compared with 1875 | 71,540 22 |

The aggregate results from the several anthracite coal companies were as follows:

| | Tons. |
|---|---|
| Total production 1876 | 1,285,942 |
| Total production 1875 | 1,390,001 |
| Decrease | 104,059 |

LINES WEST OF PITTSBURG.

| | |
|---|---|
| The total earnings of the Pennsylvania company, on lines managed by it, and through organizations controlled by it, for the year 1876, were | $24,670,150 30 |
| The expenses for the same period were | 17,414,590 55 |
| Leaving net earnings of | $7,255,642 75 |
| From this are to be deducted rentals, interest, dividends and liabilities of every kind chargeable thereto, (including the entire net earnings of the C. C. and I. C. railway paid over to the receiver under orders of court, but not including additional liability, if any exist, under the lease now suspended and in litigation) | 7,291,496 57 |
| Leaving a net loss in 1876 on the lines west of Pittsburg | $35,853 82 |
| The entire expenditure made for construction and equipment on all lines west of Pittsburg for 1876, was | $558,899 21 |

SUMMARY OF LINES EAST AND WEST OF PITTSBURG.

| | |
|---|---|
| Gross earnings, all lines, 1876, from traffic | $61,561,211 29 |
| Gross expenses, excluding rentals, interest, dividends, &c | 39,495,736 89 |
| Net earnings | $22,065,474 40 |

FREIGHT TRAFFIC.

Sworn to August 12, 1874.
Filed August 12, 1874."

Of the 450 Shares of the Capital Stock of the Company subscribed for, it will be seen that 225 shares were taken by E. B. Taylor, O. B. J. Atkinson, Isaac Gale and W. L. Bancroft, all of whom have been for the past eight years directly connected in various capacities with the affairs of the Port Huron and Lake Michigan and Chicago and Lake Huron Railroad Companies. Mr. Taylor has always been and is now the Superintendent, Mr. Atkinson the Attorney, Mr. Gale a Director, and Mr. Bancroft the General Manager of these Companies.

The Capital Stock is fixed in the Articles of Association at $1,000,000, and the railroad has been mortgaged to secure Bonds issued or to be issued to the extent of $1,250,000, which on 48 miles—the length mentioned in the Articles of Association—*would be a total capitalization of over* $51,000 *per mile.*

I have also obtained a copy of an estimate made on the 11th day of November, 1873, by the Chief Engineer of the Chicago and Lake Huron Railroad Company of the cost of preparing, ready for the rails, the gap between Flint and Lansing. The following is a copy:

"Estimated cost of preparing ready for the Iron the Chicago and Lake Huron Railroad between Flint and Lansing, Mich.:

| | |
|---|---|
| Earthwork | $132,523 00 |
| Bridging and culverts | 20,510 00 |
| Clearing and grubbing | 3,808 00 |
| | $156,841 00 |
| Add 10 per cent for contingencies. | 15,684 00 |
| | $172,525 00 |
| Cross ties | 33,000 00 |
| Total cost | $205,525 00 |

To the above should be added the cost of the Rails, Spikes, Fish-bars, Bolts and Nuts, and laying track. We would then have as the cost of completing the gap as follows:

| | |
|---|---|
| Preparing whole road for the rails | $205,525 |
| 4,224 tons of Rails at $40 per ton | 168,960 |
| 216 tons for sidings at $40 per ton | 8,640 |
| Freight to Lansing and Flint, $5 | 21,120 |
| Track laying $250 per mile | 12,000 |
| Spikes, Fish-joints, Bolts and Nuts, say not to exceed $750 per mile | 86,000 |
| Total amount required to complete the gap between Flint and Lansing | $452 245 |
| Capitalized by the ring for the sum of. | 2,250,000 |
| In excess of amount required to complete gap | $1,797,755 |

I have also obtained a copy of the Report made by J. Dutton Steele, Esq., Civil Engineer, on the 15th of April, 1869, of his examination of the then projected Port Huron and Lake Michigan Railroad, which report was printed in the pamphlet or prospectus published at the time by the Company to enable it to *sell its Bonds*, and upon the truth of which we *bought its Bonds*. I quote verbatim one paragraph from that Report:

"*From Flint to Lansing, a distance of 47½ miles, some grading has been done, and the land damages generally settled, and I have little doubt but that $250,000 will finish the entire line for the superstructure.*"

In another part of his report he names $36,000 as the amount he estimates will be necessary to complete the section between *Port Huron and Flint* for the Rails, leaving as the cost of preparing the section between *Flint and Lansing* for the Rails by his figures the sum of $214,000, or only $8,475 more than the foregoing estimate of the Chief Engineer of the Chicago and Lake Huron Railroad Company made four years afterwards.

It will therefore be seen that the $205,525 required in addition to the expenditure previously made to prepare the gap ready for the Rails *could* have been obtained from the surplus earnings after paying operating expenses of the past four years of the Port Huron and Lake Michigan Railroad.

The company having paid no interest upon any of its Bonds since May 1, 1873, all the surplus earnings since that period could have been and doubtless were used for the completion of the gap.

Do the Bondholders require any more proof than these documents furnish to convince them that they should bring to an end now and forever the rule of the parties whose past operations are here exposed? I think not.

A BONDHOLDER.

*P. S.* I am preparing a letter giving in detail the reasons why the Bondholders should not adopt the plan of reorganization put forth by the "Ring." I hope to have the letter ready in time for publication in your paper of this week.

### West Jersey Railroad.

At the annual meeting of the stockholders of the West Jersey Railroad Company, held in Camden, N. J., on the 14th ult., the following gentlemen were elected to serve as directors for the ensuing year: T. Jones Yorke, N. P. Shortridge, Charles E. Elmer, Colemen F. Leaming, Lewis Mulford, John M. Moore, S. Kneass, Josiah Bacon, Geo. B. Roberts, George Wood, Thomas H. Dudley, J. N. Du Barry and A. G. Cattell. Subsequently, Mr. Roberts was re elected President. The annual report indicates the road to be in excellent condition, and that the past year was more successful than any previous one since the road has been built. All the old officers were re-elected.

☞ The stockholders of the Summit Branch Railroad Company and of the Lykens Valley Coal Company have elected the same Directors for both companies, viz: Thomas A. Scott, George B. Roberts, A. J. Cassatt, Wistar Morris, Jacob P Jones, N. Parker Shortridge, Strickland Kneass, Thomas J. Lee, George Snell, Jacob Edwards.

### Delaware and Hudson Canal Co.

The board of managers herewith submit to the stockholders, the annual statement of the business of the company for the year ending December 31st, 1876.

The results, although disappointing when compared with those of the previous year, cannot, under the changed circumstances, properly be considered as unsatisfactory.

Not only was the coal tonnage largely decreased in volume, but the average price per ton was much below that of 1875.

The gross earnings of the railroads were also less, but owing to a decrease in the operating expenses, the net results were fully maintained. The New York and Canada Railroad has been completed, and the entire line was opened about the first of September. The business upon this road has realized our expectations, and justifies the belief that, when the coal and iron interests resume their wonted activity, this road will be self-sustaining, and, beyond this, as a feeder to the Rensselaer and Saratoga, and the Albany and Susquehanna Roads, will largely increase their revenues.

In the present condition of the coal trade, it would be idle to speculate upon the results of the business for the current year, for so long as the capacity of the anthracite region is pushed to its full extent, and the quantity of coal mined and forwarded to market is largely in excess of the requirements for consumption, just so long must the business continue to yield small returns.

In 1852 the production of anthracite coal was 4,925,000 tons. In 1862 it was 7,482,000 tons, showing an increase of fifty per cent. The demand steadily increased until 1873, when the production reached 21,689,000 tons, an increase in eleven years of nearly three hundred per cent.

In 1874 the production was 19,805,000 tons, a decrease of nine per cent. In 1875, 20,643,000 tons, a gain of 4 per cent. In 1876, 18,906,000 tons, a decrease of about nine per cent.

The large increase of consumption during the decade 1860-1870, was, doubtless, in large degree, the result of the exigencies of the war, and the demand for coal became so great, that the companies engaged in the trade were compelled, in order to meet it, to acquire new lands, open mines, and secure new avenues to market. At the present time it is safe to say that the aggregate productive capacity of the anthracite region is not less than thirty million tons, and until the natural increase of consumption calls for such full production, the practical relief to the trade would seem to be an arrangement proportionating the supply to the demand.

Meanwhile, your managers, in the exercise of their best judgment, are looking to the care and preservation of the property. To this end the most rigid economy is being observed in every department, and a marked decrease in the cost of coal, and general expenses, has already been attained. As a matter of record, and for the purpose of comparison in showing how exceptionally low the price of coal is, it may be stated that the average quotation of stove coal from 1853 to 1862, both inclusive, was about $4 25 per ton. This was a period the least remunerative the trade had encountered, and one during which the wages of miners were at least forty per cent. below the present rates. The record of the company in the past is the strongest evidence of the intrinsic value of its property.

For a period of years it has paid to its stockholders regular dividends, besides largely reducing, from time to time, the cost values of its lands, and other acquirements, upon the books, so that today your coal lands are represented by figures which do not show one third of their fair market value. And the managers have no hesitation in saying, that at no period in the history of the company, has its property been in as good order and condition as now.

The policy that led to the acquisition of the leased lines, has been severely criticised, and the results of such policy grossly misstated. This branch of the business will be found separated from that of the company proper, so as to show the net results in operating the leased lines, apart from the profits on coal.

In this connection it should be remembered that, prior to the acquisition of those lines, the only outlet for our coal was by canal, from the mines to Rondout, on the North River. This outlet could only be used during eight months of the year, and we were practically cut off from the winter market. The opening of the Albany and Susquehanna Railroad connected the mines with northern New York, and reached our best and most reliable market at all seasons. It was at once demonstrated that those manufacturers and dealers who had previously laid in their coal during the season of navigation, were attracted to this new avenue of supply, and your managers were forced to the conclusion that the possession of this road, was a necessity, unless they were willing to see it in the hands of rival interests who, with a small amount of coal, could demoralize our trade, and control the price of almost our entire product.

The finances of the company are in a sound condition, and the attacks that have been made upon its credit are wholly unwarranted. The managers can only express their regret, if any stockholders have sacrificed their property under the influence of apprehension caused by adverse rumors, which were entirely without foundation in fact. In concluding this report, it may be added, for the purpose of enabling the stockholders to form their own estimate of the value of their property, that the fixed annual charges, including interests and rental and dividends upon leased lines, do not exceed three millions of dollars. The receipts ap-

plicable to their payment, and entirely exclusive of any profit on coal, are fully two millions.

If the past record of the company, and its present position avail anything, the above statement should allay anxiety, affording, as it does, strong grounds for the belief that your investment possesses points of strength at least equal to any whose prosperity depends in any measure upon the marketing of coal.

By order of the Board.

THOMAS DICKSON, President.

### The Legal Right of the Bondholders of the Port Huron and Lake Michigan Railroad Company to a First Lien on the Chicago and North Eastern Railroad.

We publish in another column an article from the *Stockholder* of this week respecting the opinion of "a prominent lawyer, one of the leaders of the bar of this State," as to the right of the Bondholders of the Port Huron and Lake Michigan Railroad Company to a first lien on the railroad built to connect the cities of Flint and Lansing, and known in Michigan as the Chicago and North Eastern Railroad.

In the opinion referred to the question is decided in the affirmative, and is an endorsement of the opinion recently given on the same question by a Michigan lawyer of eminence of which mention was made in our last issue.

In this connection we call attention to the letter of our Lansing correspondent who repeats what he states is well known in Michigan that the Company called there the Chicago and North Eastern Railroad "*has* occupied and built upon the property owned by the old Port Huron and Lake Michigan Railroad Company between Flint and Lansing."

### The Coal Trade.

The total tonnage for the week ending on the 24th ult., as reported by the several carrying companies, amounted to 259,590 tons, against 48,820 tons in corresponding week last year, an increase of 211,270 tons. The total amount of anthracite mined for the coal year is 2,561,864 tons against 2,075,710 for same period last year, an increase of 486,154 tons. The quantity of bituminous coal sent to market for the week was 56,938 tons, against 44,000 tons for corresponding week last year, an increase of 12,938 tons. The whole bituminous tonnage from the beginning of the coal year is 404,114 tons, against 390,276 tons in corresponding time last year, an increase of 13,838 tons. The total tonnage of all kinds of coal for the week is 316,528 tons, against 92,320 to corresponding date last year, an increase of 224,208 tons, and the total tonnage for the coal year is 2,965,978 tons, against 2,465,986 tons, to same date last year, an increase of 499,992 tons. The shipments of coal from Port Richmond are increasing though to a limited extent. The receipts at Perth Amboy for the week ending on the 24th ultimo were 28,940 tons, the shipments 13,236 tons, leaving a stock on hand of 161,821 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the second week of February was 98,898 tons, of which 76,674 tons were coal, and 19,224 tons coke. The total carried for the year is 620,068 tons, of which 494,393 tons were coal and 125,655 tons coke. These figures embrace all the coal carried over the road east and west. —*Phila. Ledger, Mar.* 5.

☞ Track laying on the Southern Pacific Railroad was completed on the 17th ult. to a point 35 miles east of Indian Wells. In addition, two switches, one 1,200 feet long, for the use of the railroad company, and one 2,800 feet, to be used by the Western Development Company in forwarding material to the front, were put in near the western end of Castle Rock, 33 miles beyond the Wells.

### Railroads of California.

There were filed in the office of the Secretary of State of California on the 23d ult. the following reports for the year 1876:

STOCKTON AND COPPEROPLIS RAILROAD.

Capital stock, $1,500,000; amount subscribed, $48,000; paid in $4,800; expended for the purchase of lands, construction of road, buildings, engines and cars, $609,342 20; indebtedness, $706,625 53; received for transportation of passengers, of property, of mails, and express matter, and from other business, $20,245 35; freight transported, 5,504 tons; paid for repairs of cars, engines and buildings, taxes, interest and current expenses, $29,559 88. No dividends have been made. The company has one engine, two passenger cars, one baggage car, twenty-four freight and one hand car.

NORTHERN RAILROAD.

Capital stock, $8,400,000; expended in construction, $41,430; road built in the year, 40 miles; indebtedness, $41,661 75; received from business, nothing, the road being operated as yet by the contractors.

STOCKTON AND VISALIA RAILROAD.

Capital stock, $5 500,000; expended for construction, etc., $877,183 08; indebtedness, $947,000; received from business operations, $49,167 15; freight transported, 13,868 tons; paid for repairs and expenses, $63,790 01; no dividends.

SAN PABLO AND TULARE RAILROAD.

Capital stock, $3,750,000; subscribed, $150,300; paid in, $15,030; expended for lands and construction, cars, etc., $99,209 66; indebtedness, $99,265 46; no current expenses and no receipts.

CALIFORNIA PACIFIC RAILROAD.

Capital stock, $12,000,000; subscribed, $12,000,000; paid in, $12,000,000; expended for land, $94,867 03; for construction, $19,654,239 58; for buildings, $85,944 54; for engines, $188,443 26; for cars, $256,570 62; indebtedness, $10,245,193 99; on bonds, notes and accounts due the company, $994,414 81; received for transportation of passengers, etc., and from other sources, $1 296,-521 98; freight transported, $299,723 1860-2000 tons; paid for repairs, taxes, etc., and other current expenses, $1,066,872 36; no dividends; engine and machine shops, 4; car shops, 1; blacksmith shops, 1; engines, 12; passenger cars, 17; baggage and mail and express cars, 6; box freight cars, 86; flat freight cars, 152; caboose cars, 2; hand cars, 25; section cars, 24.

SACRAMENTO VALLEY RAILROAD.

Capital stock, $1,000,000; subscribed, $936,-000—all of which is paid in; expended for construction, etc., $1,727,982 96; indebtedness, $400,-000; received for transportation of passengers, mails and other sources, $162,662 91; freight transported, 49 562 698-2000 tons; paid for repairs, etc., $127,266 88; no dividends; machine shops, 1; repair shops, 2; engines, 4; passenger cars, 6; baggage cars, 2; freight cars, 74; hand cars, 6; construction cars, 6.

AMADOR BRANCH RAILROAD.

Capital stock, $675,000; subscribed, $27,000; paid in, $2,700. The road is as yet operated by the contractors, and hence no receipts are noted. Indebtedness, $10 50; amount due, nothing.

CENTRAL PACIFIC RAILROAD.

Capital stock, $100,000,000; subscribed, $62,688,800; paid in $54,275,500; paid out for lands, $1,185,989 67; expended for construction, etc., $132,685,889 62; for buildings, $1,314,694 62; engines, $2,620 787 84; for cars, $4,873,422 14; indebtedness, $92,475,574 84; on bonds, notes and accounts due the company, $8,017,262 43; received for transportation of passengers and mails, etc., $10 201,138 48 coin, and $6,793,082 87 in currency. Freight transported, 1,444,580 tons. Paid for repairs and current expenses, $12,948,-670 77. Dividend of $4 per share in April, 1876, amounting to $2,171 020; also in October, 1876, $4 per share, amounting to $2,171,020. It has 16 engines houses, 12 repair shops, 228 locomotives, 296 passenger cars, 28 baggage cars, 22 mail and express cars, 4,056 freight cars, 110 dump cars, 220 hand cars, 200 section cars, 51 iron cars, 6 wrecking cars, 9 snow plows, 1 pay car.

BERKELEY BRANCH RAILROAD.

Capital stock, $100,000; subscribed, $100,000; paid in $10,000; paid for construction, nothing; indebtedness, $10 50. The contractors have the road as yet, and no returns are consequently made.

TERMINAL RAILWAY.

Capital stock, $4,000,000; subscribed, $27,500; paid in $27,500; construction and expenses, $80,-399 92; indebtedness, $2,912 17. No receipts or dividends yet.

### The Legal Rights of the Bondholders of the Port Huron and Lake Michigan Railroad to a Lien on the Railroad between Flint & Lansing—Opinion of one of the Leaders of the Bar of this State.

We are permitted to state that the question of the legal rights of the bondholders of the Port Huron and Lake Michigan Railroad Company to a first lien on the railroad recently completed between the cities of Flint and Lansing has been submitted to a prominent lawyer, one of the leaders of the bar of this State, for his opinion in the premises, and that he is now engaged in preparing a written opinion on the question which *he has decided in the affirmative.*

If we can get a copy of the opinion in time for publication in our next issue we will lay it before our readers. We are informed that evidence will be forthcoming at the proper time which will prove beyond the reach of contravention that the railroad between Flint and Lansing was actually built upon the identical property of the old Port Huron and Lake Michigan Railroad Company, any statement to the contrary notwithstanding.

### Maine Central Railroad.

In the suit brought by the State of Maine to collect the taxes of the Maine Central Railroad Company, the Supreme Court of the State holds that the Legislature may incorporate a new distinct corporation out of two or more existing corporations; that the special act of consolidation of 1856 is also an act of incorporation; that the statute authorizing mortgages of insolvent railroads to form a new and distinct corporation must be construed subject to the general law, reserving the right of the State to amend, alter or repeal; that a new corporation formed of two or more existing corporations, and invested with the privileges, immunities, etc., possessed by each of them, has only the privileges, immunities, etc., which a corporation with the fewest of such possesses, and which are common to all; that when two or more corporations, with a special immunity from general taxation, the amount being dependent upon certain precedent acts to be done by such corporations thus to be exempted, and those corporations are incorporated into a new corporation, which is now required, and is unable to do and perform the acts which are to precede such limited and special taxation, the new corporation thus created cannot claim such special exemption; and that immunity from taxation is not one of the franchises of a corporation. Judgment was given for the State, involving about $56,000 taxes from the Maine Central Railroad, and affecting suits against other corporations. The opinion is drawn by Chief Justice Appleton, the other Judges concurring, and is very important, being a test case applicable to suits by the State against other railroads for taxes.

### The Railroad Cases.

In the United States Supreme Court on the 27th ult., the following decisions, among others, were rendered:

No. 27—Pick et al. vs. Chicago and Northwestern Railroad Company et al., and No. 40—Lawrence et al. vs. Paul et al. and The Chicago and Northwestern Railroad Company.—Appeals from the Circuit Court for the Western District of Wisconsin—These suits present the single question of the power of the Legislature of the State of Wisconsin to provide by law for a maximum of charge to be made by the Chicago and Northwestern Railroad Company, for fare and freight upon the transportation of persons and property carried within the State, or taken up outside and brought within it, or taken up inside and carried out. The decision is that until Congress acts in reference to the relations of the inter-State commerce, it is competent for the State to regulate the fares of the railroads so far as they are of domestic concern. This company, it is said has domestic relations with the State, and incidentally these relations may reach beyond the State. Until Congress undertakes to legislate for those who are without the State, Wisconsin may provide for those within, even though it may indirectly affect those without. Affirmed. The Chief Justice delivered the opinion.

No. 824—The Chicago, Burlington and Quincy Railroad Company vs. The Attorney General and State Treasurer of Iowa.—An appeal from the Iowa Circuit.—In this case it is said railroad companies are carriers for hire. They are incorporated powers in order that they may the better serve the public in that capacity. They are, therefore, engaged in a public employment, affecting the public interests, and under the decision in Munn and Scott vs. the People of Illinois (the principal case) subject to legislative control as to their rates of fare and freight unless protected by their charters. In the absence of legislative regulation on the subject of fares the courts must decide for it, as they do for private persons when controversies arise, what is reasonable. But when the Legislature steps in and prescribes a maximum of charge, it operates upon this corporation the same as it does upon individuals engaged in a similar business. A uniform rate of charges for all railroad companies in the State might operate unjustly upon some. It was proper, therefore, to provide in some way for adaptation of the rates to the circumstances of the different roads, and the Legislature, in the exercise of its discretion, has seen fit to do this by a system of classification, and whether this was the best that could be done is not for the court to decide. Affirmed. The Chief Justice delivered the opinion.

No. 852—The Chicago, Milwaukee and St. Paul Railroad Company vs. Ackley et al.—Error to the Circuit Court for Wisconsin.—The only question presented in this case is whether a railroad company in Wisconsin can recover for the transportation of property more than the maximum fixed by the statute by showing that the amount charged was no more than a reasonable compensation for the services rendered. The decision is that as between the company and a freighter, the maximum of the statute is the limit of the recovery for transportation actually performed. If the company should refuse to carry at the prices fixed, and an attempt should be made to forfeit its charter on that account, other questions might arise which will not be anticipated at this time. For goods actually carried, the limit of the statute is the limit of the recovery. Affirmed. The Chief Justice delivered the opinion.

No. 353—Stowe vs. State of Wisconsin.—Error to the Circuit Court for Wisconsin. The only question in this case, not decided in the case of the Chicago, Milwaukee and St. Paul Railroad Company against Ackley, just decided, is as to the effect upon the rights of these parties of the charter of the Milwaukee and Waukesha Railroad Company, passed by the Territorial Legislature of Wisconsin in 1847. This provides that on the completion of said railroad, or any portion of the track not less than 10 miles, it shall be lawful for the company to demand and receive such sum or sums of money for passage and freight of persons as they shall, from time to time, think reasonable This, it was claimed, gave the company charter right to fix its own rates of fare and freight, subject only to a judicial determination as to whether they are reasonable. The court affirms the view of the Supreme Court of the State on this subject, that the charter was accepted and the corporation organized many months after the adoption of the Constitution and the admission of the State into the Union by Congress. Previous to that time it remained a naked proposition. For this reason it is held that its acceptance, after the organization of the State, so far as it is a contract, makes it manifestly a contract with the State. Affirmed The Chief Justice delivered the opinion.

No. 10—The Winona and St. Peter Railroad Company vs. Blake et al.—Error to the Supreme Court of Minnesota, and No. 74—McGrath, Receiver, vs. Coleman.—Error to the Circuit Court for the District of Minnesota. In the former case it is said that the road was by its charter bound to carry when called upon—as a common carrier—and charge only reasonable rates. These are incidents of the occupation in which it was authorized to engage. The case is held to fall within the decision in No. 99, decided at the same time, and stated above. In No. 74 it is held the question is the same, and the decision is affirmed in both cases. The Chief Justice delivered the opinion.

Mr. Justice Field dissented in all the Granger cases, and with permission of the court will hereafter file an opinion.

### Machine for Testing Iron.

The Eastern Railroad Association appears to be greatly benefiting the railroad authorities and the public by their investigations and experiments with the various patents and improvements presented to their notice. Their Engineer, Mr. P. H Dudley, has recently contracted with Messrs. RIEHLE BROS. to design and make a very useful Testing Machine to test specimens of iron in lengths of one-half inch only. We are informed these specimens are bored out of rails and placed in the machine to ascertain their tensile strength and much valuable information is thereby obtained from the results.

☞ There were filed on the 23d ult. in the office of the Secretary of State of California articles of incorporation of the Vaca Valley and Clear Lake Railroad Company; organized to operate a line of railroad known as the Vaca Valley Railroad, and to extend the same to and up Cache Creek to Clear Lake. Place of business, Vacaville, Solano Co., Cal. Directors—A. M. Stevenson, G. B. Stevenson, Thomas Mansfield, A. Theodore and J. Donaldson. Capital stock, $1,000,000. Five hundred thousand dollars has been actually subscribed of the stock. The number of shares is 10,000.

☞ The directors of the Waynesburg and Washington (Penn.) Narrow Gauge Railway have elected the following officers: President, J. G. Ritchie; Vice Presidents, Wm. S. Bryson and Robert Horn; Secretary and Treasurer, L. K. Evans. As soon as the weather permits the work will be commenced, and pushed forward to completion at the earliest possible date.

☞ A certificate of incorporation was filed with the Secretary of Ohio on the 2d inst. of the Cincinnati, Chesapeake and Ohio Railroad company, from Cincinnati to Fayette, opposite Huntington, West Virginia. Capital stock $2,500,000, in shares of $50 each. The Directors are Hamilton B. Russell, Henry Stevenson, Stephen Morgan, George H. Dahlgreen and Edward Hinkball.

## The Chicago and North Eastern Railroad Company and the claims of the Bondholders of the Port Huron and Lake Michigan Railroad Company.

LANSING, MICH., March 7, 1877.

I see quite a breeze has been raised and that a lengthy discussion is now going on at the East because of the discovery that the old mortgage made by the Port Huron and Lake Michigan Railroad Company to the Union Trust Company of your city to secure the issue of $1,800,000 of Bonds actually covers the gap of railroad completed a few months since between Flint and Lansing.

If the decision of that question shall be found to rest upon the ability of the claimants to prove, as you put it, "that the Chicago and North Eastern Railroad Company has really occupied and built upon the property owned by the Port Huron and Lake Michigan Railroad Company between Flint and Lansing," the holders of the Bonds of the latter Company need not lie awake nights worrying about the matter, for the fact that the Chicago and North Eastern Railroad Company "*has occupied and built upon the property owned by the Port Huron and Lake Michigan Railroad Company between Flint and Lansing*" *is so well known here that I think no one can be found in this state who will attempt to deny it or pretend to the contrary.*

Why all that those who organized and now control the new company ever pretended to have done was to *complete* between Flint and Lansing *what was left unfinished* by the old Port Huron and Lake Michigan Railroad Company; and although the work was done under the auspices of the new organization, yet it was always looked upon out here as one and the same thing with, and as a part of the Chicago and Lake Huron Railroad Company, the successor by consolidation of the Port Huron and Lake Michigan Railroad Company.

ALEXIS.

☞ The Lexington and St. Louis Railroad, extending from Lexington to Sedalia, Mo., a distance of 55¼ miles, was sold at St. Louis by auction on the 1st inst. to satisfy a deed of trust, being the first mortgage on the road, for $900,000. The road was purchased by Joseph Seligman, of New York, Trustee for the bondholders, for $150,000. The indebtedness of the road, outside of the above-named bonds, is in second mortgages for $800,000 and a floating debt of $200,000. It was formerly leased by the Missouri Pacific Company, and operated as a "feeder" of that road. It will probably be run in the same connection hereafter.

☞ A. J. Wilcoxen, J. D. Hane, Thomas M. Wolfe, Geo. R. Dennis and Edward Sinn have been elected directors on the part of the city of Frederick, Md., in the Frederick and Pennsylvania Line Railroad Company.

## Financial and Commercial Affairs.

Money continues to rule at extremely low rates to all responsible borrowers, under very liberal offerings of accommodation, far beyond the present requirements of the market, in either the financial or commercial line. The inquiry for aid from sources satisfactory to lenders is unusually moderate, remarkably so in the way of call loans. The Spring trade is yet comparatively tame and the supply of strictly prime mercantile paper is limited. Call loans were quoted at the close at 2@4, quite generally to the leading street borrowers at 2½@3, and very choice to prime mercantile credits at 4@6 per cent per annum. The City banks, last week, reported a decrease in nearly all the averages. The loan and discount average was the only exception; showing an increase of $348,700. The item of circulation was cut down $2,800. The deposits fell off $2,211,200, and the legal tender reserve $1,485,500. The specie average was diminished $876,000.

The City banks reported their average of gold last week at $23,498,900, as against $22,701,600 same date last year; and their greenback average at $48,227,800, as against $46,945,200 on March 5, 1876. Their deposits stood at $227,100,000, against $226,426,400 same time in 1876. The loan item was $259,100,000 against $270,162,800 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,951,700, as against $16,700,400, the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City

bank exchanges in currency reached $454,375,-120 or a daily average of $75,729,187.

The aggregate of the outstanding U. S. currency of all denominations, March 1, was $388,-789,272. The outstanding amount of legal tender notes is $364,239,484. The National bank circulation is now $317,935,727 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,100,000.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $44,083,866, against $44,981,912 the preceding week; and a coin board of $71,787,569 against $71,999,910 on the previous return. The Customs revenue of the port during the week was $2,470,000.

The U. S. Sub Treasury receipts in February were $39,991,523 (of which $8,496,605 from customs); payments, $34,155,751, of which $3,888,-172 of coin interest.

The income of the Government from internal revenues last week was about 3 millions, and since January 1st about 22 millions; and from Customs last week about 3¼ millions.

On Monday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $9,122,874; special deposit of legal tenders for the redemption of certificates of deposit, $34,445,000; Coin, $90,263,741, including of Coin certificates, $52,-146,700.

The National Treasury Department disbursed, in February, on all accounts, $12,988,598, including civil and miscellaneous, $5,472,068 04; War, $2,250,849 48; Navy, $975,420 34; Interior (Indians and Pensions), $4,290,255 40.

Last week, two calls each for $10,000,000 five-twenties for redemption were issued by the Secretary of the Treasury, making $100,000,000 of the old 1865 Five Twenties thus far called in, against an equal amount of the new funding loan of 4½ per cent already marketed.

Gold ruled somewhat firmer during the week on a rather more confident speculative movement. The export drain reached a larger aggregate and the call for customs was brisker. The extremes of the price during the week have been 104¼@105, closing on Wednesday at 105¼, as against 104⅛ on Wednesday of the preceding week. The lowest point was touched on Friday March 2nd. The specie outflow last week was $718,430, (of which $120,000, in silver bars, for London, and $591,066 in Mexican silver coin for Liverpool, and since January 1, $2,899,814 against $7,886,281, the same time in the preceding year. The imports of specie at this port last week were $1,027,407, (of which $662,443 in Silver, and 1,605 in Gold coin from Mexico, and $357,666 in gold coin from Havre) and since January 1st $3,361,131 as against $582,890 same time last year. The Customs demand for gold last week averaged $411,670 per day. Foreign Exchange has been in moderate demand, with rates quoted decidedly stronger. Bankers' sixty day bills on London closed on Wednesday at $4 83¾@$4 84⅛; sight bills on London at $4 85¼@$4 86 to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $4,900,232. The week's imports of Dry Goods and general merchandise were to the specie value of $6,619,818 as against $6,699,654 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,132,672 of Dry Goods and $4,487,141 of General Merchandise.

Government securities have been in generally better demand during the week, at firmer prices. Investment buyers have been purchasing more freely. At the close the market was fairly active and firm leaving off on Wednesday as follows:

United States currency sixes, 123¼@123⅛; do. 6s, 1881, registered, 112¾@113; do. coupon, 113⅛@113¾; do. 1865, registered, 108⅜@108¾; do. coupon, 108⅜@108¾; do. new, registered, 109⅜@109⅞; do. coupon, 109⅜@109⅞; do. 1867, registered, 112¾@113; do. coupon, 112¾@113; do. 1868, registered, 114¼@114¾; do. coupon, 114¼@114¾; do. ten-forties, registered 110¾@111; do. coupon, 111⅜@111⅛; do. five-twenties, 1881, registered, 110¾@111; do. coupon 110¾@111; do. 4½ per cents, 1891, registered, 106¼@106½; Central Pacific Gold Bonds, 105¾.

The liquidation of the national indebtedness in February was $2,070,529, making the total reduction since June 30, 1876, $10,658,202.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $338,591,350, and $19,-206,006 as security for public deposits.

State and Railway bonds have been more sought after chiefly on investment account, and values have shown more steadiness. And in the line of Railway and Miscellaneous share property the week's business though not remarkably active has been to a fair aggregate, with prices ruling tronger in most instances, closing buoyantly.

General business has shown rather more animation in the leading kinds of domestic produce but at variable, and, in several instances, lower prices. Petroleum rallied quite sharply, Refined leaving off on Wednesday, at New York, Phila. and Baltimore, at 16@16½cts. as against 14¾@15cts. per gallon a week earlier. A marked increase has been noted in the export demand for Corn, especially for old No. 2. Chicago, in store, but at materially reduced figures.

Metals have been generally less active, with Eglinton Pig Iron quoted here at $25 50@$26; Glengarnock $26 50; Coltness $27 50; No. 1 American Pig at $19@$20; No. 2 do. at $17 50@$18; Forge $17 50; American Rails at works $36@$40; Old Rails $19 50@$21. Wrought Scrap $26@$27. Of Steel Rails, further important sales have been reported on the basis of about $50@$51 at Tide Water. Ingot Copper was quoted up to 19¼@19¾, on a livelier inquiry.

Hardware has been quite freely dealt in and quoted strong in price. Boots and Shoes have been more sought after at generally steady figures. Dry Goods were in fair request, with domestic Cottons and woolens quoted as without further important alterations.

Ocean freights have been fairly active, and somewhat steadier as to rates, with the call for accommodation from shippers of Petroleum, Grain, Provisions, Resin, Machinery, Timber and Deals. Liverpool steamer rates at the close for Grain 5d. per 60lb. Provisions, 25s.@30s. Tallow, 20s.; Oil Cake, 15s.@16s. 3d.; Leather, 40s. per ton; Cotton, ⅛d. per lb.; Apples, 3s. per bbl. Liverpool, by sail, Cotton ⅛d.; Grain, 4½d. per 60 lb.; Measurement Goods at 12s. 6d.@15. Grain rates on charter hence for Cork and orders 4s. 9d.@5s.; for the Continent, 5s. 3d.@5s. 6d.; and from Baltimore for Cork and orders, 5s. 6d.@6s. per quarter. Refined Petroleum hence for Cork and orders, 4s. 6d.@4s. 7½d.; for the Continent, 3s. 4½d.@4s. 6d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 53@56cts. per 100lb. via Portland, Boston and Phila., with further engagements reported to a moderate aggregate chiefly via Portland and Boston.

### Union Pacific Railroad.

The earnings and expenses of the Union Pacific Railroad Company for the years 1875 and 1876, compare as follows:

| | 1875. | 1876. |
|---|---|---|
| Gross earnings... | $11,993,832 09 | $12,886,858 84 |
| Operating expenses | 4,982,047 95 | 5,268,211 20 |
| Surplus earnings | $7,011,784 14 | $7,618,647 64 |
| Percentage of exp. | 41.54 | 40.88 |

As compared with last year, the gross earnings show an increase of $893,026 75, the operating expenses $286,163 25 and the surplus earnings $606,863 50.

☞ A St. Louis paper says that Messrs. McClelland, Macon and Rockfellow have procured a charter for a railroad from Canon City, Col., to Saguache (Siwach). The route at present considered is to go up through the Grand Canon of the Arkansas River, up Pleasant Creek Valley to the Divide, and thence down the Rio Grande into San Louis Park to Saguache. It is considered certain that the mines, timber, pastoral and agricultural resources of this almost entirely new region can be developed into a good paying railroad traffic.

☞ Judge Drummond announced his decision on the 26th ult., confirming the Master's report of the sale of the Chicago, Danville and Vincennes Railroad.

### Redemption of Five-twenty Bonds.

The Assistant Secretary of the Treasury on the 8d inst. issued the forty-first call for the redemption of 5-20 bonds of 1865, May and November. The call is for ten million dollars, of which seven million are coupon and three millions registered bonds. The principal and interest will be paid at the Treasury on and after the third day of June next, and interest will cease on that day. The following are descriptions of the bonds:

Coupon bonds—$500, No. 87,301 to No. 88 860, both inclusive; $1,000, No. 89,001 to No. 98,650, both inclusive.

Registered bonds—$50, No. 481 to No. 490, both inclusive; $100, No. 6,251 to No. 6,350, both inclusive; $500, No. 3,951 to No. 3,960, both inclusive; $1,000, No. 14,801 to No. 15,050, both inclusive; $5,000, No. 5,832 to No. 6,767, both inclusive.

☞ The Boston Journal says that Mr. George Bachelder, the efficient Superintendent of the Eastern Railroad, will retire from that position on or about the 10th of March, and be succeeded by Mr. John Hornby, late Assistant Superintendent of the Marquette, Houghton and Ontonagon Railroad, in the Lake Superior mining region, who is said to have been recommended for the position by the bondholders. Mr. Hornby will be styled Master of Transportation. Other changes looking to the consolidation of offices are in contemplation.

☞ The Governor of Montana Territory has approved the bill granting a subsidy of $170,000 for the construction of a narrow gauge railroad from Franklin, Idaho, to Helena; the bill to go before the people on the 10th of April next for ratification.

☞ The directors of the Pittsfield and North Adams Railroad Company, elected at a meeting of the stockholders held in Boston on 13th inst., are: W. S. Tucker, Frederick Bradlee and Edward Jackson, all of Boston, and Chester W. Chapin of Springfield.

☞ The Washington (Pa.) Reporter says that the Castle Shannon narrow gaugers are in earnest—and there are many reasons to believe the road will be constructed at an early day. A party of engineers are now making additional surveys of the approaches to Washington.

☞ The trustees of the Cincinnati Southern Railroad have awarded the contract for the construction of the Tennessee river bridge to Clarke, Reeves & Co., of Philadelphia, at a cost of $117,000. The bridge will be of iron, Whipple truss, and 1804 feet in length.

☞ A certificate of incorporation of the Ohio Railway Company, from Aberdeen, by way of Ripley, to Georgetown, in Brown Co., Ohio, capital stock $100,000, in shares of $50 each, by Henry Brochmann and others, has been filed in the office of the Secretary of State of Ohio.

☞ The earnings of the Philadelphia and Erie Railroad in January, 1877, were $232,550 47; the expenses $156,220 85, and the net earnings $76,329 62.

☞ Miles R. Martin, of Youngstown, Ohio, has been appointed Receiver of the Painesville and Youngstown Railroad in the suit begun to foreclose the mortgages.

### Wisconsin Central Railroad.

The bill exempting from taxation for three years the lands granted by Congress has passed both branches of the Wisconsin Legislature and received the signature of the Governor. This exemption is of considerable importance, because it not only ensures the completion of the whole line, from Milwaukee to Ashland, on Lake Superior, during the current year, but its probable extension from Ashland to Duluth, where it will connect with the Northern Pacific Railroad. The exemption will give more confidence and security to bondholders to make further advances to the company, by which alone the road can be extended.

It is the interest of the Wisconsin Central to extend its line to Duluth, but that interest is of comparatively little account unless it could offer something additional to capitalists to induce them to make more ventures in Wisconsin. The three years' exemption may be that very inducement.

### The Bondholders of the Port Huron and Lake Michigan Railroad Co. Have their Rights to a Lien on the Railroad between Flint and Lansing been impaired by any action of themselves or the Union Trust Company ?

We publish in another column a letter forwarded to us from Albany which raises a very pertinent question, and perhaps at a very proper moment. It is always well to proceed in any matter of importance with a full and clear view not only of the facts of a case, but also with a knowledge of their true import. The question our correspondent raises is, whether the rights of the Bondholders of the Port Huron and Lake Michigan Railroad Company have been in any way impaired by the action of some among them who, it is alleged, have signed a paper which purports to give up their claims to a lien on the "gap" between Flint and Lansing—or, as our legal friends would express it, whether any action has taken place which will work an estoppel of the Bondholders' right to enforce their lien. It appears to us that this question can be clearly and comprehensively answered. The only party who can, with the slightest chance of success, impair the rights of the Bondholders is their Trustee, the Union Trust Company of New York. From an editorial article in the *Stockholder* of this week, which we copy elsewhere, we learn that no release of any of the rights of the Bondholders has been given by the Union Trust Company.

We much question whether a consent to surrender his rights, extracted from any Bondholder without full knowledge of the facts, would bind him; but even if it would hold him to an agreement made under such circumstances, we are clearly of the opinion that those who have not signed such consent stand in an utterly unapproachable and unassailable position; and, if inclined to insist on their technical rights, they may find that they stand in a better position than ever.

Again, the Union Trust Company being a mere trustee for the Bondholders could not validly, in our opinion, release any lien in their favor without the assent of each and every Bondholder. Therefore, if the consent referred to amounts to anything it amounts to just this: If it has in any way injured the position of those who did consent, it follows as a necessary consequence that it has vastly improved the position of those who did not consent.

Further, if any signer of the consent referred to has since signing disposed of his Bonds, the new holder cannot be prejudiced by any action of his predecessor without notice to him.

We are sorry to have to announce that the pressure upon our columns is so great that we are unable this week to publish the letter of "A Bondholder," referred to in our last issue.

### The Pacific Railroad Settlement.

The discussion in Congress in relation to a settlement of accounts between the Pacific Railroad Companies and the Treasury came to an end without the adoption of any adjustment; and as a consequence the questions remain just where they were. The friends of the Railroads claim this barren result was not so much on account of want of votes, as want of time; and as the motion to postpone was made by the opponents of the companies, it is probable that a Bill might have passed which the companies could accept as a final settlement, if grave political matters had not demanded the time of the closing session.

Of course, the subject will be brought up again and again by one party or the other until a final adjustment is reached, as the present policy works badly for both the companies and the government. From causes in no way discreditable to the companies, the repayments by services and the percentage of net earnings fall very far short of meeting the annual interest outlay by the United States; and unless a Sinking Fund can be established on fair terms, to which the companies will bind themselves, a very large debt will have rolled up, to become due and payable between 1895 and 1900, which it may be impossible for the government to collect out of its second mortgage security.

The two solvent companies are understood to be willing to create this Sinking Fund and pay in semi-annual instalments until the debt is all canceled; claiming, however, that in consideration of commencing twenty odd years before maturity and paying the bulk of the debt before it is due, they are equitably entitled to a few years extension beyond the time when the last bonds become due. There is no question but that they should be allowed interest on these anticipatory payments. It is also contended that to be a definite and final settlement of all controversies and perplexing requirements, and to avoid future litigation—in which the government is likely to be at the same disadvantage as in the past—any proposition should be satisfactory to the companies, on

the one hand, and such as will restore to the Treasury every dollar paid out, on the other.

The companies will be bound from motives of self-protection to resist, both in Congress and in the Courts, every attempt at coercive or compulsory legislation: first, because they hold their charters under a contract with the United States for a valuable consideration; and second, because such legislation settles nothing, and would be open to be modified or set aside by later efforts. Meanwhile suits are brought against the several companies to determine with precision what is due the government under the "5 per cent of net earning" section of the acts, and the Treasury withholds a large sum, due for transportation, to abide the result of the suits. A decision of the Supreme Court is looked for within a year, which will no doubt simplify the solution in Congress.

### Baltimore, Towsontown, Dulaney Valley and Delta Railway.

The Baltimore, Towsontown, Dulaney Valley and Delta Narrow Gauge railway, rechartered by the last Maryland Legislature, was given a good start yesterday by a meeting at Barnum's Hotel, at which the requisite amount of stock to allow of the organization of the company, under the terms of the charter, was subscribed or assured. The road is to run from Delta, York county, Pa., to Baltimore, via Towsontown, 38 miles in length and three feet gauge. The capital stock is fixed at $600,000, but it is estimated the road can be built for $400 000, or less. When the stock to the amount of one-tenth of the cost of construction has been subscribed the stockholders are authorized to elect directors and officers and begin work. The movement to secure the stock and organize was forwarded by a meeting on February 28 of the Watervale and Forest Farmers and Mechanics' Clubs of Harford county. At this meeting a committee was appointed to come to Baltimore.

The corporators are Robert R. Kirkland, R. H. Mitchell, Harry Gilmor, E. Stanley Rogers, T. Sturgis Davis and Foulk Jones. The joint meeting was presided over by Nathan Grafton, with R. R. Kirkland secretary. The stock subscriptions were reported and amounted to $34,025, on condition that the road ran within three miles of the farms of the subscribers, and $18 440, if it came over three but within five miles. The list of subscribers contained 112 names. As these subscriptions had been obtained in little over one week it was not doubted that $40,000, or one-tenth of $400,000, would be secured and the organization be speedily followed by beginning the work. The subscribers are entirely property-holders along the proposed line, the largest being E. Stanley Rogers, of Harford county, one of the incorporators, who subscribes $10,000 if the road is within three miles of his property, and $5,000 if within five miles.

Remarks were made by several persons present predicting success for the road. The Baltimore terminus will it is expected be in the northern suburbs, and the road will run through Baltimore county, via Towsontown, and Harford county to Delta, York county, Pa. A charter for a road of this kind was obtained some years ago and the work proceeded so far as to survey and grade part of the route. The new company purpose to consummate the work. In the vicinity of Delta, which is five miles from the Susquehanna, there are immense slate quarries, the products of which would be brought to Baltimore, but which now are sent northward.

Mr. S. Boyd, late president of the York and Delta road, gave some information in regard to organization and construction. The road, he said, can be constructed for $10,000 a mile, including the necessary equipment of engines, cars, &c. He considered that the company would be safe in beginning construction when the two-fifths of the necessary sum, or about $150,000, is subscribed. The whole cost would be $380,000 or $400,000. Mr. Boyd advised that a topographical engineer be employed at once, so that he can complete his work before autumn, when there would be interference from grown corn and other grain.—*Balt. ### The Steamer Maryland.

THE RAILROAD FERRY BETWEEN MOTT HAVEN AND JERSEY CITY NOT REQUIRED TO HAVE A CITY LICENSE—IMPORTANT LEGAL RULING.

HARTFORD, Conn., March 10, 1877.

Judge Shipman, of the United States Circuit Court, has just rendered his decision adverse to the city in the suit of The City of New York vs. The New England Transfer Company, an action brought to decide the right of the company to run the steamer Maryland, as a railroad connection, between Mott Haven and Jersey City, without the payment of ferry license to the city of New York for traversing the waters of New York harbor.

The decision sets forth that upon the facts the Court held that three questions of law arise:

First—Did the city of New York obtain, by the Montgomerie charter, exclusive power to establish all the ferries from the original limits of the city to any of the opposite shores?

Second—Was this exclusive franchise extended to and impressed upon the annexed territory so that a ferry could not be established from a point in the Twenty-third ward without the license of the Common Council; or is the franchise limited to the establishment of ferries from Manhattan Island?

Third—Is the use by the defendants of the steamer Maryland upon its route a ferry, within the meaning of the Montgomerie charter?

The first point is decided in the affirmative, and upon the second point the Judge, after giving the arguments upon each side, declines to express an opinion as the view which he takes of the third question renders a decision of the second unnecessary.

Upon this third point, after quoting the decision of the Supreme Court of the United States in the case of Bridge Proprietors vs. the Hoboken Company (1 Wall., 116), that "a railroad bridge—which is a mere extension of the iron rails which compose the material part of a railroad—over a river was not a bridge within the meaning of a law of New Jersey, passed in 1790," which gave an exclusive right to erect a bridge over the same stream. The decision says:

The reasoning which claims that a railroad bridge is not an interference with an exclusive right theretofore granted to build an ordinary bridge applies with almost equal force to the question of whether a ferry franchise is interfered with by a ferry which is designed for the transportation of railroad cars only. The boat of the defendants is provided with two railroad tracks, which prevents the entrance or egress of ordinary vehicles and foot passengers, except as they are transported in cars which run upon the railroad tracks. The boat is exclusively used for the transportation of railroad cars and in connection only with the arrival of trains. It is impossible to transport ordinary vehicles upon the boat and impracticable to transport foot passengers, except as they are conveyed to the boat in the cars. The whole arrangement of the boat and docks is for the ingress and egress of railroad cars, and not for the accommodation of anything else. The ferry is part of a continuous through railroad line from places north and east of the city of New York, to place south and southwest of the city, and the trips of the boat are dependent upon the arrival of through railroad trains. Such a ferry is unlike an ordinary ferry for the transportation across a river of persons, animals and freight, at intervals more or less regular, for fare or toll. The ordinary ferry is a substitute for the ordinary bridge, and is a means of transportation of all persons and ordinary vehicles, and is for the accommodation of the public generally, and should therefore be accessible to the public. This railroad ferry is a substitute for a railroad bridge, and is a part of a railroad route for the transportation of the cars used upon a railroad track and the burden which they bear, and is not for the accommodation of any persons except those who happen to be at the time being railroad passengers. A railroad ferry is a means of connecting railroad tracks, or two railroads, as a railroad bridge is the continuation of railroad tracks across a stream of water. It differs widely, except in name, from a general or unlimited ferry. (See Fitch vs. Railroad Company, 30th Connecticut Reports, 38.) It is not within the spirit of the grant which was made to the city of New York in the year 1730, and the adoption of the word "ferry" to express the modern invention of railroad transportation does not bring it within the terms of the charter, if it is not within the intent of it.

### Port Huron and Lake Michigan Railroad Bondholders. Have any of them disposed of their Rights in the Roadbed of the completed "Link" between Flint and Lansing? Letter from an Albany Correspondent.

TO THE EDITOR OF THE RAILROAD JOURNAL:

DEAR SIR: I have read with much interest the communications, as published in your JOURNAL in relation to the Port Huron and Lake Michigan Railroad. And I am sorry, and fear not without good reason, that the information I now possess in reference to the whole matter was not in my possession before the plans as prepared by Messrs. Bender, Shepard and others were accepted by me.

However, as the issue now seems to turn upon our rights as Bondholders to the road bed of the completed link, it may not be amiss to call the attention of interested parties and the legal profession to the fact that on or about the time the new certificates of indebtedness were issued, that persons in the interest of Messrs. "Bancroft & Co." had an instrument prepared, and which was signed by a large number of the Bondholders in the middle part of New York State, by which they in good faith signed off or disposed of all their rights in the property above mentioned.

What bearing this action may have on the great question, will be looked for with deep interest by many. N.

ALBANY, March 12th.

### Railroad to the Black Hills.

A reporter of the Omaha Herald had an interview, February 19th, with Mr. Clarke, Managing Director and General Superintendent of the Union Pacific Railroad Company, concerning the construction of a railroad to the Black Hills country, from which it appears that the Union Pacific Company has decided to connect the Black Hills gold region by rail with the Union Pacific line. Three routes have been and are to be surveyed—from North Platte, Sidney and Cheyenne. The most feasible route will be decided upon, and the construction of a road upon the same commenced immediately afterward, the surveys to begin, perhaps, by the first of March. The most direct and least expensive route will be chosen, the Black Hills terminus to be either at Deadwood or Custer City. The Cheyenne people are said to be greatly opposed to the branch road, because if it started from that place it would break up the lucrative freighting business now existing.

(From the Stockholder, March 13, 1877.)

### Port Huron & Lake Michigan Railroad Bonds. What the President of the Union Trust Company of New York says. Further Legal Opinions.

We publish in another column a letter from a "Country Bondholder," in which he asks "Whether the Union Trust Company has executed a release of any portion of the property from the operations of the mortgage given to their bonds."

We have addressed a letter to the President of the Union Trust Company, repeating the question, and have his reply to the effect that there has been no release executed by that company.

While on this subject, it may be proper to state that we have good reasons for believing that sufficient progress has been made in the negotiation referred to in our issue of the 27th ultimo, to justify the expectation that we shall be able very soon to lay before our readers a copy of the *new* plan for the reorganization of the Port Huron and Lake Michigan Railroad Company, which will be submitted by the committee in question to the bondholders for their approval and adoption.

In the meantime we hear that other prominent lawyers have been consulted as to the soundness of the position taken by certain of the bondholders of the Port Huron and Lake Michigan Railroad Company with respect to the lien claimed by them to exist on the railroad recently completed between the cities of Flint and Lansing.

We shall endeavor to obtain for publication copies of the opinions of the legal gentlemen above mentioned so soon as may be.

### Southern Maryland Railroad.

This company has elected a new board of directors and perfected a thorough organization, such as will dispel all doubts as to future successful operations. A number of responsible contractors arrived here Wednesday and proceeded at once to the line of the road, where they are engaged fixing up quarters at several points for the accommodation of a large force of working hands and teams. We are confidently assured that ample arrangements have been matured to prevent any delay hereafter in the progress of the work.—*St. Mary's Beacon.*

☞ The Union Pacific mail route has been partitioned off into five divisions. The first extends from Omaha to Kearney; the second from Kearney to Sidney; the third from Sidney to Laramie; the fourth from Laramie to Green River; and the fifth from Green River to Ogden. Sixteen men are engaged upon the first division, upon which the principal work is done; upon each of the other only four men are employed.

☞ Mr. Henry Meiggs, the great railway contractor, has closed a contract with the Peruvian Government for completing the Oroya Railway and opening the Cerro de Pasco mines.

## LAW DEPARTMENT.

EDITED BY R. STUART WILLIS.

### THE RIGHTS OF PASSENGERS TRAVELING ON RAILROADS.

General Term, New York Supreme Court—John Dunphy vs. The Erie Railway Company.

Some time since the plaintiff recovered a judgment at a Trial Term of this Court for damages against the defendant for being ejected from the cars of the defendant in January, 1874.

The Plaintiff, it appears, while traveling on the Susquehanna Division of the Erie Railway, "stopped over" at Binghamton without getting a "stop over" ticket.

When he boarded the train again he made an attempt to use his ticket which had already been punched for the division. He refused to again pay his fare, and consequently was ejected. At the trial the Judge who presided charged the jury that the plaintiff had the right to continue his journey on the ticket he had unless the jury should find as a fact that he had notice of the regulations.

On a motion for a new trial before the General Term, Judge Sedgwick writes the following opinion: Even admitting there was an understanding that the plaintiff had the right to "stop over" he was surely bound to inform himself as to the terms on which the right was to be allowed. These terms were posted in the cars and in the ticket offices of the company.

The judgment in the Plaintiff's favor is reversed and a new trial ordered.

### Union Pacific Railroad.

At the annual meeting of the stockholders of the Union Pacific Railroad Company, held in Boston on the 7th inst., the following gentlemen were elected directors for the ensuing year: Oliver Ames, Boston; Elisha Atkins, Boston; Sidney Dillon, New York; F. Gordon Dexter, Boston; Benj. E. Bates, Boston; William L. Scott, Erie, Pa.; David Dows, New York; Horace H. Porter, Chicago; Cornelius K. Garrison, New York; S. H. H. Clark, Omaha, Neb.; Jay Gould, New York; Ezra H. Baker, Boston; Jos. Richardson, New York; John Sharp, Salt Lake City; and Grenville M. Dodge, Council Bluffs, Iowa. At a meeting of the directors, held subsequently, Sidney Dillon was chosen President, and Elisha Atkins Vice President. A letter from Hon. E. H. Rollins, United States Senator from New Hampshire, was read, resigning the office of Secretary of the Corporation, and Henry McFarland, who has been the Assistant Treasurer, was chosen Secretary and Treasurer. Oliver W. Mink, chief clerk in the office of the company, was chosen Assistant Treasurer. The annual report to the stockholders was read by the secretary as follows:

REPORT.

*To the Stockholders of the Union Pacific Railroad Co.:*

The following report of the operations of the company for the year ending December 31, 1876, is respectfully submitted:

The number of miles of railroad in operation is 1038½.

| | |
|---|---|
| Gross earnings (exclusive of Omaha bridge) | $12,886,858 84 |
| Operating exp., (including taxes) | 5,268,211 20 |
| Surplus earnings | $7,618,647 64 |

The operating expenses being 40.88 per cent. of the earnings.

During the past year the company has paid the interest on its funded debt, and its regular quarterly dividends, and, during the same time, decreased its funded debt $415,000 and increased its floating assets $538,573 96.

The Funded Debt of the Company December 31, 1875, and 1876, compares as follows:

| | Dec. 31, '75. | Dec. 31, '76. |
|---|---|---|
| 1st mortgage | $27,232,000 | $27,232,000 |
| Sinking fund | 14,260,000 | 14,188,000 |
| Income bonds | 65,000 | 1,000 |
| Land grants | 7,632,000 | 7,404,000 |
| Omaha Bridge | 2,330,000 | 2,279,000 |

Total decrease of Funded Debt, $415,000.

The earnings and expenses for the years 1875 and 1876 compare as follows:

| | 1875. | 1876. |
|---|---|---|
| Gross earnings | $11,993,832 09 | $12,886,858 84 |
| Operating expenses | 4,982,047 95 | 2,268,211 20 |
| Surplus earnings | $7,011,784 14 | $7,618,647 64 |
| Percentage of expenses | 41.54 | 40.88 |

Increase.

| | |
|---|---|
| Gross earnings | $893,026 75 |
| Operating expenses | 286,163 25 |
| Surplus earnings | $606,863 50 |

By reference to statements herewith submitted it will be seen that the passenger earnings decreased during the year $38,411 81, being 0.87 per cent., and the freight earnings increased $662,611 23, being 9.98 per cent.

The Government business included in the above shows an increase in passengers of $47,871 13, being 21.18 per cent., and an increase in freight of $139,791 52, being 59.59 per cent.

The mail earnings were $574,139, the amount being ascertained in accordance with the contract between the company and the Government, under a re-weighing made in February last.

The percentage of expenses to earnings in 1875 was 41.54 per cent., and for 1876 it was 40.88 per cent., being a decrease of 0.66 per cent. These are very satisfactory results, taking into consideration the present depressed and prostrated condition of business generally throughout the country.

During the past year there has been $105,959 31 expended for construction.

The repairs of the road have been well kept up during the past year and the track and road bed were never in better condition than now, and the cost is included in operating expenses.

The new iron bridge for Dale Creek, which was contracted for in 1875, was put up last summer and is now in use. The cost of it was $39,450. This is the most important bridge on the road, and the substitution of an iron bridge for the wooden structure will be a great saving of expense in repairs and will entirely remove the liability to loss by fire and the delay which would result therefrom.

The equipment of the road consists of—

168 Locomotives.
167 Passenger and Baggage Cars,
3060 Freight Cars.

It is all in good condition, and was never better than it is at present.

The mining business of Colorado, Wyoming, Utah, Montana, and Nevada, which is tributary to the road, was never looking more promising than at the present time, and the production of silver and copper ores and bullion is constantly increasing.

The Black Hills mining district is also attracting much attention, and is likely to surpass in richness and extent any similar development yet discovered, California excepted. The present year bids fair to add a very large increase to the population of this rich mining region.

The Coal mines of the Company have produced satisfactory results during the past year. The business is increasing and the sales to the public are much larger.

The production of the mines for the years 1875 and 1876 was as follows:

| | Tons. | Cost of Mining. | Cost per ton. |
|---|---|---|---|
| 1875 | 208,222 | $391,885 10 | $1 88 |
| 1876 | 264,771 | 375,520 56 | 1 41¾ |
| Increase | 56,545 | | |
| Decrease | | $16,251 41 | 46¼ |

The decrease of 46 cents per ton in the cost of mining has resulted in a net saving to the company, in the last year's operations, of $121,792 82.

The sales of land for 1876 were 125,905.21 acres, at an average price of $2 98¾ per acre, amounting to $375,540 82.

The total sales to December 31, 1876, were 1,319,848.12 acres, at an average price of $4 82¾ per acre, amounting to $5,711,582 84

The interest received on contracts was 412,759 96

Received on forfeited contracts 1,140 94

Total proceeds $6,125,483 74

Less expenses:

| Whole issue of Land Grant Bonds | | $10,400,000 00 |
| Purchased and canceled to date | | 2,996,000 00 |
| Outstanding Dec. 31, 1876 | | $7,404,000 00 |
| There are in the hands of the Company notes and contracts bearing interest, which are to be applied as fast as paid to canceling outstanding bonds | $3,182,934 74 | |
| Cash on hand to purchase bonds | 94,201 00 | |
| | | 8,277,135 74 |
| Leaving to be provided for by future sales | | $4,126,864 26 |

And the company has on hand, still unsold, 10,758,134 acres of valuable farming, grazing, and mineral lands.

There has been no change in any of the questions pending between the Government and the company during the past year. The efforts made to establish a sinking fund which shall extinguish the Government debt at or near maturity are still continued, but so far nothing definite has been accomplished. That no legislation on this subject will be binding until assented to by the stockholders is now generally conceded.

During the months of October, November and December the Omaha and Republican Valley Railroad was built from Valley Station on the Union Pacific Railroad (36 miles from Omaha) to Wahoo in Saunders county, a distance of nineteen miles, and was opened for business on the first day of January, 1877, and already pays expenses, in addition to its advantages as a feeder to the main line. It was built under a separate organization, the funds being furnished from the sales of the first mortgage bonds of that company, and the bonds of Saunders county furnished in aid of that enterprise. It is proposed to continue the road through Saunders county, and probably through Butler county. This opens up large tracts of land belonging to this company, lying on the side of the Platte river, which will now be sought for by settlers and bring to us a large trade when settled. We have not heretofore been able to secure much trade from the south side of the Platte river, it being difficult to induce it to cross the Platte.

It is quite important that something should be done toward building a line of road in the direction of the Black Hills. This trade is increasing and bids fair to be large, and is already being competed for by the Northern Pacific and Yankton routes. The latter is extending its line toward the Black Hills. There should be one hundred miles of our line put in operation this year.

Our relations with connecting roads are generally harmonious and satisfactory.

The trade with China and Japan is showing a satisfactory increase. The Occidental and Oriental and the Pacific Mail steamship companies, making alternate trips, form together a semi-monthly line.

The local management of the road during the past year has been conducted by the same officers as heretofore, and the Board still feels the same confidence in and warmly commends the General Superintendent, S. H. H. Clarke, and the heads of departments and local officers of the company engaged in operating the road. Their faithful performance of the duties entrusted to them has largely contributed to the satisfactory results attained.

### Improved Railroad Track Sleeper.

A. D. Rock, of San Francisco, is the inventor of an improved iron sleeper for railroads. A section of track has been laid upon the new plan on the Central Pacific Railroad in Alameda county, where there is much car travel, and it is claimed that it gives entire satisfaction. The patentee claims for it great endurance, simplicity, the prevention of track spreading, and that it makes the smoothest road known; also, that it can be laid on any old style road without interfering with train running, and that fish plates may be keyed by it as well as by the old plan. No spikes are driven, and there is no wood used in its construction; the rails cannot be misplaced; and while it costs originally twice what wooden ties do, in the end it is more economical. It is now being tested, as stated, on all these claims. "The invention", as described by the Sacramento Record-Union, "consists of circular concave plates or bearings, sixteen inches in diameter, thus giving a greater surface support than the wooden support. On top of each bearing is a saddle or strap, to clasp the bottom of the rail in the same way as the spike heads and chair lips now do. The outer half of the saddle is cast solid with the circular plate or bed piece, while the inner half is separate, and secured with bolts after the rail is in place. The plates are held to gauge position by an iron bar running across from one to the other, which has a connecting joint in the center secured by a bolt or nut, with a bit of elastic material in the joint. Elastic material is also placed between the rails and the bed, and all the iron is coated with asphalt. Where, on straight roads, the sleepers are placed five feet apart, intermediate sleepers without the connecting bars are also placed. As wood becomes worthless in a few years, and iron ought to last for an age, this will be a valuable aid to railroad maintenance if it is not liable to those ills resulting from 'crawling of the track,' and shall prove to be, as is claimed, in all other respects as good or better than wooden ties."

### Financial and Commercial Affairs.

All through the week the current rates for accommodation in the loan and discount lines were at the minimum figures to prominent borrowers, whose wants were very promptly supplied. The offerings of Money were large, much in excess of the present very moderate requirements of the market. Lenders reported unusual difficulty in placing balances advantageously in a controllable form. Call loans were quoted at 2@4, generally to the leading street borrowers at 2@3, and very choice to prime mercantile credits at 3½@5 per cent per annum. The City banks, last week, again reported a decrease in nearly all the averages. The loan and discount average was reduced $784,700. The item of circulation was enlarged $51,900. The deposits fell off $3,912,600, and the legal tender reserve $459,200. The specie average was diminished $950,600.

The City banks reported their average of gold last week at $27,548,300, as against $23,139,800 same date last year; and their greenback average at $42,768,600, as against $47,629,500 on March 12, 1876. Their deposits stood at $223,187,400, against $227,102,800 same time in 1876. The loan item was $258,365,700 against $270,748,400 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,520,050, as against $14,951,700 the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $437,944,280 or a daily average of $72,990,718.

The aggregate of the outstanding U. S. currency of all denominations, March 1, was $388,739,272. The outstanding amount of legal tender notes is $364,239,484. The National bank circulation is now $318,002,277 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,762,000.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $43,774,320, against $44,083,866, the preceding week; and a coin hoard of $72,643,380 against $71,737,569 on the previous return. The Customs revenue of the port during the week was $2.216,000.

The income of the Government from internal revenues last week was about 2½ millions, and since January 1st about 24½ millions; and from Customs last week about 3½ millions.

On Tuesday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $7,920,838; special deposit of legal tenders for the redemption of certificates of deposit, $35,720,000; Coin, $90,874,728, including of Coin certificates, $52,378,700.

Another call for $10,000,000 five-twenties for redemption was issued by the Secretary of the Treasury at the beginning of the current week, making $110,000,000 of the old 1865 Five Twenties thus far called in, against an equal amount of the new funding loan of 4½ per cent already marketed.

The Gold speculation has not been remarkably active during the week, and the fluctuations in the prices have been comparatively unimportant. The export drain was quite light. The customs call was moderate for the season. The extremes of the price during the week have been 104½@105¼, closing on Wednesday at 105⅝, as against 105¼ on Wednesday of the preceding week. The lowest point yet touched was 104¼ on Friday March 2nd. The specie outflow last week was only $185,363, of which $96,963, mostly ($60,000) in silver bars, for Liverpool, and $88,400 for Havana, making the total exports of specie hence since January 1, $3,085,177 against $9,066 494, the same time in the preceding year. The imports of specie at this port last week were $374,891, (of which $243,325 in Gold coin from Liverpool, and $99,588 in gold coin from Hamburgh) and since January 1st $3,782,022 as against $887,373 same time last year. The Customs demand for gold last week averaged $369,333 per day. Foreign Exchange has been comparatively dull and quoted weak, on more liberal offerings of bills, in good part representing the increased shipments of domestic produce. Bankers' sixty day bills on London closed on Wednesday at $4 83½@$4 84; sight bills on London at $4 85@$4 85½ to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $4,130,180 against $3,835 594 same week last year. The week's imports of Dry Goods and general merchandise were to the specie value of $8,258,919 as against $5,408,848 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,279,445 of Dry Goods and $5,979,474 of General Merchandise.

Government securities have been more active, but variable as to price, influenced by the fluctuations in gold. At the close the market was steady leaving off on Wednesday as follows:

United States currency sixes, 123⅛@123¼; do. 6s, 1881, registered, 111¼@111⅜; do. coupon, 111¾@112¼; do. 1865, registered, 107⅝@108; do. coupon, 107⅝@108; do. new, registered, 108⅜@108⅝; do. coupon, 108½@108⅝; do. 1867, registered, 111½@111¾; do. coupon, 111⅝@111¾; do. 1868, registered, 113⅛@113½; do. coupon, 113¼@113½; do. ten-forties registered, 109¾@110; do. coupon, 111⅛@111⅜; do. five-twenties, 1881, registered, 109¾@109⅞; do. coupon, 109¾@109⅞; do. 4½ per cents, 1891, registered, 105¾@105⅞; Central Pacific Gold Bonds, 105¾@105⅞.

The exports of specie from San Francisco in February reached $2,532,100.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $338,601,550, and $19,206,006 as security for public deposits.

State and Railway bonds have been in good demand on investment account, and though values have been quoted irregular, the more substantial loans have gained in firmness during the week. And in the line of Railway and Miscellaneous share property the week's business has been quite active, with prices ruling stronger most of the week, though closing heavily and irregularly.

General business has been more active since our last in the leading kinds of domestic produce, but prices have again fluctuated considerably. Breadstuffs attracted more attention, Flour selling very freely on one or two days, in good part for shipment to the West Indies and South America at firmer rates. Wheat closed steady; Corn and Oats lower; Provisions, Cotton and Petroleum also depressed.

The dealings in Metals have been on a restricted scale, though at essentially unaltered prices, with Eglinton Pig Iron quoted at $25 50@$26; Glengarnock $26 50; Coltness $27 50; No. 1 American Pig at $19@$20; No. 2 do. at $17 50@$18; Forge $17 50; American Rails at works $36@$40; Old Rails $19@$21. Wrought Scrap $26@$27. Of Steel Rails, further sales were reported on the basis of about $50@$51 at Tide Water. Ingot Copper was quoted at 19½.

Hardware has been actively sought after at very firm prices. Boots and Shoes have been quite freely dealt in at former figures. Dry Goods have been in moderately active request, with domestic Cottons and woolens quoted, as a rule, steady as to values.

Ocean freights have been less active, with rates quoted irregular, and at the close generally weak. The main inquiry for accommodation was from shippers of Petroleum, Grain, Provisions and Cotton. Liverpool steamer rates at the close for Grain 5¼d. per 60lb. Provisions, 25s.@30s. Tallow, 20s.; Oil Cake, 15s.@16s. 3d.; Leather, 40s. per ton; Cotton, ⅛d. per lb.; Apples, 3s. per bbl. Liverpool, by sail, Cotton, 7/32d.@⅛d.; Grain, 4½d. @5d. per 60 lb.; Measurement Goods at 12s. 6d. @15s. Grain rates on charter hence for Cork and orders 4s. 7½d.@4s. 10½d.; for the Continent, 5s. 6d.; and from Baltimore for Cork and orders, 5s. 3d.@5s. 9d. per quarter. Refined Petroleum hence for Cork and orders, 4s. 3d.@4s. 7½d.; for the Continent, 3s. 6d.@4s. 6d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 55@58cts. per 100lb., with further engagements reported to a liberal aggregate.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

### Redemption of Five-twenty Bonds.

The Assistant Secretary of the Treasury on the 10th inst. issued the forty-second call for the redemption of five-twenty bonds of 1865—May and November. The call is for $10,000,000, of which $7,000,000 are coupons and $3,000 000 registered bonds. The principal and interest will be paid at the Treasury on and after the 10th day of June next, and interest will cease on that day. The following are descriptions of the bonds:

Coupon bonds—$500, No. 38,851 to No. 40,400, both inclusive; $1,000, No. 98,651 to No. 108,100, both inclusive.

Registered bonds—$50, No. 491 to No. 496, both inclusive; $100, No. 6,351 to No. 6,386, both inclusive; $500, No. 3,961 to No. 3,973, both inclusive; $1,000, No. 15,051 to No. 15,163, both inclusive; $5,000, No. 6,768 to No. 7,385, both inclusive.

### Union Pacific Railroad.

The earnings of the Union Pacific Railroad in January, 1877, were $815,354 09, the expenses $322,452 38, and the surplus earnings $492,901 71; in January, 1876, the earnings were $664,986 71, the expenses $472,170 11, and the surplus earnings $192,816 60—showing an increase in gross earnings of $150,367 38, a decrease in operating expenses of $149,717 73, and an increase in surplus earnings of $300,085 11.

☞ In the United States Circuit Court in Hartford, Conn., on the 10th inst., the suit of the City of New York against the New England Transfer Company involving the right to run their trains per steamer Maryland between Harlem river and Jersey City in connection with a through line to the South and West via the New York and New England railroad, a verdict was rendered in favor of the Transfer Company.

☞ The Treasurer of Maryland has given notice that the State bonds issued to the Susquehanna Canal Company, No. 1 to 250 inclusive, will be redeemed on 1st July next at the banking house of Baring Bros. & Co., London. These bonds are for £225 gold each, and have been due since 1865. The whole amount in currency is about $300,000.

☞ The Chattel Mortgage Bonds of the North Pennsylvania Railroad Company falling due and payable on the first day of April next, will be paid at the Office of the Company in Philadelphia. Interest will cease on that date.

☞ Col. G. J. Foreacre has been appointed Superintendent of the Atlanta and Richmond Air-line Railroad.

☞ The Columbia and Port Deposit railroad will be open to travel about the first of April.

### Reduction of the National Debt.

The Treasury Department at Washington has issued a statement in tabular form showing the amount of the public debt March 1, 1869, in comparison with March 1, 1877, and the monthly decrease or increase of both principal and interest for every month of the intervening eight years. On the 1st of March, 1869, the national debt amounted to $2,525,463,260 01, and March 1, 1877, it was $2,088,781,143 04, showing a decrease of $436,682,116 97. The interest expenditure for March, 1869, was $10,532,462 50, and for February, 1877, it was $7,831,970 46—a decrease of monthly expenditure for interest of $2,700,492 04, or at the rate of $32,405,904 48 per annum. The interest for the month of January was slightly smaller in amount than for February, and the present expenditure represents rather more than the actual interest of the debt on account of the paying of interest on the new 4½ per cent bonds sold before the called-in 6 per cent bonds cease to draw interest. The largest decrease of the debt reported in any one month was in July, 1870—$20,200,000. The greatest reduction for any fiscal year was in 1870, when it reached $102,643,880. Reductions were reported during every month except ten of the ninety-six under review.

☞ At the annual meeting of the stockholders of the Cleveland, Columbus, Cincinnati and Indianapolis Railroad Company, held at Cleveland, Ohio, on the 7th inst., four directors were elected, viz: L. M. Hubby, Cleveland; R. M. Shoemaker, Cincinnati; H. B. Baltzer, New York; B. S. Brown, Columbus. The directors holding over are H. B. Hurlbut, J. H. Devereux, H. J. Jewett, T. P. Handy, S. Burke, James Barnett, Amos Townsend, F. L. Leland, Walter Ferguson.

☞ The salt marsh which the Southern Pacific Railroad passes, near Bitter Springs station, is the lowest point on the Colorado desert, being, according to Lieutenant Wheeler's survey, 272 feet below the level of the ocean, and by surveys for the railroad company, 274 and 278 feet below, thus requiring an up grade on the railroad from the marsh to the Colorado river.

☞ The engineers of the Pittsburg, Virginia and Charleston Railroad have reached Brownsville, after a work of several weeks in making a correct location of the road from Monongahela City to that place.

☞ The Pittsburg Chronicle says that the Northwestern Narrow Gauge Railroad will connect at Youngstown with the Ashtabula Narrow Gauge, and that the completion of the connection may be looked for at an early day.

☞ The North Wisconsin Railroad Company expect to have twenty miles cleared ready for grading by the 1st of April.

☞ Calais, Maine, has voted, two to one, against the projected extension of the St. Croix and Penobscot Railroad.

☞ The sale of the Hempfield Railroad, which was to have taken place on the 13th inst., has been postponed to the 25th of April.

☞ The Southern Pacific extension from Indian Wells is now over 40 miles in length.

### Pennsylvania Railroad.

The President of the Pennsylvania Railroad Company, in his report for the year 1876, portions of which we published in our last issue, says:

During the year 5,999 tons of steel rails have been placed on the main line, and 7,068 tons on the New Jersey division, making an aggregate of 13,067 tons, all of which have been charged to expenses of maintenance of the line. 3,854 tons of steel rails were laid on the Philadelphia and Erie railroad, and charged to the expenses of that line.

Forty-nine first class locomotives, and 738 new box, stock and coal cars were built to replace worn out or inefficient rolling stock, in addition to maintaining in good condition all the balance of your large equipment, and making the necessary renewals thereto. All of these items were charged to expenses. The passenger equipment was also increased by one hundred and twenty-six passenger, and two mail cars, and their cost charged to construction and equipment. All of the work was done at the company's shops in Altoona.

It was found necessary to increase the number of coal cars in service upon your lines to meet the needs of the trade, and accordingly arrangements were made through the Car Trust of Pennsylvania to place upon the line 1,000 eight-wheel coal cars of fifteen tons capacity each, upon the same terms as those built in 1875, and set forth in the annual report for that year.

The Block system of signals has been extended over the whole line between Philadelphia and New York and between Philadelphia and Pittsburg, and has added largely to the security and promptness with which the trains are moved.

The stock yards and abattoir at West Philadelphia have been completed and in service for more than a year past, without the least annoyance to the community or injury to surrounding property. Their situation has been found most advantageous to the public.

The terminal facilities of the port of Philadelphia in connection with your line have received a number of improvements during the year, and have shown themselves fully capable of accommodating the greatly increased commerce of the city.

In the month of August what was known as the "Coal Association," (of which your company was not a member,) on account of disagreement among the companies composing it, was dissolved, causing a large reduction in the price of coal, and a great destruction in values. The anthracite coal business of your company being largely supplied to the West and South and other markets not much affected by the actions of the Coal Association, suffered but little in comparison with that of other companies whose chief markets were to Eastern points.

The extensions of your branch lines were proceeded with as the development of their business required. The Columbia and Port Deposit railroad was extended a distance of fourteen miles, and will be completed to Pt. Deposit within the current year. The Southwest Pennsylvania railway was finished to Uniontown, a distance of seven miles, and arrangements have been made to extend it six miles to Fairchance Furnace this present year to meet the demands of local business. The coke traffic upon that line has quite equaled expectation, and in addition to the large and valuable business in this product with the west a fair trade is growing up east of the mountains, where coke is beginning to be used in considerable quantity in connection with anthracite coal for smelting purposes. The East Brandywine and Waynesburg Railroad Company, whose road is leased to your company, extended its line during the year to New Holland, a distance of ten miles. It is believed that this extension will increase the traffic of that line, as well as that of your own line.

Instructions have been given to complete the connection between the main line of the Pennsylvania railroad and the Pittsburg, Virginia and Charleston railway, crossing the Monongahela river above the mouth of Turtle creek. This connection will give the company increased facilities for handling business to and from the Southwestern lines via the Pittsburg, Cincinnati and St. Louis railway, as thereby a large portion of the through freight traffic will be passed around the yard in Pittsburg, affording relief at that point, which is greatly needed. The extension of the Pittsburg, Virginia and Charleston railway to Brownsville was not pressed during 1876, but arrangements are now being perfected by the local interests of the line, under which it is hoped that the road will be opened to that point before the close of 1877. This extension will add largely to the value of the portion of road already constructed, and make it an important connection for your lines, as well as being of much advantage to the city of Pittsburg.

The Lewisburg, Centre and Spruce Creek railroad has been extended 18 miles, and during the coming season will be further extended, developing a very fertile and valuable section of the State. This line connects with the Philadelphia and Erie railroad at a point opposite Lewisburg, and when completed will be 45 miles in length.

The roadways, equipment and other facilities of the Northern Central and the Baltimore and Potomac Railway Companies were much improved during 1876, and are now in excellent condition to meet all the needs of the public.

It was found necessary, during the past year, to discontinue the limited mail trains upon your lines, as the compensation, which under the law the Postmaster General was authorized to pay, was entirely inadequate for the extraordinary services required. The whole subject of increased mail facilities has been by Congress referred to a commission, who are now investigating it with a view to making some recommendations for the re-establishment of limited mail trains, and providing a method of compensation that will be equitable to the companies and enable the government to give the country the advantages of a greatly improved postal system.

Your board, by a special committee of its members appointed for that purpose, has caused a very careful examination to be made of the actual condition of your company's lines and equipment, and they take pleasure in reporting that they have not only been maintained in their previous good condition, but great advancement has been made in the character of the superstructure, bridges and stations, and in the efficiency of the equipment. Your board have no hesitation in stating that they believe your entire property was never in so good a condition as at present. From the testimony borne by eminent foreign engineers who visited the United States during last summer, many of whom made a very thorough inspection of your property, the conclusion may be safely reached that it is probably unsurpassed in its condition, form of organization and capacity for economical movement of traffic.

The treasurer's report, with a complete list of the securities held by your company, as examined and certified to by the committee on finance, will give its financial condition. The reports of the controller and of the general manager will be issued in pamphlet form in connection with this report, and will give in detail the results of the operations of your lines and of each division thereof.

It is believed that many causes which have disturbed the country and depressed its business interests have now been so far removed that we may expect the gradual restoration of confidence, and a moderate revival in all branches of trade. Your board believe that your lines will continue to yield satisfactory results for the shareholders.

The results attained during the past year we trust will be satisfactory.

Your board desires to express its acknowledgments to the company's officers and employees for the diligent and satisfactory manner in which they have discharged their duties during the exceptionally active year just closed.

By order of the board. THOS. A. SCOTT,
President.

### The Coal Trade.

The total tonnage for the week ending on the 3d instant, as reported by the several carrying companies, amounted to 232,262 tons, against 36,236 tons in corresponding week last year, an increase of 196,026 tons. The total amount of anthracite mined for the coal year is 2,787,566 tons against 2,107,947 for same period last year, an increase of 679,619 tons. The quantity of bituminous coal sent to market for the week was 42,527 tons, against 55,821 tons for corresponding week last year, an increase of 13,294 tons. The whole bituminous tonnage from the beginning of the coal year is 446,643 tons, against 435,771 tons in corresponding time last year, an increase of 10,872 tons. The total tonnage of all kinds of coal for the week is 274,789 tons, against 92,057 to corresponding date last year, an increase of 182,732 tons, and the total tonnage for the coal year is 3,234,209 tons, against 2,543,718 tons, to same date last year, an increase of 690,491 tons. The shipments of coal from Port Richmond are increasing. The receipts at Perth Amboy for the week ending on the 3d instant were 11,537 tons, the shipments 20,706 tons, leaving a stock on hand of 153,079 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the third week of February was 96,691 tons, of which 75,865 tons were coal, and 20,826 tons coke. The total carried for the year is 716,749 tons, of which 570,258 tons were coal and 146,491 tons coke. These figures embrace all the coal carried over the road east and west.—*Phila. Ledger, Mar.* 12.

☞ The Eastern Ohio Railroad now extends from Cumberland, Ohio, northeast to Point Pleasant, on the Marietta, Pittsburg and Cleveland, seven miles. It is said that arrangements have been completed with the Baltimore and Ohio to extend it to Campbell's, on that road, about eight miles northeast of Point Pleasant.

### Texas Pacific in the Next Congress.

It is reported that the application for a grant of government aid to the Southern Transcontinental Railroad is to be renewed next winter, under more favorable auspices. There will then be no Presidential election struggle in the way; the administration is represented as favoring it; and it is conceded to be a proper occasion for doing "something handsome" for the Southern States—first, on the ground that they have, by a narrow chance, lost the Presidency (Mr. Tilden, by the way, was understood to belong to that wing of the Democracy which opposes all subsidies), and they are in a position to be consoled; besides it may be that a generous slice from the national loaf would help build up an administration party in the South. Whatever the political bearings may be, it is certain that the plan will find much more support than before. There will be time for discussion; and, what is more, the South is "solid" in its support. Heretofore, in the history of this country, if the whole South desired anything from Congress it has not been in the power or humor of the divided North to refuse it.

The manufacturers and artisans of the whole country all want it. They want such a stimulus given to trade and industry as the expenditure of fifty to a hundred millions of money backed by the national credit would promptly furnish. Locomotive works, car shops, iron furnaces, rail mills, spike mills, lumbermen, and in fact the whole body of traders and workers would jump into new activity. Furthermore, Mr. Holman, the great "objector," and the most dangerous opponent of the measure is absent. He has been left at home to keep company with his impoverished constituents. Then, again, the Bill itself has been much improved since it was first introduced, many of its most objectionable features being either removed altogether or toned down. The vigorous opposition of the Pacific Coast has been silenced, too, by allowing the California Company to build from the West, as fast and as far as it can, till a meeting point is reached, which will probably result in giving 500 miles of the line east of the Colorado to that Company, and the lands and bonds for so much as it constructs. This is fortunate, as it tends to make the measure national instead of local.

The only "bones of contention" which threaten the harmony of the discussion, so far as yet appears, spring from the pretentions of the several branch roads. This sort of cavil came very near postponing the action on the original Pacific Railroad acts in 1862. To begin with, St. Louis aspires to be the main Eastern terminus, and demands a 500 mile extension of the old Atlantic and Pacific road, although it has now a double line to the Omaha overland route, and a double line to the east end of the Texas route. Then, again, Memphis wants an independent line to parallel the present line via Little Rock which it is claimed may divert its business to St. Louis. Vicksburg is the only place quite happy because it is sure of a straight connection. Even San Diego threatens to smash things if it not made the western terminus. New Orleans, however, besides pressing three conflicting branch companies' claims, is generally miserable because it is not made the principal terminus of the main line, which distinction, it apprehends, is reserved by the Bill for St. Louis. Galveston and Mobile are likewise disturbed because the Gulf States are neglected, and their share of the business will be drawn away to the Northern lines. If these pretensions can only be reconciled, the next Congress may be expected to usher in "the good time coming" for railroads generally. The result of this wrangling, unless some adjustment is reached, will likely be that Congress will cut off all the branch lines, some 1,500 miles in all, and confine the government aid to the gap between the termini of the eastern and western trunk lines, which will, by the end of this year, be about 1,000 miles.

### Maine Central Railroad.

The annual meeting of the stockholders of the Maine Central Railroad Company will be held at Augusta, Me., on the 28th inst. From the report which will be presented we learn that the gross earnings from the operations of the road for the year ending December 31, 1876, were $1,726,500, the operating expenses $1,042,000, and the net earnings $684,500. The interest and rents have been $651,500, leaving a balance in the treasury of $33,000. In 1875 the gross earnings were $1,781,785 70, working expenses, $1,147,066 82, and the net earnings $634,718 88; interest and rents $614,359 32; balance in treasury $20,359 56.

While the gross receipts of the past year are less than those of the previous year by $55,285 70, the working expenses are less by $105,066 82, leaving the net earnings of the road larger by $49,781 12 than they were in 1875, and a larger balance in the treasury at the end of the year 1876 of $2,640 44.

During the past year nothing was disbursed for improvement and equipment, while for the preceding year $52,224 54 were paid.

The condition of the road was never better, and its equipment is first class and equal to any increase of business for several years. All passenger trains have the Westinghouse Air Brake and the Miller Platform and Coupling.

Lake Erie and Louisville Railroad Company, from Sandusky, Ohio, to Cambridge City, Indiana, capital stock $1,500,000, by L. A. Russell and others.

### Western Union Telegraph.

At the quarterly meeting of the Executive Committee of the Board of Trustees of the Western Union Telegraph Company, held in this city on the 14th inst., Mr. Cambridge Livingston and Mr. Samuel F. Barger were appointed directors in the place of the late Col. W. R. Vermilye and the late Mr. Cornelius Vanderbilt; and Mr. Wm. H. Vanderbilt was elected a member of the Executive Committee. The following report for the quarter ending March 31, 1877, was presented:

THE QUARTERLY REPORT.

In the report presented by the Executive Committee at the last quarterly meeting of the Board, held December 13, 1876, the net profits for the quarter ending December 31 (November business being partially and December wholly estimated) were estimated at $908,556 94.

The official returns for the quarter (ending December 31) showed the profits to be $943,158 30, or $34,601 36 in excess of the estimate.

The following revised statement, based upon complete returns, will show the condition of the company at the close of the quarter ended December 31, 1876:

| | | |
|---|---|---|
| Surplus October 1, 1876, as per last quarterly report | | $101,045 15 |
| Net profits, quarter ended December 31, 1876 | | 943,158 30 |
| Total | | $1,044,203 45 |
| From which deducting: | | |
| Dividend of 1½ per cent, paid January 15, 1877 | $507,136 50 | |
| One quarter's interest on bonded debt | 115,488 00 | |
| One quarter's proportion of sinking fund | 20,000 00 | |
| Construction account for quarter | 86,338 11 | |
| American Telegraph Co. (of Michigan) stock purchased | 36,785 50 | |
| Southern and Atlantic Telegraph Company stock purchased | 10,139 00 | |
| Sundry other telegraph stocks purchased | 6,365 00 | |
| Western Union currency bonds of 1900 purchased and cancelled | 12,556 25 | |
| | | 794,808 36 |
| There remained a surplus January 1, 1877, of | | $249,395 09 |
| The net profits for the current quarter ending March 31, inst., based upon official returns for January, nearly completes returns for February, and estimating the business for March, will be about | | $757 613 43 |
| Add surplus January 1, as above | | 249,395 09 |
| Total | | $1,007,008 52 |
| From which appropriating: | | |
| One quarter's interest on bonded debt | $112,500 00 | |
| One quarter's proportion of sinking fund | 20,000 00 | |
| Southern and Atlantic Telegraph stock purchased | 10,000 00 | |
| | | 142,500 00 |
| Leaves a balance of | | $864,508 52 |
| A dividend of 1½ per cent on the capital stock outstanding requires | | 507,175 00 |
| Deducting which leaves a surplus of | | $357,333 52 |

In view of the preceding the committee recommended the adoption by the Board of the following:

Resolved, That a dividend of one and one-half per cent from the net earnings of the three months ending March 31 be and is hereby declared payable on the 14th day of April next, to the stockholders of record at the close of business on the 20th day of March inst.

Resolved, That, for the purpose of such dividend, the stock books of the company be closed at three o'clock on the afternoon of the 20th March inst., and be reopened on the morning of the 16th of April next.

GENERAL REVIEW OF THE YEAR.

The official reports for the last six months of 1876, having been made up since the last meeting of the Board, it is now practicable to make a comparison of the business of the calendar year 1876 with that of 1875, which is as follows:

| | Calendar Year Ended Dec. 31, 1875. | Dec. 31, 1876. |
|---|---|---|
| Receipts | $9,821,749 36 | $10,048,997 91 |
| Expenses | 6,602,953 88 | 6,611,947 47 |
| Profits | $3,218,795 48 | $3,437,050 44 |
| Increase of profits in 1876 over 1875 | | 218,254 96 |
| The net profits for the calendar year ending December 31, 1876, were | | $3,437,050 44 |
| Appropriated as follows: | | |
| Paid balance of cost of new building and of construction carried over from previous year | $549,387 93 | |
| For three quarterly dividends of 1½ per cent each, payable July 15, October 15, 1876, and January 16, 1877 | 1,521,193 50 | |
| For interest on bonded debt | 464,018 43 | |
| For sinking fund appropriations | 80,000 00 | |
| (1) For construction of new lines | 322,564 82 | |
| (2) For purchase of Southern and Atlantic Telegraph stock | 187,978 50 | |
| (3) For purchase of American Telegraph Company (of Michigan) stock | 36,785 50 | |
| (4) For purchase of sundry other telegraph stocks, patents, real estate, &c. | 25,726 67 | |
| | | 3,187,655 35 |
| Leaving a surplus December 31, 1876 of | | $249,395 09 |

Assuming that the new lines constructed and purchased during the year are worth what was paid for them, and adding thereto the sums paid for the shares of companies leased to the Western Union (1, 2, 3 and 4), all of which purchases have been made on a basis which yields not less than ten per cent per annum in any case, it will be seen that the actual surplus at the close of the year is $822,450 58.

As inquiries are occasionally made concerning the obligations of the company in respect to its leased lines it seems proper to state, in this connection, that the gross amount payable annually under such leases upon the outstanding stock, not owned by the Western Union, of the companies leased is about $185,000. As these payments are made in small sums at a time and during almost every month in the year the amounts are charged directly to profit and loss at the time of payment, and are included in the expense account of each month.

The revenue of the company from other sources than regular telegraph business, such as money transfers, dividends, &c., amounts to more than the annual payments for rent of leased lines.

The growth of the company's property and business during the year is shown by the following comparative exhibit of the miles of line and wire and the number of offices on the first days of January, 1876 and 1877, and the number of messages sent in 1875 and 1876:—

| | Jan. 1, 1876. | Jan. 1, 1877. | Increase. |
|---|---|---|---|
| Miles of line | 73,317 | 77,092 | 3,775 |
| Miles of wire | 182,102 | 191,949 | 9,847 |
| Number of offices | 6,759 | 7,252 | 493 |

Total number of messages sent in 1875, 17,966,479; number sent in 1876, 19,446,697. Increase 1,480,218.

There has been expended during the year for the furniture and fitting of offices, over $200,000. Although this expenditure was all for new property, and with entire propriety might have been carried to construction account, the whole amount has been charged to profit and loss as current expenses.

### Southern Pacific Railroad.

The General Superintendent of the Southern Pacific Railroad has officially announced that owing to the duplications of the name for other localities, the station called Indian Wells will be known hereafter as Indio, Station No. 745. It is distant 600.1 miles from San Francisco. He also gives notice of the following new stations on the Southern Pacific Railroad, Yuma division: Walters, Station No. 749; distance from Indian Wells, 13.2 miles; distance from San Francisco, 613.3 miles. Dos Palmos, Station No. 753; distance from Walters, 18.1 miles; distance from San Francisco, 631.4 miles. Dos Palmos was opened March 8th as a regular agency station, and the terminal or connecting station for stage and team freight lines to the following principal points in Arizona: To Ehrenberg, Colorado River, 85 miles; Wickenberg, 215 miles; Prescott, 300 miles; Phœnix, 275 miles; Florence, 325 miles; Tucson, 400 miles.

### Chicago and Tomah Railroad.

The Chicago and Tomah Narrow Gauge Railroad is now under construction from Wauzeka, on the Prairie du Chien Branch of the C. M. and St. Paul Railroad, northward. Thirty-seven miles are already graded, and seventeen miles more are under contract, which will bring it to Bloomingdale. The road runs along the Kickapoo river, crossing that stream six times between Wauzeka and Bloomingdale. The Kickapoo valley is a very fertile one, with prairie on the west and abundance of timber on the east side of the river. Its farmers who are directly and indirectly pushing forward this important enterprise, are a class who let no obstacle stand between them and cheap facilities for transporting their annual products to market. The manner in which their road is being built is by town tax and subscription, secured by first mortgage bonds on the road, and there are no stock shares issued. There are sufficient funds already in hand to purchase rolling stock, iron rails, etc., and finish the road to Bloomingdale the coming summer. Track-laying will commence as soon as the ground becomes sufficiently settled.—*Mil. Wis.*

### Scioto Valley Railroad.

The Directors of the Scioto Valley railway, and the General Manager, Mr. Chapman, visited Portsmouth on Thursday, and attended a very large meeting of citizens, including many subscribers to the stock of the company. The action of the meeting was important, and interesting to Columbus. Efforts had been made to induce the Portsmouth people to look to some other railroad outlet, in consequence of the impracticability of completing the Scioto Valley line by the 1st of July next, the time agreed upon with the subscribers. Mr. Chapman made a speech at the Portsmouth meeting, presenting the situation concisely and satisfactorily. He asked for an ex-

tension of the time in which to complete the road thirty days, the subscribers to pay nothing till he has fulfilled his part of the contract. The subscribers signed a paper agreeing to the extension, and the prospects now are that the road will be pushed to completion. If the vigor displayed in building the road between Columbus and Chillicothe is renewed, Portsmouth will shake hands with Columbus within the year.—*Ohio State Journal, Mar.* 17.

**The Plan of the Ring for the Reorganization of the Port Huron and Lake Michigan Railroad Company. The Objections to the Scheme. Why it should be rejected. Letter from "A Bondholder."**

To the Editor of the Railroad Journal:

In my last I gave you a copy of the plan of the Ring for the reorganization of the Port Huron and Lake Michigan Railroad Company, but owing to the great length of the letter I did not feel at liberty at that time to discuss the objections to the scheme.

That it was concocted by the old managers solely and only for the purpose of enabling them to retain in the future, as they have done in the past, the control and management of the whole of the valuable property covered by our Bonds, is not a difficult matter to prove. To any Bondholder who has no concealed or sinister motive for its adoption the exposures made in my previous letters should have been sufficient to open his eyes to the *real* object of the scheme.

I will, however, point out wherein the plan in question upon its face shows by certain of its provisions, and by the absence of others, that it is devised solely to perpetuate the power of the old managers and not for the purpose of benefitting in any way the Bondholders who are asked to assent to it.

By the terms of the plan named all of the stock in the *new* company, the votes upon which will of course hereafter control its management, is to be held and owned by the old managers. There is no provision in the plan for an issue of *any* amount to the Bondholders, nor is a voting power to be given to any of the new Bonds to be issued in exchange for the Bonds we now hold. Thus are the Bondholders to be cut off from *any* voice whatever in the direction of the affairs of the new company while the old managers, by their votes on the stock which will be issued to them, will be enabled to retain supreme control and direction of its affairs in utter defiance of the rights of the Bondholders.

Then, again, see how our position becomes weakened by the consolidation arrangement under which the enormous amount of $8,000,000 of new Bonds to be secured by *one* mortgage are to be issued. Out of this enormous issue the small amount to be given to us of the new Bonds would prevent our voice even as Bondholders from ever amounting to anything hereafter should our rights or interests be again in jeopardy. Acting as we can *now* all together, our power, if we will only choose to exercise and assert it, *is now supreme.* We need consult no one or no body for we are powerful and strong, but if we adopt and assent to the plan of the Ring we shall have parted with *all* our power *forever* and the Ring will become again our masters. We will, in other words, have exchanged and given up a very *strong* for a very *weak* position.

Again, why is it that we are by this plan to get nothing for our unpaid Coupons and Certificates of Indebtedness, while at the same time the old managers are to get *all* of the stock of the new company? Is there any justice in such a distribution? Is there any reason why it should be so? Yes, there is a reason, and a very good one, too, in the minds of the old managers why *stock* should *not* be given to us under *any* circumstances. Stock in a company of this kind is only another name for *power.* Once allow the Bondholders to hold stock in the new company and they would hold the right to inquire into and investigate the doings of the managers and the workings of the affairs of the company. Armed with the rights and powers possessed by them as Stockholders, the curtain could be lifted at *any* time. The managers would then have to admit their subordinancy, as their servants, while as Bondholders they can ignore and defy them.

But if not stock for our past due Coupons and Certificates, then why are we not offered some kind of obligation payable out of the earnings of the company, should they ever prove sufficient hereafter, before *any* dividend shall be paid to the Stockholders? Why, I say, is all our back interest to be lost to us? There can be—*there is* but one reason why we are not to be allowed to participate in *any* way in the future earnings of the new company beyond the interest to be paid us on our Bonds. The old managers are to be the *only* Stockholders in the new company, and very naturally they intend, if they can, to pocket *all* of the earnings they can get their hands on. If they think the Bondholders with their eyes wide open will allow them to do so, I do not wonder that these old and shrewd wreckers have made the attempt to carry a scheme that will give them such enormous advantages.

But if we are to be handed over body and soul to these wreckers why should we not be well paid? Why should we on the contrary consent to give them still further advantages? Why should we accept *eleven* of the new Bonds in exchange for *twelve* of the Bonds we now hold? Each of our *twelve* Bonds are now secured by a road mortgaged for only $16,000 per mile, while we are asked to take *eleven* of the new Bonds, each of which is secured by a road mortgaged for over $28,000 per mile. Now if we admit that the remainder of the 281 miles of railroad to be consolidated is as valuable as our own 112½ miles, *which it is not*, then the equitable proportion to which we would be entitled would be at least *twenty-one* of the new for *twelve* of the old Bonds. Let any man who has studied the common rules of arithmetic make the calculation for himself, and he will find that I am clearly within rather than without the true figures.

We should *not*, however, accept *even* twenty-one of these new and inflated or watered Bonds, secured by a railroad to be mortgaged for the sum of $28,000 per mile in exchange for twelve of the good and solid Bonds we now hold, and which are secured by a railroad mortgage for only $16,000 per mile. Does any man require to be told that a Railroad that has never been able to earn enough to pay the interest on a mortgaged indebtedness of only $16,000 per mile can, by the simple act of consolidation, be made to earn interest on a mortgage indebtedness of nearly double that sum? Is it not a fact well known to all of the Bondholders that the 166 miles of railroad from Lansing to Valparaiso has never earned enough even to pay operating and maintaining expenses? and yet we are expected to believe that with the completion of the gap between Flint and Lansing, and the consolidation of the whole system from Port Huron to Valparaiso, the consolidated railroad can be made to earn enough to pay the interest on so enormous an indebtedness as $28,000 per mile. The statement is simply preposterous, and those who may listen to it for one moment, or who may allow themselves to be influenced in their action by a belief in its truthfulness, will wake up hereafter only to regret their credulity.

Leaving out of the question the earning capacity of the railroad between Lansing and Valparaiso, there is no comparison between the intrinsic value per mile of that 166 miles and our 112½ miles. The first named never cost any where near what our road cost, it does not possess any thing like the geographical position or value of our road, and it is a broken down, miserable piece of property, requiring large expenditures to restore and make available or useful; and yet the plan of the Ring makes this a part of the railroad to be mortgaged for over $28,000 per mile, the Bonds of which we are asked to take in exchange for our own good and well secured Bonds in the proportion of eleven of the former for twelve of the latter.

Throwing aside, however, all other objections, and coming down to one alone, *that one*, in my judgment, is an insuperable objection to the adoption by the Bondholders of the plan of the Ring. I refer to the omission of any provision whereby the Bondholders shall be allowed to have a voice in the management of their own property. They should have the right to look into the inside workings of the company *at all times*, whenever they feel like doing so, and they should possess the power to enforce those rights. Without such a provision no scheme for the reorganization of the company should be for one moment entertained. It is of vital importance to all of the Bondholders that they should now, while they are in a position to do so, demand the enforcement of *all* of their rights.

A Bondholder.

### Austro-Hungarian Lines.

The following are the new lines of railway opened in Austro-Hungary during the past year:

| | Kils. |
|---|---|
| Raab and Ebenfurth—Raab and Oedenburg, Jan. 2 | 85 |
| Austrian State—Wenzelsberg and Starkotsch, Feb. 1 | 8 |
| Rakonitz and Beraun, April 30 | 44 |
| Tarnow and Leluchow, Aug. 18 | 147 |
| Seifhennersdorf and Warnsdorf, Sept. 1 | 4 |
| Divazza and Pola, and Canfanaro and Rovigno, Sept. 20 | 143 |
| Temeevar and Karansebes, Sept. 25 | 99 |
| Nagy, Surany, and Ivanka, Nov. 1 | 19 |
| Ivanka and Neutra, Nov. 19 | 6 |
| Waagthal—Tyrnau, Waag, and Neustadt, June 1 | 48 |
| Tyrnau and Szered, Sept. 1 | 15 |
| Buschtiehrad—Falkenau and Groslitz, June 1. | 21 |
| Hungarian State—Leluchow & Orlo, Aug. 18. | 5 |
| Pilsen and Priesen—Pilsen, Klattau, and Neuren, Sept. 20 | 64 |
| Prague and Dux—Brucx and Essegg, Dec. 18. | 16 |
| Total | 719 |

Out of this, 442 kils. are in Austria, and 277 in Hungary. During 1875 the Austro-Hungarian system was increased by 663 kils., belonging exclusively to the Transleithan part of the Empire. Without counting the lines managed by foreign Companies, some 106 kils. in length, the Austro-Hungarian system has now an extent of 17,409 kils., of which 10,750 kils. are in Austria and 6,659 kils. on Hungarian territory.

☞ A bill was introduced in the Legislative Assembly at Halifax, N. S., on the 16th inst., to incorporate Nelson Chase, James Morrison Miller, William Drake, A. Nicholson, John P. Curry and other New York capitalists to construct a railroad from New Glasgow to Whitehaven. When the road is built passenger trains will be run from New York to Whitehaven in twenty-six hours. The company does not want any subsidy, only the crown lands necessary for stations and right of way.

## Chicago and Alton Railroad.

### DIRECTOR'S FOURTEENTH ANNUAL REPORT.

*To the Stockholders of the Chicago and Alton Railroad Company:*

The Board of Directors submit the following Report for the year ending December 31st, A. D. 1876.

| | Main Track. | Second Track. | Side Track. |
|---|---|---|---|
| Chicago to Joliet (leased) | 37.20 | 36.20 | 18.20 |
| Joliet to East St. Louis (owned) | 243.50 | 30 50 | 53.05 |
| Dwight to Washington and Branch to Lacon (owned) | 79.80 | | 6.71 |
| Roodhouse to Louisiana (owned) | 28.10 | | 3.60 |
| Coal Branch (owned) | 3.98 | | 2.39 |
| Chicago and Illinois River (leased) | 28.86 | | 1.69 |
| St. Louis, Jacksonville and Chicago (leased) | 150.60 | | 12.64 |
| Louisiana and Missouri River R. R. (leased) | 100.80 | | 9.40 |
| | 677.84 | 66.70 | 107.68 |

Number of stations upon the several lines, 136—of which 116 are in Illinois, and 20 in Missouri.

### CAPITAL STOCK.

| | |
|---|---|
| Preferred shares | $2,425,400 |
| Common shares | 10,065,300 |
| Convertible scrip outstanding | 100 |
| Total | $12,490,800 |

### FUNDED DEBT.

| | |
|---|---|
| First Mortgage Sinking Fund bonds, due November 1st, 1877 | $28,000 |
| First Mortgage 7 per cent bonds, due January 1st, 1893 | 2,888,000 |
| Income bonds, 7 per cent, due January 1st, 1883 | 1,087,000 |
| Consolidated 6 per cent Sterling bonds, due July 1st, 1903, £900,000—say. | 4,379,850 |
| St. Louis, Jacksonville and Chicago R. R. bonds assumed in purchase of road from Roodhouse to Louisiana, First Mortgage 7 per cent, maturing April 1st, 1894 | 564,000 |
| Second Mortgage, 7 per cent, maturing July 1st, 1898 | 188,000 |
| | $8,629,850 |
| Total stock and bonds | $21,120,650 |

The stock and bonds issued by your company represent the cost of lines owned by it and the expenditures made for improvements and rolling stock upon lines held under lease.

In pursuance of the terms under which the several leased lines are held and operated, there has been expended upon them for improvements and additions an aggregate sum amounting to about $4,600,000, which, deducted from the total amount of stock and bonds above stated, leaves a balance of $16,520,650, represented by the lines of railway and other property owned by your company, and by leasehold interests in other lines above designated. The sum last named is equal to about $38,420 for each mile of main track owned by your company.

### GROSS EARNINGS.

| | 1875. | 1876. |
|---|---|---|
| From passengers | $1,252 688 77 | $1,218,820 91 |
| " freight | 3,173,581 43 | 3,541,346 67 |
| " express | 93,880 37 | 98,963 33 |
| " mails | 96,192 36 | 97,969 00 |
| " miscellaneous | 35,470 90 | 3,429 38 |
| | $4,656,763 84 | $4,960,528 69 |

### OPERATING EXPENSES.

| | 1875. | 1876. |
|---|---|---|
| For conducting transp. | $755,481 45 | $722 041 16 |
| For motive power | 729,422 36 | 733,888 96 |
| For maintenance of way | 716,610 00 | 819,863 50 |
| For maintenance of cars | 249,916 45 | 263,303 92 |
| For general expenses | 152,695 08 | 151,963 57 |
| | $2,604,125 34 | $2,691,061 11 |

The increased expenditure for maintenance of way and cars embraces more than the average annual amounts of material and labor, applied in those departments, and the result is an improved condition of the property.

### SUMMARY OF EARNINGS AND EXPENSES.

| | 1875. | 1876. |
|---|---|---|
| Earnings from all sources | $4,656,763 88 | $4,960,528 69 |

| Balance, after deducting ordinary charges | | $261,463 82 |

There has been paid and charged in this account during the year 1876, on account of taxes for 1873 and 1874, and small amounts of bad debts accumulated since 1863, "written out," an aggregate amounting to $238,366 95, leaving a balance of $23,126 87.

For the purpose of representing the remainder of accumulated net earnings from traffic, there should be added to the above balance the amount of a special fund appropriated temporarily from this account, to provide for working supplies. Adding that amount, $500,000, the correct balance of this account is $523,126 87.

This balance was represented at the close of the year, by supplies of various kinds in hand, inventoried at their present cash value, amounting to $393,077 60, and by cash and bills, and accounts receivable, as shown by the General Balance Sheet, herewith reported.

The general assets of the company, at the close of the year, in addition to its railway and equipment, consisting of supplies, fuel, etc., on hand for future use, securities of the Mississippi River Bridge Company, bills and accounts receivable, stock, cash, and cash assets considered good in excess of bills and accounts payable, amount to about $1,325,000, which may be considered the accumulated surplus, in which is included the balance to the credit of Income Account.

The net earnings of the Mississippi River Bridge for the year, based upon rates corresponding with those charged on similar traffic over the bridges at Hannibal and Quincy, after deducting all expenses for operation and repairs, ordinary and extraordinary, amount to $96,760 68, or twelve per cent. of its cost. The net profit derived from traffic during the year after deducting therefrom all fixed charges, rents, taxes and expenses, properly chargeable thereto, is equal to nine per cent. on the share capital of the company, both preferred and common.

### PASSENGER TRAFFIC.

The number of passengers transported during the year was 873,875, an increase of 11,611 or 1.34 per cent. over that of the preceding year, the proportion between through and local passengers, being 5.65 per cent. of the former to 94.35 per cent. of the latter.

The number of through passengers transported shows an increase of 7,491 over that in 1875, of which increase 7,328 was over the Chicago and Kansas City Line.

The number of local passengers transported was, in 1875, 820,098 in 1876, 824,218; an increase of 4,120 passengers.

The average distance traveled by each passenger, in 1875, was 46.70 miles; and in 1876, 47.18 miles.

Average rate paid per mile by all passengers was, in 1875, 3.126 cents; in 1876, 2.956 cents.

Average rate per mile paid by local passengers being 3.319 cents in 1875, and 3.329 in 1876.

Average rate per mile paid by through passengers being 2.583 cents in 1875, and 2.210 cents in 1876.

Average fare paid by all passengers being $1 46 in 1875, and $1 39 in 1876.

Earnings by transportation of passengers from

other roads in 1875, $148,486 08; during 1876, $165,891 77—increase, $17,405 69.

Earnings by transportation of passengers to other roads in 1875, $122,251 93, and in 1876, $138,198 18—increase $15,946 25.

Earnings by transportation of local passengers in 1875, $997,151 56; in 1876, $914,730 96—decrease, $82,420 60.

Number of passengers carried one mile in 1875, 39,913,851; in 1876, 41,231,777—increase, 1,317,926.

The through freight amounted to 281,985 tons; an increase over that of the preceding year of 101,905 tons or 56½ per cent.

The local freight amounted to 1,536,255 tons; an increase of 170,533 tons or 12½ per cent. over that transported in 1875.

The proportion between through and local freights being 14½ per cent. of the former to 85½ per cent of the later.

In 1875, the proportion of through and local freights transported was 11.65 per cent. of the former and 88.35 per cent. of the latter.

The number of tons of freight transported one mile, was, in 1875, 168,923,879 tons; in 1876, 217,835,161 tons. Increase, 48,911,282, or nearly 29 per cent.

The average rate received per ton per mile for transporting freight was, in 1875, 1.878 cents; in 1876, 1.626 cents. Decrease in rate, 0.252 of one cent.

The average distance each ton was transported was, in 1875, 108.63 miles; in 1876, 119.80 miles. Increase, 11.17 miles.

The amount of freight transported to Venice and East St. Louis was in 1875, 183,887 tons; in 1876, 166,826 tons. Decrease, 17,061 tons, or 9.27 per cent.

The amount of freight transported from Venice and East St. Louis was, in 1875, 134 505 tons; in 1876, 149,068 tons. Increase, 14,563 tons, or 10.82 per cent.

The amount of freight transported to Chicago was, in 1875, 647,094 tons; in 1876, 819,472 tons. Increase, 172,378 tons, or 26.63 per cent.

The amount of freight transported from Chicago was, in 1875, 280,202 tons; in 1876, 278,107 tons. Decrease, 2,095 tons, or ¾ of one per cent.

The aggregate mileage of freight cars on your lines, during the year 1875, was 27,840,615; in 1876, 34,262,381. Increase, 6 421,766, or 23 per cent.

The percentage of the whole mileage, loaded and partly loaded, was, in 1875, 69.626 per cent.; in 1876, 68.808 per cent. Decrease, 0.818 of one per cent.

The mileage of empty cars hauled in regular service was, in 1875, 30.374 per cent.; in 1876, 31.192 per cent. The average tonnage of loaded cars hauled in regular freight service was, in 1875, 8 781 tons, and in 1876, 9.336 tons per car.

The average tonnage of all freight cars hauled in regular freight service, loaded and empty, was, in 1875, 6.131 tons; in 1876, 6.441 tons per car.

The whole number of miles run by locomotives during the year was 3,813,586 miles, being 293,742 miles more than in 1875.

The cost per mile run for repairs, wages of engineers and firemen, fuel, oil, waste, cleaning, etc., was 19.24 cents; in 1875, 19.25 cents.

There was consumed in operating your lines 106,729 tons of coal and 6,821½ cords of wood.

Of the whole amount of operating expenses, 62 per cent. was paid for labor and personal services; 36½ per cent. for supplies of various kinds purchased, and 1½ per cent. for miscellaneous expenses.

The number of locomotives and cars upon your lines at the close of the year is the same as last reported, comprising 156 locomotives, 147 of which are constructed for burning coal and 9 for burning wood. Forty-three locomotives are equipped with the Westinghouse Automatic Air Brake, and nine with the same description of air brakes applicable to the driving wheels. The cars owned by your company consist of 98 for use in passenger trains, and 3,080 freight cars of different kinds. Ninety-four of the passenger coaches and other cars designed for use in passenger trains are equipped with the Westinghouse Automatic Air Brake.

### Financial and Commercial Affairs.

Apart from a temporary speculative flurry in the call loan market at the beginning of the current week, the course of Money has been favorable to responsible borrowers, the offerings of accommodation having been largely in excess of the present requirements of the market, whether for use at the Stock Exchange or for commercial purposes. The Spring trade is yet comparatively moderate in most lines, which is reflected by the tameness of the discount market. Speculation at the Stock Exchange has been somewhat brisker, but prominent brokers have met with little difficulty in providing for their wants. Call loans have been generally quoted at 2@4, mainly to the leading street borrowers at 2¼@3½, and very choice to prime mercantile credits at 3½@5 per cent per annum. The City banks, last week, reported a decrease in their specie reserves, as also in the lines of deposits and circulation, with an increase in the legal tender average, and the loan and discount item. The loan and discount average was enlarged $891,400. The item of circulation was cut down $16,500. The deposits fell off $1,369,500, and the legal tender reserve was augmented $511,500. The specie average was diminished $3,140,400.

The City banks reported their average of gold last week at $24,407,900, as against $22,869,800 same date last year; and their greenback average at $43,280,100, as against $45,608,100 on March 19 1876. Their deposits stood at $221,817,900, against $220,581,900 same time in 1876. The loan item was $259,257,100 against $263,866,700 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $12,233,525. as against $14,520,050 the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City bank exchanges in currency reached $391,496,-368 or a daily average of $65,249,395.

The aggregate of the outstanding U. S. currency of all denominations, March 1, was $388,-739,272. The outstanding amount of legal tender notes is $364,239,484. The National bank circulation is now $319,926,570 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $3,674,000.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $43,337,520, against $43,774,320, the preceding week; and a coin hoard of $72,496,237 against $72,643,380 on the previous return. The Customs revenue of the port during the week was $2,018,000.

The income of the Government from internal revenues last week was about 2¾ millions, and since January 1st about 27¼ millions; and from Customs last week about three millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $7,887,729; special deposit of legal tenders for the redemption of certificates of deposit, $37,460,000; Coin, $91,243,882, including of Coin certificates, $50,-531,900.

Another call for $10,000,000 five-twenties for redemption (making the forty-third call) was issued by the Secretary of the Treasury on the 15th inst., making $120,000,000 of the old 1865 Five-Twenties thus far called in, against an equal amount of the new funding loan of 4½ per cent already marketed.

A very moderate business has been reported in gold during the week, with only slight fluctuations in the price. The speculative demand has been comparatively tame. The Customs call has been moderate; and the export drain unimportant. The extremes of the price during the week have been 104⅝@104⅞, closing on Wednesday at 104¾, as against 104⅝ on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2nd. The specie outflow last week was only $127,000, of which $98,-000 (in Spanish doubloons) for Havana, and $29,-000 (in silver bars) for Hamburgh, making the total exports of specie hence since January 1, $3,-212,177 against $10,206,865, the same time in the preceding year. The imports of specie at this port last week were only $11,636, and since January 1st $3,743,658 as against $911,926 same time last year. The Customs demand for gold last week averaged $336,333 per day. Foreign Exchange has been in limited request, and quoted irregular, closing about steady. Bankers' sixty day bills on London closed on Wednesday at $4 83¾@$4 84; sight bills on London at $4 85¾@ $4 86¼ to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $4,797,472 against $4,410,423 same week last year. The week's imports of Dry Goods and general merchandise were to the specie value of $7,-546,561 as against $8,814,247 the corresponding week of 1876.

The week's import entries of Foreign Merchandise at New York included $2,087,600 of Dry Goods and $5,458,951 of General Merchandise.

Government securities have been fairly active, chiefly on investment account; fluctuating slightly in price, mainly in sympathy with the changes in the Gold premium. At the close the market was firm leaving off on Wednesday as follows:

United States currency sixes, 123@123¼; do. 6s, 1881, registered, 112½@112¾; do. coupon, 112⅝@112⅝; do. 1865, registered, 108⅛@108⅜; do. coupon, 108⅛@108⅜; do. new, registered, 108⅛@108⅝; do. coupon, 108½@108⅝; do. 1867, registered, 111½@111¾; do. coupon, 111⅝ @111¾; do. 1868, registered, 113@113½; do. coupon, 113@113½; do. ten-forties registered, 110¼@110½; do. coupon, 111@111¼; do. five-twenties, 1881, registered, 109⅞@110; do. coupon, 109⅞@110; do. 4½ per cents, 1891, registered, 106⅛@106¼; Central Pacific Gold Bonds, 105¾@106.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $339,205,550, and $19,-206,006 as security for public deposits.

State and Railway bonds have been rather more sought after for investment purposes, with prices of the more substantial loans showing firmness. And in the line of Railway and Miscellaneous share property the week's business has been extensive, and the temper of the speculation more decidedly bearish, but toward the close the market was quoted stronger, with a more confident inquiry noted for the favorites of the Share List.

A fairly active movement has been noted since our last in the leading kinds of domestic produce, with Breadstuffs and Provisions ruling stronger; Petroleum, Cotton and Naval Stores weaker in price. The export inquiry for Cotton was more animated, chiefly for shipment to Liverpool, though part for the Bremen market. Spring wheat and new crop Corn have been more sought after by purchasers for the European trade. Shippers in the West India and South American trades bought freely of suitable grades of Flour. The light receipts of Grain at the principal points of accumulation in the interior served toward the close to strengthen the views of holders. Metals have been in generally limited demand and weaker as to values, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $19@$20; No. 2 do. at $17 50@$18; Forge $17 50@$18; American Rails at works $36@$40; Old Rails $18@$19. Wrought Scrap $26@$27. Of Steel Rails, further sales were reported of 4000 to 5000 tons on the basis of about $50 at Tide Water. Ingot Copper was quoted at 19⅜@19½.

Hardware has been quite brisk and quoted firm. Boots and Shoes have been of ready sale at previous prices for seasonable goods. Dry Goods have been in much less request, with domestic Cottons and woolens as well as foreign fabrics quoted heavy and irregular as to values.

Ocean freights have been comparatively tame, with rates quoted lower and weak throughout. The main call for accommodation was from shippers of Cotton, Grain, Provisions, Petroleum, Timber and Lumber. Liverpool steamer rates at the close for Grain 4½d. per 60lb. Provisions, 20s.@ 25s. Tallow, 17s.@6d; Oil Cake, 12s. 6d.@15s.; Leather, 30s.@35s. per ton; Cotton, ⅛d. per lb.; Apples, 8s. per bbl. Liverpool, by sail, Cotton, $\frac{7}{32}$ @⅛d.; Grain, 4½d per 60 lb.; Measurement Goods at 12s. 6d. Grain rates on charter hence for Cork and orders 4s. 7½d.@5s.; for the Continent, 5s. 6d.; and from Baltimore for Cork and orders, 5s. @5s. 6d. per quarter. Refined Petroleum hence for Cork and orders, 4s.@4s. 3d.; for the Continent, 3s. 4½d.@4s. 6d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 52½@56cts. per 100lb.

☞ Despatches from Fort Yuma say that the track of the Southern Pacific Railroad is being rapidly laid across what is known as the Colorado desert, the end of the track being near Castle Rock and about fifty miles from Yuma. The terminal depot is at Dos Palms, near which point an artesian well, 300 feet deep, has been sunk, which yields a copious supply of good water for drinking or steam purposes. A second well has just been sunk twenty miles nearer the Colorado, with the same results. This is of the first importance, as it solves the problem of railroad operation across this 100 mile dry stretch, and also establishes the fact that the valleys heretofore regarded as worthless will be very valuable for agriculture. One thousand men are at work, and the track is expected at Yuma in April.

☞ John King, Jr., has been appointed sole Receiver of the Ohio and Mississippi Railroad Company.

☞ The United States Supreme Court has affirmed the decision of Judge Hopkins of the United States Court for the Western District of Wisconsin, deciding that the bonds issued by Wood county in aid of the Green Bay and Lake Pepin Railroad were valid and must be paid by the county. The bonds amount to about $150,000 besides interest.

☞ In accordance with the decree and order of the court in the suit between John Newell, J. B. Alexander et al. against the New Orleans, Jackson and Gt. Northern Railroad Company, that road was sold at auction on the 17th inst. for $1,050,000, to Mr. Schrieber, who acted for a committee of the consolidated bondholders representing the Illinois Central Railroad Company.

☞ It is stated that the Reading Railroad Company will, on and after the 1st proximo, pay in cash for material incident to its business, and during the next three months will take up the certificates issued during the past winter. The amount of these certificates is about $185,000, and their withdrawal is a gratifying evidence of the improved financial condition of the company.

☞ The survey of the proposed new railroad from Canton, Stark county, Ohio, to Beach City, has been commenced. At the latter place the road connects with the Coshocton Railroad, which puts Canton from thirty to forty miles nearer Columbus. There is every indication that the road will be completed at an early day.

☞ Contracts have been signed for the construction of the Nova Scotia, Nictaux and Atlantic Railway, which is to be run from a station on the Windsor and Annapolis Railway, to a point on the Atlantic coast. Work will be commenced on 1st May next.

☞ The New York and Harlem Railroad Company announces a dividend of two per cent on the preferred and common stock, to be paid from the earnings and profits of the City Line, on the 2d of April next.

☞ Work has been commenced by Messrs. Abbott & Co. on the Eastern Extension Railway of Nova Scotia, connecting the Intercolonial with Cape Breton via Antigonish.

☞ A hundred Chinamen are at work grading the new track from the Amador Branch Railroad to the Ione coal mine. It is expected that the line will be in running order by the 1st of April.

☞ The first trains ran over the first section of the Seattle and Walla Walla Railroad, from Seattle to Renton, a distance of 14 miles, on the 7th inst.

☞ The terminal station of the Southern Pacific Railroad was advanced on the 8th inst. to Castle Rock.

☞ The Dubuque and Sioux City Railroad Company has declared a dividend of one and a half per cent, payable on the 16th of April.

☞ Mr. George C. Wilkins has been appointed Superintendent of the Northern Central Railway.

☞ The route for the proposed railroad from Southbridge to East Brookfield is to be surveyed,

### Railways and Telegraphs in the Argentine Republic.

Yesterday we received the following interesting and valuable communication from Mr. Burton, C. E., of Buenos Ayres, giving a list of all the telegraphs and railways in the Argentine country. It affords evidence of the progress and real condition of that country. Telegraphs are not put up unless they are wanted; railways are not made (except in Canada) unless there is something like fair traffic to carry. We cannot say what sort of property, whether good, bad, or indifferent, the Argentine telegraphs are; but we know something about the railways, belonging to English Companies, the longest and oldest of which is the Buenos Ayres Great Southern. This line is simply a splendid property, and although it started as a Government guaranteed line it has so good a traffic that it threw up the guarantee and pays handsomely out of solid traffic profits, yes, even in dull and difficult times. It usually pays, we believe, from 8 to 10 per cent. per annum dividend, and is one of the best constructed lines in the world. The next longest and oldest, the Central Argentine railway, is guaranteed, and previous to the dull times earned more than its guarantee. We regret to say that this company has some grievances against the Argentine Government, and just now has a small traffic. Still it gives to Shareholders dividends worth receiving, and we cannot but think that its future will be such as to encourage rather than depress enterprise in the Argentine country, which we believe is a place the most rising, its wool clip being equal to that of the whole of Australia, and its general business large. The Northern railway, a short line, is said to be a pretty fair property, and we have heard that the Western railway, belonging to the Government, pays handsomely. It is said, too, that the new and long Tucuman (Government) line will pay well—but we cannot go through the whole list. It is impossible that a country possessing such railways can be the poor place "bears" in England have represented it.—*Herapath, March 3.*

The last two named connect by means of cables the Argentine telegraph system with that of the Western and Brazilian Telegraph Company, the former via Buenos Ayres and Montevideo across the River Plate, and the latter via Concordia and Salto, across the River Uruguay.

The National lines include one hundred miles of military telegraphs south of Buenos Ayres, from Azul to Carhue, under the direct management of the War Department, also a cable to the fortified island of Martin Garcia, and various telegraphs leased to the contractors of Government railways.

The National Direction General of Telegraphs merged into the Post Office Department as a subordinate inspection in April last.

Since the publication of my last report in May, 1874, when Director General, the mileage has increased in line 1193 miles, and in wire 1970 miles. This increase is due almost wholly to the different railways, as the strictly National system has added only 27 miles of line during this period.

Since my arrival in this country eight years ago, to organize the first Governmental section (Telegrafo del Estado, and afterwards the National Telegraphs) the average rate of construction has been in this Republic upwards of 600 miles of telegraph line per annum.

The only constructions at present progressing are the Military and the Buenos Ayres Provincial lines.

Owing to the practical knowledge of the Duplex Morse instrument, which I obtained in England during the winter of 1874, I was enabled to introduce it most successfully on the National Government lines. The transmitting capacity being doubled, the Duplex has become invaluable where the lines possess two conductors only.

### The Coal Trade.

The total tonnage for the week ending on the 10th instant, as reported by the several carrying companies, amounted to 295,245 tons, against 40,347 tons in corresponding week last year, an increase of 254,898 tons. The total amount of anthracite mined for the coal year is 8,089,889 tons against 2,111,608 for same period last year, an increase of 977,781 tons. The quantity of bituminous coal sent to market for the week was 40,745 tons, against 42,313 tons for corresponding week last year, a decrease of 1568 tons. The whole bituminous tonnage from the beginning of the coal year is 487,386 tons, against 478,084 tons in corresponding time last year, an increase of 9302 tons. The total tonnage of all kinds of coal for the week is 335,990 tons, against 82,660 to corresponding date last year, an increase of 253,330 tons, and the total tonnage for the coal year is 3,576,777 tons, against 2,547,879 tons, to same date last year, an increase of 1,029,396 tons The shipments of coal from Port Richmond are increasing. The receipts at Perth Amboy for the week ending on the 10th inst. were 18,328 tons, the shipments 17,911 tons, leaving a stock on hand of 153,933 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first week of March was 81,564 tons, of which 64,119 tons were coal, and 17,445 tons coke. The total carried for the year is 886,517 tons, of which 706,233 tons were coal and 180,284 tons coke. These figures embrace all the coal carried over the road east and west.—*Phila. Ledger, Mar.* 19.

### Maine Central Railroad.

We gave last week a statement showing that while the gross earnings of the road had decreased $55,285 70, the expenses had decreased $105,066 82, making an increase in the net earnings of $49,781 12. We would now add that the liabilities of the company outstanding December 31, 1876, compared with those of the preceding year, show a decrease of $62,735 29. President Coburn says that the Directors are fully satisfied that the financial condition of the road has been very considerably improved during the year, and that when the times improve the road, under judicious and prudent management, cannot fail to give very gratifying returns to its stockholders.

The relations of the company with connecting roads have been harmonious and friendly.

The road has been remarkably free from accident or damage the past year.

Superintendent Tucker in his report states that the total number of miles run by trains during the past year was 1,221,967; decrease in mileage from 1875, 18,018 miles. Number of passengers transported in 1876 was 693,199; tons of freight transported, 382,942.

The amount of rolling stock remains about the same, all of which is in excellent condition.

The number of passengers transported to Boston last year was 31,489. The largest number of passengers transported to any place was to Augusta, the total number being 119,186. To Portland was transported 112,136; Bangor, 52,325; Lewiston upper station, 30,570; Lewiston lower station, 50,258; Waterville, 84,940; Farmington, 15,402; Belfast, 11,722; Bath, 49,140; Brunswick, 20,841; Richmond, 10,445; Gardiner, 30,431; Hallowell, 26,786; Skowhegan, 11,669; Auburn, 12,817; Dexter, 11,301.

The number of miles owned by the Maine Central is 307¼; leased lines, 47½; total miles operated, 355.

### Philadelphia and Reading Railroad.

The following is a corrected statement of the arrangement of the Philadelphia and Reading Railroad Company with its creditors:

1. The interest on the mortgages coming first and second in the order of priority of lien is to be paid in full.

2. The interest coupons on the general mortgage bonds, for three years from July, 1877—i e., the next six ensuing coupons—to be paid one-half in cash and the remaining half in scrip bearing interest, to be paid three years after the date of the respective coupons.

3. All payments of coupons of the debenture bonds to be suspended for the next five years, and scrip bearing interest to be at once given.

4. Ten per cent of the floating debt obligations maturing in April, 1877, to be paid in cash, the remaining 90 per cent to be renewed for the same period as the respective existing notes, and the several creditors to continue to hold the collaterals now in their hands without diminution thereof.

The Ledger, from which the above was obtained, says it is believed that the creditors on floating debt will accept the propositions as to their claims, and that the bondholders, both foreign and domestic, will raise no serious objections to the plan.

### Central Railroad of New Jersey.

At a meeting of the bondholders of the Central Railroad Company of New Jersey, held in this city on the 23d inst., the Receiver read a statement giving the mortgages of the company as follows:—First mortgage, $5,000,000; interest due August 1, $175,000. Convertible, $4,400,000; interest due May 1, $154,000. Consolidated, $15,000,000; interest due April 1, $262,500. Newark and New York, $600,000; interest due July 1, $21,000. Ten year loan, $3,278,000; interest due March 1, $114,730. Due employes, $403,427. He further stated that the first mortgage bonds would be paid and the second would not. Mr. Royal Phelps was appointed chairman of the meeting. A committee consisting of R. L. Kennedy, A. M. Lewis, J. Edgar Johnson, John S. Kennedy and Theodore Dwyer was appointed on behalf of the consolidated bondholders to ascertain and report what steps should be taken to protect their interest.

### Cleveland, Columbus, Cincinnati and Indianapolis Railway.

The gross earnings in 1875 were $3,774,217 28, and the total expenses, including taxes and interest, were $3,273,956 09, leaving a balance of $500,261 19. In 1876, the earnings were $3,676,457 86, the expenses $3,401,922 44, and the balance, after payment of taxes and interest, $274,535 42. The ratio of expenses to earnings in 1875 was 72.25 against 76.20 in 1876. The President in his report says:

The gross earnings have fallen off $97,759 42, and the total operating expenses have increased $74,689 15, compared with the results of the preceding year.

The movement of freight tonnage exceeds in amount that of any former period, and the volume of passenger traffic has also considerably increased.

There have been transported 311,785,948 tons of freight one mile, at the average gross rate of 0.814 cents per ton. This is an increase of more than forty-eight million tons over the movement of 1875, with a decrease in gross earnings of $110,215 99.

The average passenger rate has also fallen below the rate of the preceding year.

As low as were the rates of 1875, it is to be observed that their maintenance upon the traffic of 1876, would have increased the net earnings of the year $711,467 46 l

Early in the Spring a new disagreement arose between the trunk lines, over the export business of the country; the lines engaging in a bitter strife, as each one for itself sought to secure the carriage of a certain proportionate part of this tonnage between competitive Western points and the respective seaboard cities.

And thus the deplorable result for seven months of the twelve, was an enormous through tonnage carried at loss, and with much of the other business of the road injuriously affected by the contest.

The management was powerless to prevent or remedy the trouble, and it was and is impossible to abandon or withdraw from this competitive business, without which the revenue of the road would at once become inadequate.

With all possible watchfulness and proper economy the affairs of the railway have been conducted and its traffic protected. But, as was remarked in the last report, it is only by the restoration and maintenance of a just and reasonable compensation for the carriage of traffic, that net earnings can be increased, and regular dividends, however moderate, be assured.

During the year the bonded debt has been decreased $56,000 00. The total outstanding bonds of the company now amount to $6,114,000 00.

There has been advanced to the Indianapolis and St. Louis Railroad the sum of $205,000 00, and to the Cincinnati and Springfield Railway the sum of $258,499 35.

The construction accounts for the year amount to $400,177 05, and include the cost of completing the Brightwood shops upon the Indianapolis division, and the erection of coal pockets upon the Company's Central Tract Docks at Cleveland.

The Indianapolis and St. Louis and the Cincinnati and Springfield, the roads in which this company is so largely interested, have suffered badly from the demoralised traffic rates of the year.

The consolidated working arrangement between the Indianapolis and St. Louis and the Terre Haute and Indianapolis Railroads has given good results, and has realized in the main, all favorable anticipations. Had the rates of 1875 been maintained upon its freight traffic, the Indianapolis and St. Louis Line throughout the year would have required no advances, and would have shown some surplus earnings.

A similar result would have attended the operations of the Cincinnati and Springfield Line, if upon its traffic the rates of 1875, low as they were, could have been obtained.

In November a consolidated working arrangement took effect, between the Cincinnati and Springfield and the Cincinnati, Hamilton and Dayton Railroads, for a thoroughly effective and economical management of the two lines between Dayton and Cincinnati, and to continue, it is hoped, with good results for the companies and the public.

And with the railway thus benefitted by the strengthening of its leased and connecting lines, and in good order and condition throughout; in better position than ever before, to transport a large traffic cheaply and promptly, there is required for its future financial prosperity but one thing, viz: the re-establishment and continuance of adequate traffic rates; rates which shall yield a reasonable profit above the cost of service.

There has been no parallel to the extraordinary experience of 1876 in the history of the railway.

The line covered with trains, and overburdened with traffic, was worked to its fullest capacity, and yet whilst impossible to obtain actual cost in the work of much of the transportation service the low priced traffic could not have been abandoned without imperiling the best interests of the railway.

A fire in the month of August, destroyed the freight house at Cincinnati of the Cincinnati and Springfield Railway, and consumed a very considerable amount of property stored therein.

It is believed that no responsibility attaches to the company in consequence of this loss.

The freight house has been rebuilt and the terminal facilities of the Cincinnati and Springfield Line have been increased and improved.

The thanks of the board are tendered to the officers and employes for their continued faithful service.

The number of locomotives in service at the close of the year was 140, classified as follows: freight, 86; passenger, 24; switching, 30.

The mileage of the year was: for passenger service, 1,041,270; for freight service, 3,509,424; for construction, fuel and repairs, 132,184—total, 4,682,878, an increase, compared with the preceding year, of 524,287.

The passenger and freight equipment in service at the close of the year was as follows: 38 passenger, 13 smoking, 8 sleeping, 2 parlor, 1 directors', 1 paymaster's, 17 baggage and express, 8 U. S. postal, 1 mail, 1869 box, 256 stock, 658 flat, 677 coal, 63 caboose, 5 derrick, and 2 relief tool cars.

The equipment for the Cincinnati and Springfield line was as follows: 16 locomotives, 15 passenger, 6 baggage, 2 U. S. postal, 100 box, 100 stock, 100 coal, and 10 caboose cars.

The total number of passengers carried was 800,808; of whom 719,042 were way, and 81,766 through. Number of passengers carried one mile, 36,042,780. Average rate per passenger per mile, 2,222 cents against 2 541 cents in 1875, 2.716 cents in 1874, and 3.009 cents in 1873.

The total number of tons of freight carried was 1,745,367; of which 1,129,429 tons were through and 615,938 way. Of the through freight 912,840 tons were carried eastward and 216,589 westward. Of the way freight, 365,544 tons were carried eastward, and 250,894 westward. Total eastward bound, 1,278,384; do. westward do. 466,983. Number of tons carried one mile, 311,785,945. Average rate per ton per mile, 0.814 cents, against 1.005 cents in 1875, 1.192 cents in 1874, and 1.362 cents in 1873.

The renewals for the year embrace the following: 155,064 cross ties, 2,169.76 gross tons Bessemer steel rail, 2,561.88 gross tons re-rolled iron rail, 249,940 lbs. railroad spike, 218,690 iron joint splices, 131,500 lbs. track bolts and nuts, 7,650 repaired rails, and 10,500 cubic yards ballast. 50¼ miles of track were re-laid during the year—23 miles with Bessemer steel rails, and 27¼ miles with re-rolled iron rails.

The general repairs of the track during the year were sufficient to put it in as good condition as usual at the commencement of the winter, but the frosts have proved quite severe on the rail, which will need fully as large renewals for the coming year as usual.

☞ The Chillicothe, Ohio, Advertiser says that a new narrow gauge railroad is contemplated, running from Haydenville on the Columbus and Hocking Valley Railroad to connect with the Dayton and Southeastern Railroad seven miles east of Washington C. H. But little work will be required to construct the roadbed as it is the purpose of the company to follow the course of the Big Pine creek bottom. The road is to run through Adelphi, Kingston and Clarkesburg in Ross county. What is known among civil engineers as a horseback survey, has been made for the road to bring it to Chillicothe to connect with the Dayton and Southeastern Railroad, as it would require thirteen miles less road to reach that point than the point seven miles east of Washington. If the road is constructed to Chillicothe it is to be run down the Kinnickinnick to the Scioto Valley, and thence to the city.

☞ In the U. S. Supreme Court, in the case of Mackall, Jr., vs. Chesapeake and Ohio Railroad Company—error to the Supreme Court of the District of Columbia—it is held that the question of forfeiture by non-user of a privilege granted to a corporation must be determined in a suit by the public authorities, and will not be considered in a suit brought by a private party. Affirmed. Mr. Justice Miller delivered the opinion.

☞ At a special meeting of the stockholders of the Boston, Winthrop and Point Shirley Railroad, in Boston on the 26th inst, the directors were authorized to issue bonds not exceeding $12,000 in amount for five years, bearing interest not exceeding 7 per cent. per annum, to fund the debt of the Company contracted in completing the railroad from Winthrop Junction to Point Shirley.

### Pacific Mail Steamship Co.

The following report was submitted on the 27th inst. to the stockholders of the Pacific Mail Steamship Company by the President:

Office Pacific Mail Steamship Company,
No. 6 Bowling-green,
New York, March 26, 1877.

*To the Stockholders of the Pacific Mail Steamship Company:*

At the meeting of the Board of Directors, held on the 21st inst., I presented the second statement of the business and condition of your company, and was requested to prepare a report. Necessary absence from the City having prevented the completion of such report, I comply with the request of some of the principal stockholders to correct certain false rumors by stating certain facts, which will appear more fully in the report to be made—namely, that since the election of the present directory, on the 31st of May last, the business and income of the company have increased; its expenses have diminished at the rate of over $300,000 a year, and its indebtedness has been diminished at the rate of over $100,000 a month from the earnings of the company, notwithstanding the outlay of over $125,000 in altering and repairing the "City of Tokio," charged to expense account. The builders' mortgages upon the steamships City of San Francisco, City of Sydney, and City of New York, have been discharged. Of the $2,000,000 mortgage bonds executed by the last Board of Directors, none have been sold, and the company is not in default on any of its obligations. The ships and property of the company are in a good and efficient condition.

W. P. Clyde, President.

☞ A meeting of the projectors of the Boston, Wrentham and Providence Railroad was held on the 24th inst., at which it was estimated that the total construction of the line to the Massachusetts border would be $2,100,000, and that the cost of the road completed and equipped for 44½ miles would be $27,000 per mile. A committee was appointed to confer with the officers of the other roads—Mystic Valley, Boston, Lawrence and Haverhill, Newton and Brighton, and Waltham and Watertown. A committee was also appointed to wait upon the General Assembly of Rhode Island, and present for its consideration the necessity of a charter for the Rhode Island portion of the road, with instructions to confer with the landholders of Province court and obtain prices of real estate, etc.

☞ In the United States Supreme Court, in the case of Township of Burlington vs. Beasley—error to the Circuit Court for Kansas—it is held where the statute of Kansas authorized towns or counties to issue bonds to aid in building bridges, in the construction of railroads, water-power, or other works of internal improvement, and where another statute declared all custom grist mills to be public mills, and regulated their management, that bonds issued by a town of that State to aid in the construction and equipment of a steam custom mill owned by an individual, were authorized by the statute. Mr. Justice Hunt delivered the opinion.

☞ The Attorney General of Illinois, in response to a resolution of the railroad committee of the General Assembly, has declared that under the decision of the United States Supreme Court in the granger cases the operators of sleeping cars are common carriers, and their business can be regulated by the Legislature. Bills will accordingly be introduced providing for the control of sleeping car traffic.

### Illinois Central Railroad.

For some time past the holders of Illinois Central Railroad stock, influenced by the prevailing impression that the company had parted with its most valuable lands, and was in other respects deteriorating, have been induced to part with their investments at low figures. The recent operations of the company, however, in purchasing at a foreclosure sale the New Orleans, Jackson and Great Northern Railroad, and the fact that it is without competitor for the purchase of the Mississippi Central Railroad to be soon sold, are calculated to restore confidence in its solvency and future. It will thus have acquired complete control of all the lines between Chicago and New Orleans, and cannot fail to enjoy a very profitable business in transporting the valuable products of the Northwest and Southwest.—*N. Y. Times.*

### Chicago, Burlington and Quincy Railroad.

| Total stock of B. & M. R. R. R. R. Co. outstanding | | 370,432 51 |
| Aggregate amount of stock on both roads outstanding Dec. 31, 1876 | | $27,598,242 51 |

### FUNDED DEBT.

The funded debt of this company at the date of the last report, including the contingent indebtedness of its branch bonds and the bonds of the Burlington and Missouri River Railroad Company was $27,539,575 00

| | | |
|---|---|---|
| Issued during the year, C., B. & Q. 7 per ct. bonds payable 1903, viz: | | |
| Exchanged for other bonds | $1,849,000 00 | |
| Sold to pay other bonded indebtedness of the company, viz: | | |
| C., B. & Q. 8 per cent sinking fund | $18,000 | |
| Northern Cross Scrip paid off | 65,250 | |
| Northern Cross sinking fund paid in 1876, 50,000 | | |
| | 133,250 00 | |
| Sold and applied to payment of construction expenditure, out of the reserve provided for that purpose in the Consolidated Mortgage | 22,750 00 | |
| | $2,005,000 00 | |
| Taken up during the year: | | |
| Bonds of sundry issues as provided in the Consolidated Mortgage | $1,849,000 00 | |
| Purchased under provisions for sinking fund | 86,000 00 | |
| C., B. & Q. Scrip on account of Northern Cross R. R. paid and canceled | 21,750 00 | |
| B. & M. R. R. bond, paid and canceled | 1,000 00 | |
| B. & M. R. bonds converted into B. & M. R. stock | 85,500 00 | |
| | $2,043,250 00 | |
| Decrease of funded debt in the year | | 38,250 00 |
| Funded debt Dec. 31, 1876 | | $27,501,325 00 |

The bonded indebtedness of the Burlington and Missouri River Railroad Company at the end of the year, included in the above statement, was $5,908,850, of which $1,269,000 are convertible into C., B. & Q. stock, and $1,600 are over due bonds not yet presented for payment, the balance constituting the Land Grant Mortgage.

### SINKING FUNDS.

The state of the Sinking Fund for the 8 per cent mortgage, and also for the Land Grant Fund of the B. & M. R. R. R. Co., is fully given in the treasurer's report, and will show that the obligations with regard to these funds have been fully complied with.

### TRAFFIC CONTRACTS.

Under the operation of the traffic contracts the following bonds have been bought in the year:

| | | |
|---|---|---|
| Chicago and Iowa Railroad: | | |
| From business of 1875, $60,000, costing | | $54,651 63 |
| From business of 1876, $72,000, costing | | 71,905 30 |
| | | $126,556 93 |
| Kansas City and Cameron R. R.: | | |
| $57,000, costing | $57,968 13 | |
| Less $15,000 sold | 14 616 67 | |
| | | 43,346 46 |
| Total | | $169,903 39 |

All of which have been placed in C., B. & Q. 8 per cent Sinking fund.

Proposals have been invited for all other bonds as required by the several traffic contracts, with the exception of those of the Burlington and South Western Railroad Company, as to our obligations to purchase which there are some questions pending; but none others have been offered.

We have similar obligations to meet in the future; but from our past experience, we have every reason to believe that these engagements will not produce serious inconvenience. It was the theory of such contracts that we would only be investing in railroad bonds the profits on business which we would not otherwise get.

The entire property of the company and its liabilities December 31, 1876, were:

| | | |
|---|---|---|
| Permanent investment, bills and accounts receivable, cash and materials on hand for future use | | $63,736,941 39 |
| Capital stock | $27,598,242 51 | |
| Bonds | 27,501,325 00 | |
| Accounts payable | 414,232 40 | |
| Bills payable (of which for account St. L., R. I. & C. R. R. $1,985,083 05) | 2,043,575 00 | |
| | | 57,557,374 91 |
| Making net assets over liabilities as before stated | | $6,179,566 48 |

### COMPARISONS.

| | |
|---|---|
| The number of miles of road, including branches and leased roads at the beginning of the year, was | 1297 |
| Quincy, Alton and St. Louis Railroad, leased February 1, 1876 | 46 |
| Number of miles at the end of the year | 1343 |
| Average number of miles operated during the year | 1339 |
| Average number of miles operated in 1875 | 1268 |

The St. Louis, Rock Island and Chicago Railroad was acquired October 1, 1876, but the accounts of that company have been kept distinct from those of this company, and are not included in this report:

| | | |
|---|---|---|
| The gross earnings, excluding interest and exchange, in 1876, were: | | |
| Freight | $8,821,225 16 | |
| Passengers | 2,653,888 54 | |
| Miscellaneous | 528,836 75 | |
| | | $12,003,950 45 |
| In 1875— | | |
| Freight | $8,502,617 37 | |
| Passengers | 2,677,942 44 | |
| Miscellaneous | 557,888 36 | |
| | | 11,738,488 17 |
| Showing an increase in 1876 of | | $265,502 28 |
| The expenses in 1876, including rentals and taxes belonging to this year's account (and excluding deferred tax on capital stock for 1874, paid in this year, viz., $138,808 63), were | | $6,813,999 82 |
| The expenses in 1875, including rentals and taxes, were | | 6,518,644 08 |
| Showing an increase in 1876 of | | $295,855 74 |

The whole cost of steel rails used in relaying tracks has been charged to operating expenses in 1876. Heretofore the difference of cost of steel over iron has been charged to construction account.

| | |
|---|---|
| The net earnings in 1876, after deducting rentals and taxes accruing in this year, were | $5,189,950 63 |
| The net earnings in 1875 were | 5,219,804 09 |
| Showing a decrease in 1876 of | $29,853 46 |
| The total number of passengers carried in 1876, exclusive of mileage and season tickets, was | 2,215,883 |
| In 1875 | 2,019,484 |
| Showing an increase of | 196,299 |
| The total number of tons of freight hauled in 1876 were | 2,892,614 |
| In 1875 were | 2,711,992 |
| Showing an increase in 1876 of | 180,622 |

Although the amount of business, both passenger and freight, has increased, it will be seen that the earnings have not increased correspondingly. This has been largely due to the reduction of

rates, through the acceptance by this company of the provisions of an act of the Legislature of Iowa relieving railroad companies, their agents and employes from all prosecutions, fines and forfeitures for non observance of the act known as the "Railroad Tariff Law," on condition that the railroad companies operate their roads for a period of two years, provided the law shall remain in force during that time, under and in accordance with the schedule prescribed by said law.

The fines and penalties for non-compliance with the law are very severe; and as the suits between the States of Iowa and Illinois in the United States Supreme Court, referred to in the last report, were still undecided, the Directors considered that their duty to the stockholders required them to accept the act above referred to, rather than incur the risk of the decision being possibly adverse to the company. The decision of the court has not yet been rendered.

During the year the suit enjoining the collection of the tax upon capital stock for the year 1874, and pending in the United States Supreme Court at date of last report, has been determined This tax was for $191,725 77. Of this amount $138,808 63 was contrary to our expectation, adjudged to be due, and has been paid.

The tax on capital stock for 1875, amounting to $129,537 27, was enjoined in the Illinois State Courts. This suit, as well as that enjoining the tax for 1878, for $228,287 37, also in the State Court, both pending upon other questions not heretofore raised, it is expected will be determined during this year.

### SPECIAL MEETINGS OF STOCKHOLDERS.

At the special meeting of the stockholders called by the Directors to act upon the revision of the by-laws, and especially with reference to regulating the action of the Board in regard to leases and extensions, the by-laws were revised and adopted as printed herewith—134,799 shares voting in favor of and 783 shares voting against their adoption.

It will be observed that the date of the stockholders' meeting has been changed to Wednesday after the fourth Monday of March, to give time for the preparation and distribution of the annual report among the stockholders prior to the annual meeting.

A special meeting of the stockholders was also held December 11, being called by the Directors for the purpose of laying their action before the stockholders, in acquiring the St. Louis, Rock Island and Chicago Railroad.

In the circular notice of this meeting to the stockholders, the Directors stated the influences that actuated them in acquiring the road, and submitted a plan for paying for it.

The resolution printed herewith was adopted, 155,624 shares voting in favor of and 420 shares against it.

### BRANCHES AND NEW CONSTRUCTION.

In accordance with the authority thus conferred arrangements have been made for a lease of the road to this company at a fixed annual rental of $175,000, for the period of its charter, with provisions for renewal, so that in effect the lease will be in perpetuity.

Arrangements are in progress for providing means to pay the amount already expended, viz: $1,985,083 05, and for the renewals immediately wanted, by the sale of $2,500,000 C., B. and Q. 5 per cent bonds.*

These bonds will be secured by an equal amount of bonds of even date of the St. Louis, Rock Island and Chicago Railroad Co., bearing 7 per cent. interest per annum, secured by a first mortgage on said road and equipment, and deposited with Trustees, who will be authorized to apply the difference between the 7 per cent. interest received and the 5 per cent. interest paid, to the purchase of such 5 per cent. bonds upon public proposals as may be offered at a cost not exceeding par and interest, thus absorbing the whole issue of the 5 per cent. bonds within twenty-five years.

The sale of these bonds will provide for the immediate reduction of the item of bills payable.

The road extends from the junction with the Chicago and Northwestern Railway, near Sterling, to Rock Island, and thence to St. Louis, having a joint interest with the Chicago and Northwestern Railway, from Sterling to the junction, a distance of 5 2-10 miles, and using the Chicago, Rock Island and Pacific Road near Rock Island, for a distance of twelve miles, and the Indianapolis and St. Louis Road, near St. Louis, for a distance of twenty miles, under running arrangements with those companies, with a branch extending from Sagetown, on the main line of the C. B. and Q. Road, to Keithsburg, a distance of eighteen miles, in all 270 miles of road absolutely acquired, besides rights over roads above referred to.

The equipment bought with the road consisted of thirty engines, fourteen passenger cars, six baggage and mail cars, fifteen way cars and 897 freight cars.

The main line of the road crossed the main line of the C. B. and Q road at five places, diverting the business and reducing rates. The control of the road by this company makes it a feeder to the main line, and allows the establishment of steady and reasonable rates in place of the fluctuating and low rates that have prevailed throughout the district traversed by it.

The advantages from this, together with that of having under our control a connection with St. Louis, were such as left no doubt in the minds of the Directors as to the expediency of acquiring the road at the price paid for it.

Reference was made in the last report to a preliminary contract for the perpetual lease of the Quincy, Alton and St. Louis Railroad. This contract has since been carried into execution, and at a fixed rental of $42,000 per year, dating from February 1, 1876.

Nothing has been done during the year in the matter of bridge at Clinton, the affairs of the Chicago, Clinton and Dubuque Railroad being still in an unsettled condition, and thus preventing any permanent arrangement in regard to its business, pending which it has been thought advisable to defer any expenditures at Clinton.

The Construction and Equipment Account has been increased during the year:

| | |
|---|---|
| For road and buildings | $307,345 79 |
| For equipment | 72,017 50 |
| | $379,363 29 |

### TRACK AND EQUIPMENT.

The track and equipment have been well kept up; 72 14-100 miles of track have been relaid with steel rails during the year—40 54-100 in Illinois and 31 60-100 in Iowa—the whole cost of which has been charged to operating expenses.

The total number of miles of steel rails now in the road is 461 1-10.

Between Chicago and Burlington there are 18 2-10 miles of iron in the main track; between Burlington and Plattsmouth, 149 2-10 miles; between Galesburg and Quincy, 41 miles; and between Galesburg and Peoria, 44 5-10 miles—making in all 252.9 miles to be relaid with steel rails, to complete the main line and the branches from Galesburg to Quincy and Peoria.

The amount paid for car service within the year, over amount received for use of our cars by other companies was $149,431 63; which fact, coupled with the very low present prices of rolling stock make it, in the opinion of the Board, desirable to add gradually to our rolling stock.

### LAND DEPARTMENT.

The lands unsold at date of last report were 60,371.55 acres.

| | Acres. | | |
|---|---|---|---|
| Gross sales in the year | 31,701.69 | for | $405,209 22 |
| Cancelled | 16,126.24 | for | 205,587 31 |
| Net sales | 15,575.45 | for | $199,621 91 |

Lands remaining unsold December 31, 1876, 44,796.10 acres.

| | |
|---|---|
| The gross cash receipts for this department have been | $327,900 35 |
| Disbursements | 47,187 43 |
| Balance | $280,712 92 |

Of which $265,078 08 has been paid to the Trustees in the Burlington and Missouri River Land Grant Mortgage.

The general result of this Department at the end of the year is as follows:

| | |
|---|---|
| Due on principal represented by contracts on hand | $2,898,116 62 |
| Due for interest on those contracts | 679,893 49 |
| Tax certificates on hand | 11,887 97 |
| Bills receivable on hand | 7,181 11 |
| Paid Treasurer C., B. and Q. R. R. Co. for sinking fund | 1,121,435 47 |
| Acres remaining, 44,796.10, estimated at $5 per acre | 223,980 50 |
| | $4,941,995 16 |
| From which deduct special deposit (partial payments) | 44,431 85 |
| Leaves an estimated result of this department of | $4,897,563 31 |
| To meet bonds issued under land grant mortgage, of which there is outstanding | $5,058,350 00 |

### SUMMING UP.

In summing up results it will be seen that we have passed through a year of great dullness in general business; but, with the help of fair crops in the country through which the road passes, have accumulated a surplus beyond our usual dividend of $239,023 41, which has been used in paying $194,082 into our Sinking Fund; and the balance, $144,941 41, has been used for new construction in Iowa.

We have our main track in Illinois nearly all relaid with steel, and are steadily replacing iron with steel on the main line in Iowa.

Our road and equipment are in good order, but some additional rolling stock is required. What funds we need for equipment and construction in Illinois we can raise, when necessary, by selling 7 per cent. Consolidated Bonds, authorized by our mortgage for that purpose.

For construction in Iowa no bond fund is provided; and we must look for money needed for such construction to future surplus earnings, or must realize it from the assets which now represent the surplus of past years, as we have heretofore done; but, as an offset to this drain upon our resources, our Land and Land Fund in Iowa have given very satisfactory additions to the Sinking Fund for meeting our Land Mortgage Bonds upon that portion of our road.

* Since the date of this report, $2,200,000 C., B. and Q. 5 per cent. Bonds have been sold under public proposals, netting $1,925,000.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio of the Portsmouth, Ironton and Huntington Railroad company, from Portsmouth, Ohio, to the mouth of Symmes creek, opposite Huntington, Virginia, capital stock $500,000, by William Q. Adams and others.

☞ The gross earnings of the Philadelphia and Erie Railroad for the month of February, 1877, were $198,402 30, the expenses, $150,196 67, and the net earnings $48,205 63—an increase over the net earnings of the previous year of $10,683 86.

☞ A decree was entered by Judge Welford in the Circuit Court of Richmond, Va., on the 26th inst., for the sale of the Chesapeake and Ohio Railroad. The sale is to be made after ninety days' notice by Gen. Wickham, Receiver.

### Financial and Commercial Affairs.

Though business at the Stock Exchange and in the mercantile line has been more active, the Money market has been in a remarkably easy position all through the week, with a supply of money available to really responsible borrowers largely in excess of their requirements, even at the very low rates which are quoted from day to day, almost uniformly without disturbance of the nominal figures. Call loans have been generally quoted at 2@4, mainly to the leading street borrowers at 2@3, and very choice to prime mercantile credits at 3½@5 per cent per annum. Some outflow of currency to the interior is noted, but not of much magnitude. The City banks, last week, reported a decrease in their specie reserves, with an increase in other averages. The loan and discount average was enlarged $483,100. The item of circulation $163,100. The deposits $2,100, and the legal tender reserve $1,173,900. The specie average was diminished $2,016,700.

The City banks reported their average of gold last week at $22,891,200, as against $21,504,000 same date last year; and their greenback average at $44,454,000, as against $43,773,900 on March 26, 1876. Their deposits stood at $221,829,000, against $214,181,600 same time in 1876. The loan item was $259,690,200 against $261,254,000 a year ago.

The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $11,390,200, as against $12,283,525 the preceding week, and $24,781,800 on January 27 (which latter was the highest aggregate reached this year.) The City

bank exchanges in currency reached $401,460,872, or a daily average of $66,910,145.

The aggregate of the outstanding U. S. currency of all denominations, March 1, was $388,789,272. The outstanding amount of legal tender notes is $364,239,484. The National bank circulation is now $317,115,035 of currency notes and $1,428,920 of national gold bank notes.

National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,608,000.

The U. S. Sub-Treasury in this city closed the week with a currency balance of $44,017,735, against $43,337,520, the preceding week; and a coin board of $72,808,974 against $72,496,237 on the previous return. The Customs revenue of the port during the week was $1,924,000.

The income of the Government from internal revenues last week was about 2⅛ millions, and since July 1, 1876, about 84¼ millions; and from Customs last week about 2¾ millions, and since July 1, 1876, about 95½ millions.

On Wednesday of this week the cash balances of the Treasury Department at Washington at the close of the day were: of Currency $7,827,916; special deposit of legal tenders for the redemption of certificates of deposit, $38,030,000; Coin, $89,723,259, including of Coin certificates, $49,466,100.

Another call for $10,000,000 five-twenties for redemption (making the forty-fourth call) was issued by the Secretary of the Treasury on the 27th inst., making $130,000,000 of the old 1865 Five-Twenties thus far called in, against an equal amount of the new funding loan of 4½ per cent already marketed.

Gold has been quoted a trifle higher, on, however, a comparatively tame market. The Customs call has been light for the season; and the export drain again unimportant. The extremes of the price during the week have been 104¾@105, closing on Wednesday at 104¾, as against 104¾ on Wednesday of the preceding week. The lowest point yet touched was 104¼, on Friday, March 2d. The specie outflow last week was only $131,428, (of which $77,428 in Mexican silver coin to Liverpool, $40,000 in American gold coin to Puerto Cabello, and $14,000 in gold to Panama,) making the total exports of specie hence since January 1, $3,343,805 against $11,630 959, the same time in the preceding year. The imports of specie at this port last week were up to $968,107, (of which $854,070 in silver bars from Liverpool, and $102,350 in silver coin from Vera Cruz,) and since January 1st $4,711,765 as against $1,167,212 same time last year. The Customs demand for gold last week averaged $320,667 per day. Foreign Exchange has been moderately sought after, and quoted generally steady. Bankers' sixty day bills on London closed on Wednesday at $4 83½@$4 84; sight bills on London at $4 85½@$4 86 to the £ sterling. The week's exports of Domestic Produce have been to the currency value of $3,952,107 against $4,449,173 same week last year. The week's imports of Dry Goods and general merchandise were to the specie value of $7,638,271 as against $5,610,582 the corresponding week of 1876.

A somewhat freer movement has been reported in Government securities chiefly, on investment account, but prices have been fluctuating slightly from day to day, partly in sympathy with the changes in the Gold premium, but mainly by the reports and rumors as to the progress of the refunding business of the Treasury Department. At the close the market was quite firm, leaving off on Wednesday as follows:

United States currency sixes, 123⅛@123⅜; do. 6s, 1881, registered, 111⅛@111¾; do. coupon, 112¼@112½; do. 1865, registered, 108⅛@108⅛; do. coupon, 108⅛@108⅛; do. new, registered, 108¼@108½; do. coupon, 108¼@108½; do. 1867, registered, 111⅛@111⅜; do. coupon, 111⅛@111¼; do. 1868, registered, 113@113½; do. coupon, 113@113½; do. ten-forties registered, 110¼@110½; do. coupon, 111@111¼; do. five-twenties, 1881, registered, 110@110¼; do. coupon, 110@110¼; do. 4½ per cents, 1891, registered, 106⅛@106¼; Central Pacific Gold Bonds, 106@106¼.

The amount of U. S. bonds held by the Treasurer of the United States, as security for the National Bank circulation, is $340,194,600, and $19,228,000 as security for public deposits.

The week's import entries of Foreign Merchandise at New York included $1,946,801 of Dry Goods and $5,691,470 of General Merchandise.

State and Railway bonds have been moderately active, with prices of the more substantial loans quoted generally firm. And in the line of Railway and Miscellaneous share property the week's business has been on a more liberal scale, and the temper of the speculation, which opened unpromisingly enough, toward the close was indicative of some revival of confidence in values.

General business has been somewhat brisker in the more important kinds of domestic produce, partly on export account, with values, however, yet showing much irregularity.

Metals have been more freely dealt in, with Eglinton Pig Iron quoted at $24 75@$25; Glengarnock $26; Coltness $26 50@$27; No. 1 American Pig at $19@$20; No. 2 do. at $18@$19; Forge $17 50@$18; American Rails at works $35@$38; Old Rails $18@$19. Wrought Scrap $26@$27. Of Steel Rails, further sales were reported of 4,000 tons on the basis of about $50 50@$51 at the mills. Ingot Copper was quoted at 19¼@19⅜.

Hardware has been fairly active on a firm basis as to prices. Boots and Shoes have been in very good request, with prices for seasonable goods quoted strong. Dry Goods have been moderately sought after, with domestic Cottons and woolens as well as foreign fabrics showing depression and irregularity as to values.

Ocean freights have been somewhat brisker, but again quoted generally lower and weak. Liverpool steamer rates at the close for Grain 4d. per standard bushel. Provisions, 15s.@20s. Tallow, 15s.; Oil Cake, 12s. 6d.@15s. Leather, 30s. per ton; Cotton, ⅛d. per lb.; Apples, 8s. per bbl. Liverpool, by sail, Cotton, 3/32@⅛d.; Grain, nominal. Measurement Goods at 12s. 6d. Grain rates on charter hence for Cork and orders 4s. 6d.@4s. 9d.; for the Continent, 5s.@5s. 6d.; and from Baltimore for Cork and orders, 5s.@5s. 6d. per quarter. Refined Petroleum hence for Cork and orders, 8s. 9d.@4s.; for the Continent, 8s.@4s. 3d. per bbl. Provisions on through freight account, by rail and steam, from Chicago, for Liverpool, now quoted at 50cts. per 100lb.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

### Redemption of Five-twenty Bonds.

The Secretary of the Treasury on the 27th inst. issued the forty-fourth call for the redemption of five-twenty bonds of 1865—May and November. The call is for $10,000,000, of which $9,500,000 are coupons and $500,000 registered bonds. The principal and interest will be paid at the Treasury on and after the 27th day of June next, and interest will cease on that day. The following are descriptions of the bonds :

Coupon bonds—$500, No. 42,801 to No. 46,000, both inclusive ; $1,000, No. 121,001 to No. 132,000, both inclusive.

Registered bonds—$5,000, No. 7,494 to No. 7,600, both inclusive.

### The Four and a Half per cent Loan.

A dispatch dated Washington, March 28th, says that the Treasury Department has reason to believe that the entire amount of the 4½ per cent loan will be taken before the meeting of Congress in December. One hundred and thirty millions of the amount have already been placed, about half of which is subscribed for in Europe, leaving one hundred and seventy millions to be placed. Only $20,000,000 of the five-twenties of May and November are now outstanding. After these are called in the Treasury will begin on the January and July, 1865, six per cent bonds. About $150,000,000 of these will have to be called in to complete the placing of the 4½ per cent loan.

☞ Chancellor Runyon, of New Jersey, has passed an order directing receiver Lathrop, of the Central Railroad of New Jersey, to pay dividends, now due and to become due 1st April, on the stock of the South Branch and Newark and New York Railroads, payments to be made only on stock now paid by the Central Railroad Company.

### New York and Long Island Bridge Co.

The directors of the New York and Long Island Bridge Co., at a meeting held in this city on the 28th inst., made the following awards, viz : to the Delaware Bridge Co., of which Charles Macdonald is President, the sum of $1,000 for the best design submitted and adopted.

The sum of $500 was awarded for the second best design to Clarke, Reeves & Co., of Philadelphia, and the third, of $250, was given to Flad & Co., of St. Louis, Mo.

The design submitted by the Delaware Bridge Company, and adopted by the directors, for the proposed bridge spanning the East River at the foot of Seventy-seventh street, New York, and across Blackwell's Island to the Long Island shore, consisting of two main spans of 735 feet and 620 feet respectively, together with viaduct approaches on the New York and Long Island sides.

☞ A decision of considerable importance has been rendered by Judge Blatchford, touching the right of the United States Government to tax the interest on bonds of American corporations payable to foreign owners. Such a tax had been assessed on the Erie Railway Company for interest payable during the years 1865 to 1869, inclusive. Judge Blatchford was unable to sustain the assessment. In effect he declared the tax in question to be an income tax, which could only be collected from persons within the jurisdiction of the United States. The tax could not be regarded as one for the collection of which the government could make an agent of the company.

☞ We learn from St. Albans that a settlement, satisfactory to all parties, has been effected between the Managers of Central Vermont Railroad and the Ogdensburg and Lake Champlain Railroad Company of all pending difficulties with reference to the settlement of claims for improvements, etc., put upon the Ogdensburg and Lake Champlain Railroad by the lessees since 1870, involving between $250,000 and $300,000. The lease for twenty years has been canceled, and the road will in future be operated in harmony with the Central Vermont Railroad, having its terminus at Rouse's Point.

☞ A trial was had at Bridgeton, N. J., on the 28d inst. of a Silsby Steam Fire Engine which has recently been purchased for that city. Three minutes after the fire was kindled in the engine the steam gauge indicated five pounds of steam, and in six minutes water was forced through 150 feet of hose a distance of 175 feet, with a 1⅛ inch nozzle. Double streams were then thrown 150 feet, and with four streams the distance was but little decreased. A stream was then played through a thousand feet of hose a distance of 150 feet, with 75 pounds of steam pressure. The trial was very satisfactory to all interested.

☞ N. A. Cowdrey, of New York, and Adolph Paul, of St. Louis, have been elected directors of the Pacific Railroad of Missouri, to fill vacancies occasioned by the resignation of T. B. Edgar and J. L. Stephens.

☞ City of Portland Bonds to aid the construction of the Atlantic and St. Lawrence Railroad, due April 1, 1877, and made payable in Boston, will be paid at the Blackstone Bank.

### Baltimore and Cumberland Valley Railroad.

The Western Maryland Railroad Company is now making active preparations for the construction of a line of railroad into the rich agricultural and mineral regions of the Cumberland valley, to be known as the Baltimore and Cumberland Valley railroad. The project has been quietly on foot for sometime, awaiting the surveys and other preliminaries, and has now attained such a shape that the work of construction will be commenced at an early day. The new road is to connect with the Western Maryland railroad at Smithsburg Station, seventy-eight miles from Baltimore, and run through Waynesboro', Pa., to Chambersburg, there connecting with the Cumberland Valley railroad. The line is a very direct one, twenty-one miles in length, and traverses the western valley of the Blue Ridge for several miles through a beautiful and picturesque country.

The preliminary surveys were completed several weeks ago, directed personally by J. M. Hood, president of the Western Maryland railroad. A corps of four engineers, with eight assistants, are now permanently locating the roadbed. It was expected that their operations would be completed by Saturday next, but doubtless the bad weather of this week will detain them a few days further. Residents along the line have freely granted the right of way, and liberal offers of subscription to the capital stock have been received from the people, who en masse desire the speedy completion of the promised facilities. The right of way through Waynesboro' and Chambersburg had to be acquired by purchase. President Hood has given the enterprise his unremitting attention, and is greatly satisfied with the works as far as accomplished. Maps of the new route and the surrounding country, embracing Franklin co., Pa., and a portion of Western Maryland, have been printed.

The road will be a single track, steel rail, the entire cost not to exceed $250,000. There will be no deep cuts nor heavy grading, and the only bridges will be over the Antietam creek, which is crossed twice. It is expected that the road will be completed and in full operation by December next.

This new line of railroad is one of greater importance to Baltimore than might at first appear. It places the market of Baltimore sixty-five miles nearer to the Cumberland valley, with its great agricultural wealth, than to the market of Philadelphia, where it now reverts. The Cumberland valley is well known for its generous soil and grain producing capacity. The country is a broad view of farm houses clustering in the distance, with broad and highly tilled fields. The great agricultural and general business centre of the Cumberland valley will thus be placed in direct communication with Baltimore, which, by the advantage of a line sixty-five miles shorter, must secure a valuable share of a large trade little or none of which now reaches this market. This trade formerly belonged to Baltimore, but was diverted to Philadelphia some twenty years since by the construction of the Cumberland Valley railroad.

In this connection may also be mentioned the probability of an early connection of the Hanover Junction, Hanover and Gettysburg railroad, with the Western Maryland railroad at Reisterstown Station, which will also add largely to the business of the Western Maryland railroad and to the trade of Baltimore. It has been the chief aim of President Hood during his able management to encourage new feeders for the Western Maryland trunk line, which has been secured at a cost of nearly $5,000,000, and which has capacity and terminal facilities for conducting many times its present business.—*Balt. Sun, Mar* 22.

### The Coal Trade.

The total tonnage for the week ending on the 17th instant, as reported by the several carrying companies, amounted to 265,099 tons, against 84,984 tons in corresponding week last year, an increase of 180,164 tons. The total amount of anthracite mined for the coal year is 3 351,499 tons against 2,269,986 for same period last year, an increase of 1,081,563 tons. The quantity of bituminous coal sent to market for the week was 40,733 tons, against 55,568 tons for corresponding week last year, a decrease of 14,835 tons. The whole bituminous tonnage from the beginning of the coal year is 528,117 tons, against 547,635 tons in corresponding time last year, a decrease of 19,518 tons. The total tonnage of all kinds of coal for the week is 305,832 tons, against 140,502 to corresponding date last year, an increase of 165,330 tons, and the total tonnage for the coal year is 3,879,616 tons, against 2,817,571 tons, to same date last year, an increase of 1,062,045 tons The shipments of coal from Port Richmond are increasing. The receipts at Perth Amboy for the week ending on the 17th inst. were 19,008 tons, the shipments 20,549 tons, leaving a stock on hand of 152,911 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the second week of March was 85,540 tons, of which 67,470 tons were coal, and 17,070 tons coke. The total carried for the year is 971 057 tons, of which 773,703 tons were coal and 197,354 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, Mar.* 26.

☞ An act has been passed by the Pennsylvania Legislature, and signed by the Governor, which provides for the protection of railway passengers from the inconveniences, annoyances and dangers that have arisen in other States, and in a few cases in Pennsylvania, from the abandonment of locomotives by engineers when a trip was partially completed. Under this law combinations which attempt to interrupt railway travel will be punishable with fine and imprisonment. Similar laws have also been passed recently in Delaware, New Jersey and Michigan.

☞ The Legislature of the State of Delaware has passed a law making it a penal offense for any railway engineer to abandon his engine upon the track in case of a strike. The law also forbids, under penalty of fine and imprisonment, railway employes from refusing to transport over their own roads cars received from connecting roads, and the coercion or bribery of other employes to abandon the service of the company.

☞ The Fond du Lac (Wis.) Commonwealth states that work upon the Fond du Lac, Amboy and Peoria Narrow Gauge Railway will be resumed April 1st. The financial wherewith has been arranged for, and Messrs. Kinyon & Sherman, the contractors, will push the enterprise with vigor. An early completion of the line to Iron Ridge will result.

☞ One hundred thousand tons of Scranton Coal were sold at auction in this city on the 28th inst. by order of the Delaware, Lackawanna and Western Railroad Company. Prices showed a falling off of nearly 25 cents per ton on an average. This is owing to 240,000 tons being thrown on the market by the Pennsylvania Coal Company a short time ago. The prices realised were: steamboat, 2 70@2 82½; grate, 2 77½@2 70; egg, 2 90@2 80; stove, 3 27½@3 20; chestnut, 2 80@2 82½. Last month's prices were: steamboat, 2 80@2 85; grate, $2 77½; egg, 2 90@2 95; stove, 3 45@3 52½; chestnut, 3 17½@3 20.

☞ A certificate of incorporation has been filed with the Secretary of State of Ohio of the Miami Valley and Columbus Railway Company, from Columbus to Waynesville, Warren county, capital stock $500,000. The incorporators are F. C. Session, Franklin county; Samuel McClintock, Madison county; A. J. Christopher, Green county; J. McKay, Clinton county, and Seth S. Haines, Samuel Irons and David Allen, Warren county.

☞ A bill has passed both branches of the Virginia Legislature providing for the lease of the James River and Kanawha canal for twenty years to Mason, Shanahan & Randolph, who obligate themselves to extend the canal from Buchanan, Botetourt county, its present terminus, to Clifton Forge, in Rockbridge county.

☞ The officers of the Pennsylvania Railroad Company, elected on the 28th inst., are: President, Thomas A. Scott; First Vice President, George B. Roberts; Second Vice President, Edmund Smith; Third Vice President, A. J. Cassatt; Secretary, Joseph Leslie, and Treasurer, Bayard Butler.

☞ We invite attention to the Advertisement in another column of Mr. James Clayton, Manufacturer of Fly Wheel and Direct-Acting Steam Pumps, Air Pumps, Vacuum Pumps, Air Compressor Pumps, etc., Nos. 14 and 16 Water Street, (Near Fulton Ferry), Brooklyn, N. Y.

☞ The original stockholders of the Missouri Pacific Railroad have elected a Board of Directors, with R. L. Cutting for President, and will continue to fight against the alleged fraudulent mortgage under the foreclosure of which the road was recently sold.

☞ Thomas A. Scott, Josiah Bacon, Wistar Morris, John M. Kennedy, Alex. J. Derbyshire, Samuel M. Felton, Alexander Biddle, N. Parker Shortridge, Henry M. Phillips, and John Scott, have been elected directors of the Pennsylvania Railroad Company.

☞ The Cincinnati and Eastern Narrow Gauge Railway and the Scioto Valley Railroad will build on the same roadbed the first eight miles north of Portsmouth.

☞ The Jacksonville, Pensacola and Mobile, and the Florida Central Railroads, will be sold at Talahassee, Florida, on the 24 of April.

☞ The Clove Hill Railroad will be sold at Richmond, Va., on the 4th of April.

☞ Judge Drummond has denied the motion for a Receiver of the Wabash Railroad.

### American Steamship Co.

At the annual meeting of the American Steamship Co., held in Philadelphia on the 2d inst., the following gentlemen were elected directors for the ensuing year: Henry D. Welsh, President; Josiah Bacon, B. H. Bartol, John Price Wetherill, D. B. Cummins, M. Baird, N. Parker Shortridge, Strickland Kneass, Wm. D. Winsor, G. B. Roberts, George N. Allen. It was voted to accept the proposition of the Pennsylvania Railroad Company to receive $500,000 in stock of the company at par in payment of the indebtedness of the Steamship Company.

From the report which was presented, it appears that during the year 1876 the four steamships made 34 round trips with the following results: receipts from freight, $745,452 45; from passengers, $317,153 45; from other sources, $2,437 43—total, $1,065,043 33. The disbursements for operating expenses were $791,516 05; and for shore expenses $121,724 01—leaving a gain of $151,803 27; to which is to be added the company's proportion of gain on three round voyages of steamship Lord Clive, under joint charter with the International Navigation Company, $598 57, making a total gain of $452,401 84, from which is to be deducted the expenses of the general office, $6,252 16; expenses of Centennial exhibit, $735 11; gratuity to widow of chief engineer, steamship Indiana, $500—total, $7,487 27, leaving a gain for the year of $144,914 57.

A comparison of the operations of the steamers with the previous year, in which the same number of round voyages was made, shows, in receipts, a decrease in freight of $45,686 14, and an increase from passengers of $28,844 31, and from miscellaneous sources of $565 14, leaving a decrease in receipts from all sources of $16,276 69; while a similar comparison of the disbursements shows a decrease in operating expenses of $132,776 24, and of shore expenses of $4,841 72, or a total decrease of expenses of $137,617 96. Although there was an increase in the past year in the receipts from passengers, the number carried was 752 less than in 1875, the decrease being on the steerage passengers inward.

The value of material and stores on hand January 1, 1877, was $16,332 19.

The balance to the credit of the operations of the steamers to January 1, 1876, was $48,092 93; gain for $1876, $144,914 57—total $193,007 50; of which amount, in addition to the expenditure for material on hand at Philadelphia and Liverpool, and for repair shop at Philadelphia, $35,000 has been used in reducing the bills payable of the company, and $48,050 in payment of the interest coupons, due October 1, 1876, on the bonds of the company; the cash balance remaining on deposit, and in the hands of the treasurer, being $101,960 54.

The floating debt of the company January 1, 1875, was $465,683 46. This during the year has been reduced $35,000, and increased by loan from the Pennsylvania Railroad Company, to pay the interest coupons due April 1, 1876, on the bonds of the company, $45,000, and balance of interest to January 1, 1877, due Pennsylvania Railroad Company, $24,816 54, leaving the amount of bills payable January 1, 1877, all of which is held by the Pennsylvania Railroad Company, $500,000, for which that company has agreed to accept in payment 5000 shares of the capital stock of the American Steamship Company at its par value of $100 per share.

### Panama Railroad.

At the meeting of the Panama Railroad Company on the 3d inst., Trenor W. Park was elected President, J. G. McCullough Vice President, and W. J. Emmett Secretary and Treasurer. The statement of the Treasurer to April 1, 1877, is as follows:

ASSETS.

| | | |
|---|---|---|
| Cash in bank | | $10,483 00 |
| Balance due as for discount of subsidy account annexed | | 10,040 81 |
| Funds in London | | 85,000 00 |
| Investment in Panama Railroad Company stock, (900 shares.) | | 112,500 00 |
| Due from Pacific Mail Steamship Company | | 397,056 00 |
| Due from Panama Transit Steamship Company | | 14,336 52 |
| Bills receivable | | 79,122 82 |
| Petty cash | | 75 89 |
| Due from sinking fund | | 94,155 49 |
| Total | | $802,769 53 |

LIABILITIES.

| | | |
|---|---|---|
| Interest on sterling bonds due 10th April, 1877 | $97,790 00 | |
| Isthmus drafts | 5,410 00 | |
| Cash bills | 2,587 13 | |
| Drawbacks on Colombian produce | 1,200 00 | |
| | | 106,987 13 |
| Surplus | | $695,782 40 |

The $94,155 due from sinking fund represents the excess of value of collateral held by said fund for a loan made to the company.

DISCOUNT OF COLOMBIAN GOVERNMENT SUBSIDY.

| | |
|---|---|
| Subsidy due from Columbian Government on 1st April, 1877 | $413,732 81 |
| Outstanding loans against said discount and subsidy, with interest | 403,692 50 |
| Total | $10,040 31 |

As all outstanding loans now due by the company were contracted solely for the purpose of discounting the subsidy payable to the Colombian Government up to February, 1879, the above account will explain the item of $10,040 31 given in the assets of the Treasurer's statement annexed.

The Directors declared the usual quarterly dividend of 3 per cent., payable May 1, books to close on the afternoon of April 20 and to open

May 2. It was also resolved that hereafter all regular dividends be made payable on the first day of the month following the date of declaration.

### Cumberland Valley Railroad.

The earnings of this road for the years ending September 30, 1875 and 1876, were as follows:

| | 1875. | 1876. |
|---|---|---|
| From passengers | $186,422 75 | $190,180 87 |

The operating expenses were 45.6 per cent of the receipts. Compared with the previous year the gross earnings show an increase of $21,917 51, with a decrease in expenses of $15,588 88, making an increase in the net earnings of $37,506 39. The gross earnings per train mile were $1 77.94, operating expenses $0 85.81, net earnings $0 92.13. There was a decrease in earnings per passenger train mile of 18.32 cents, and an increase in earnings per freight train mile of 28 cents. The number of miles run by passenger trains was 173,633; during previous year, 146,803—increase, 26,830. Miles run by freight trains, 117,583; during previous year, 131,990—decrease, 14,407. Net increase in train mileage, 12,423. The report says:

The increase of 26.830 miles in the passenger train mileage, and the decrease of 18.32 cents in earnings per passenger train mile, is caused by the increased facilities afforded Centennial travel, which was not met by a corresponding increase in revenue from that source.

It may be said that, during the fiscal year proper, we realized little or no profit whatever from this class of travel; the comparatively few excursionists not compensating for the low rate of fare, and the fact that all the regular eastern travel was at excursion rates. It is some gratification, however, to have placed the opportunity of visiting the Centennial Exhibition within the means of almost all who desired to reach it.

| | |
|---|---|
| The number of Centennial excursion passengers carried from May 10th until September 30th, was | 6,860 |
| Number carried from October 1st to November 10th | 8,908 |
| Total | 15,768 |

The revenue from Centennial travel from May 10th to November 10th, was $20,791 42.

| | |
|---|---|
| The number of passengers carried during the year was | 877,397 |
| Number carried previous year | 876,133 |
| Increase | 1,264 |

As appears by a comparison of receipts heretofore stated, the earnings from transportation are but little in advance of the previous year, and this increase is made up of receipts from passengers and express.

In the tonnage of the road (exclusive of the Northern Central Railway bridge tonnage) there is an excess over the year 1874 6 of 17,807 tons.

The shipments of iron ore show an increase of 7,628 tons. The greater portion of the ore, however, shipped the past season came from the Dillsburg Road, and passing only a few miles upon the Main Line, afforded comparatively little revenue.

The good crops of 1875 gave us for transportation the past year increased shipments of grain to the extent of 84,575,299 pounds, and of flour 19,390 barrels. Notwithstanding the increase in tonnage, the receipts from freight have fallen off $2,437 67. This is explained by the fact that the increase is almost entirely confined to the articles above enumerated, including lumber, which are carried at the lowest rates.

During the year we purchased and laid 800 tons of steel rails, for which we paid $61 per ton. There are now in the main track of the road 2,352 tons of steel rails, all of which are charged to expenses. During the coming year we expect to lay 1,000 tons additional, and is will require about 30,000 cross ties to maintain the track in proper condition.

We have built the past Summer, an addition to the passenger depot at Carlisle; new passenger stations at Newville and Shippensburg, and a large paint shop at Chambersburg. These improvements are much needed.

Within the past few years a number of accidents have occurred at the Waynesboro' road crossing, and early last Spring we put up a substantial iron bridge over our road at that point.

During the year we have added to our equipment, five new passenger coaches, four of which were built as our own shops.

We have graded and laid 2,368 feet of new siding; and have now on our Main Line 13 miles of siding track, which afford ample facilities for all our business.

The above items form a portion of the construction account, which is herewith given in detail:

| | |
|---|---|
| J. L. M'Atee and others, right of way on Potomac extension | $525 80 |
| Work on new passenger depot at Chambersburg | 423 84 |
| New passenger depot at Carlisle | 2,333 69 |
| Lot for station at Shippensburg | 1,400 00 |
| New passenger station at Shippensburg | 3 431 84 |
| New passenger station at Mont Alto Junction | 283 21 |
| New passenger station at Newville | 3,186 75 |
| Real estate purchased at Chambersburg | 500 00 |
| Real estate purchased at Hagerstown | 1,000 00 |
| Bridge and masonry at Waynesboro' cross road | 1,878 04 |
| Bridge at Academy alley, Chambersburg | 605 58 |
| Eleven individual freight cars purchased | 1,645 00 |
| Five new passenger coaches | 17,831 10 |
| Water pipe and water station, Chambersburg | 913 46 |
| 964 feet new siding at Oakville camp ground | 1,876 00 |
| 1,199 feet new siding at Chambersburg | 994 34 |
| 205 feet new siding at Mechanicsburg | 322 91 |
| Station house for Dispatcher at Chambersburg | 211 07 |
| Baggage trucks | 178 73 |
| Paint and oil houses, Chambersburg | 6,014 86 |
| | $44,956 22 |

The equipment of your road is as follows: 21 locomotives, 25 passenger coaches, 6 baggage cars, 255 eight-wheeled freight cars, and 19 four-wheeled freight cars.

| | |
|---|---|
| The length of main line of road from Harrisburg to the Potomac is | 82 miles. |
| Length of leased lines: | |
| Southern Pennsylvania Railway | 23 " |
| Martinsburg and Potomac | 12 " |
| Dillsburg and Mechanicsburg | 8 " |
| Total number of miles operated | 125 miles. |

The roadway and rolling stock were never in better condition than at present. The substantial improvements along the line, the increased equipment, and the additional facilities for both passenger and freight business have required a large expenditure of money; but they render further outlay for improvements of this character during the next few years unnecessary, and we may reasonably expect considerably increased net earnings as soon as the business interests of the country recover from their present depressed condition.

Earnings and expenses of leased lines:

SOUTHERN PENN'A RAILWAY AND MINING CO.

| General expenses | 311 77 | |
| | | 16,247 50 |
| Net earnings | | $2,174 90 |

The gross receipts of this company fall short of the preceding year $4,808 47. During that year 15,466 tons of ore were shipped from the mines of this company, while this year only 2,091 tons could be marketed. The coal, iron ore, grain and lumber, which are the principal articles of freight upon this road, pass over 59 miles of our Main Line. This year there were shipped from this road 6,160,287 pounds of grain, as against about half this quantity the preceding year.

| General expenses | 2,114 24 | |
| | | 10,216 38 |
| Net earnings | | $924 81 |

The receipts and expenditures differ but little from the past year.

When this road was projected and built, it was expected to have connections with other roads at Martinsburg—one leading to Winchester, and the other through the Shenandoah Valley. The financial crisis of 1873 interfered with these enterprises; and, consequently, this line pays little more than operating expenses. Most of the business of this branch, however, passes over our entire road.

DILLSBURG AND MECHANICSBURG RAILROAD.

| General expenses | 409 92 | |
| | | $10,913 13 |
| Net earnings | | $11,660 31 |

The operations of this road show an increase in the gross receipts over the preceding year of $1,913 79, and a decrease in the operating expenses of $1,285 07, making an increase in the net revenue of $3,198 88. The amount of ore shipped from the line of this road was 59,848 tons, being in excess of the previous year 23,949 tons. The actual cost of working this short branch was 48⅓ per cent. of the receipts.

Your company, identified by its business and improvements with the Cumberland Valley, has grown and developed with the increased wants of the section through which its road passes. It has contributed largely to the material prosperity of the Valley, has met and supplied each new demand made by the public, and is to day prepared with ample facilities for any emergency.

A brief reference to its history may not be without interest.

The Cumberland Valley Railroad Company was incorporated by Act of Assembly of the 2d of April, 1831. This Act was revived by Act of April 15, 1835, and the period for the commencement and completion of the road extended for six years from that date. In the same year (1835) portions of the work were put under contract, and the road was completed and opened for business from Bridgeport to Chambersburg in November, 1837.

The Franklin Railroad Company, whose road lay as well in Maryland as Pennsylvania, was incorporated by Act of the Legislature of Pennsylvania of 12th March, 1832, and by the Legislature of Maryland by Act of 16th of January, 1837. This road was built a year or two subsequent to the completion of the Cumberland Valley Road, and at different times in its history was operated by the Cumberland Valley Company.

In 1862 the Cumberland Valley Company purchased the Franklin Railroad, at a cost in stock and cash of $304,169 83. The $81,800 of six per cent. bonds still outstanding are part of that transaction, and would be redeemed at any time upon presentation. That portion of the Franklin Railroad lying within the State of Pennsylvania was, on the 1st of June, 1865, merged with the Cumberland Valley Company. A separate organization exists for the portion of this road lying within the State of Maryland, the stock of which is all held by your Company.

During the years 1849-50 the road from Harrisburg to Chambersburg was substantially rebuilt, the old flat bars laid upon wooden stringers being replaced by the T rail, at an expense of $268,696 17.

In October, 1868, the South Mountain Iron Company commenced building their railroad from the Pine Grove iron estate, in Cumberland county, to a point on your road near Carlisle, in length about seventeen miles, and completed the same in 1869. Toward this enterprise your company loaned the South Mountain Company $200,000, secured by a first mortgage upon their railroad and equipment, and a second mortgage upon the landed estate. The interest upon this mortgage was regularly paid until the first of June last, when it became in default. This road will be sold during the coming year under our mortgage, and our company may be compelled to buy it.

In 1870 the Southern Pennsylvania Iron and Railroad Company commenced the work of constructing a railroad 23 miles in length, from a point on our road about seven miles south of Chambersburg, to the Mount Pleasant iron estate in Path Valley, Franklin county, and completed the same in the Fall of 1871. To assist in building this road, our company advanced $300,000, upon seven per cent. gold bonds, secured by a mortgage upon the road, landed estate, &c. The interest upon these bonds was paid until March, 1875. This property was sold upon a second mortgage in December, 1872, for $305,000. A new company was organized, under the title of the Southern Penn's Railway and Mining Company, the controlling interest in the stock of which is held by your company. Our investment in this company amounts, at this time, to $495,673 04.

During the year 1870 the work of extending the Franklin Railroad from Hagerstown to the Potomac river was commenced. At the same time the county of Berkeley was constructing the Martinsburg and Potomac Railroad. Upon this latter road Berkeley county had already expended $120,000, and in order to secure its completion we advanced the sum $313,381 50. This investment gave us a controlling interest in the stock, with a lease of the road, and is secured by a first mortgage. Both roads were finished and opened for business in the fall of 1873.

The Dillsburg and Mechanicsburg Railroad, eight miles in length, was built in 1872, and is operated by us under a lease. To this company we advanced, upon a first mortgage, $100,000, and were afterward obliged to extend additional aid to the extent of $53,460 19, to complete the same. During the past three years $47,516 61 of these advancements have been repaid. The capital stock of the company is $63,000, of which subscriptions to the amount of $16,821 34 are yet due and unpaid. The prompt payment of these would extinguish the floating debt of this company, and pay a portion of the accumulated interest upon the mortgage. The steady growth in the business of this road, warrants the belief that, in a couple of years, this company will pay the annual interest upon its mortgage and dividends upon the stock.

The Mont Alto Railroad, built in 1872, was assisted by us to the extent of $110,000, secured by a first mortgage. The interest upon the bonds of this company has been regularly paid. The business upon this short line of road has been much increased by the excursion travel to the Mont Alto Park. The Mont Alto iron estate, containing about 20,000 acres, and lying at the base of the South Mountain, about fourteen miles from Chambersburg, is rich in scenery of a wild and picturesque character. Through the energy of Col. Geo. B. Wiestling, the efficient superintendent of the estate, the Park has been rendered exceedingly beautiful and attractive. We have carried to this mountain resort, during the past season, from all points on the line of our road, about 7,000 excursionists.

Most of these investments, with descriptions of the iron estates, have been given to you in detail by previous annual reports. Some of them, in the light of the present depressed condition of business throughout the country, may now seem to have been injudicious. The several lines in our own Valley are appendages to large iron estates, and were built to assist in developing the rich ore territory of the South and North Mountains. Notwithstanding the fact that but little ore has been shipped the past two years, and many of the furnaces out of blast, these lateral roads have all paid more than operating expenses, and have contributed considerably to the revenue of the Main Line.

It is proper, also, to say that these expenditures have all been made without any debt existing for them at this time, except the $81,800 before mentioned, and without interfering in the slightest degree with your regular dividends.

Neither were these investments allowed to interfere with valuable improvements upon your Main Road. Within the past few years a second track has been laid from Bridgeport to Mechanicsburg; the main portion of the superstructure of the bridge across the Susquehanna has been renewed; the entire road from Harrisburg to Chambersburg was thoroughly ballasted with limestone; twenty-six and a half miles of steel rails have been laid; a number of extensive sidings put down; several new depots, warehouses and other improvements erected; the rolling stock and machinery materially increased, and the entire road put in excellent condition.

We have the satisfaction of recording an entire exemption from accidents to either passenger or freight trains during the year.

The condition of your property, and the successful management of the business of the company, are matters of congratulation. The Board desire to express their thanks to the officers and employees for faithful and efficient service.

The number of miles run by locomotives on passenger trains was 183,087; on freight trains, 161,727; on construction and other trains, 3,921—a total of 348,685, against 341,329 in 1875, showing an increase of 7,356.

### Canadian Pacific Railway.

The track on this road at latest advices was laid for 85 miles from the eastern terminus at Fort William on the Kaministiquia river, two miles from its mouth in Thunder Bay. At Fort William a wharf has been completed, and a substantial stone roundhouse, repair shop, storehouses, and other buildings are in progress, including dwellings for the railroad staff. A branch line has been located about four miles long to Prince Arthur's Landing, a flourishing mining settlement and the largest town in that region. The line from Fort William to the river is now all under contract, the last section, No. 15, having been let to Sutton and Thomson. Several of the contractors are old Intercolonial men, having built sections of that line.—*International Railway Guide* for March.

### Erie First Mortgage Coupons.

Some people thought that these coupons, although advertised by the Trustees for payment this month, would not be paid, or if paid that heavy deductions would be made. So far from these rumors being well founded those holders who sent in their coupons a few days ago are already paid, and paid more than par value. Thus the full par value of the coupon was £7 per $1,000 (or £200) bond. Instead of £7 the owner gets £7 2s. 11d. in respect of each of his coupons, an actual addition of 2s. 11d. on every £7, in place of any deduction from the £7. We presume this arises from the rate of exchange being favorable. It is not often, however, that Bondholders derive any advantage over their fixed income, and we consider the Trustees entitled to thanks for so closely and properly seeing to the Bondholders' welfare.—*Herapath, March* 24.

### The Brooklyn City Debt.

The following is a statement of the Brooklyn City debt up to March 31, 1877:

PERMANENT LOANS.

| | |
|---|---|
| Permanent Water loans | $11,105,000 00 |
| Mount Prospect-square loan | 90,000 00 |

| Bushwick-avenue Improvement loan | 288,000 |
| Union-street Improvement loan | 260,000 |
| South Seventh-street Improvement loan | 278,000 |
| Fourth-avenue Improvement loan | 421,000 |
| Knickerbocker and Central-avenue Sewer loan | 618,000 |
| Assessment Fund bonds | 3,236,000 |
| Assessment Fund bonds, W. and S | 1,323,000 |
| Sewerage Fund bonds | 1,868,500 |
| Boulevard bonds | 842,000 |
| South Brooklyn Sewerage Fund bonds | 200,000 |
| Total | $10,192,500 |
| Total debt of Kings County of every class March 31, 1877, was $4,181,821, for which the city is liable to the extent of 19-20, which shows the liability of the city on account of the county debt to be | $3,972,730 |
| Tax certificates issued in anticipation of the payment of taxes in course of collection | 1,190,000 |

The above comprise the total liabilities of the city direct and collateral to this date, showing decrease in the whole debt since January 1, 1876, $55,253 51.

### Pork Packing in the West.

The Cincinnati *Price Current*, of March 29th, publishes its annual statement of Pork Packing in the Western States, from which we make the following extracts:

The total number of Hogs packed in the West during the Winter season of 1876 7, from November 1 to March 1, compares with 1875-6, as follows:

| | Total No. 1876-7. | Total No. 1875-6 |
|---|---|---|

### Ogdensburg and Lake Champlain Railroad.

The agreement for the settlement of the matters in difference between the Ogdensburg and Lake Champlain and the Central Vermont Railrord Companies was consummated on the 3d inst. before a special term of the Supreme Court held at Ogdensburg, by the formal entry of judgment in favor of the Ogdensburg and Lake Champlain Railroad Company for the full possession of its road and property and discharging the receiver. In pursuance of this judgment, the Ogdensburg and Lake Champlain Railroad Company have resumed possession of the road, under its President, John C. Pratt, Esq., and will hereafter operate and manage the same. This puts an end to all litigations between the parties and enables the company to commence business under the most favorable auspices and gives great satisfaction to the people of Northern New York.

### Pittsburg, New Castle and Lake Erie Railway.

At a meeting in Pittsburg on the 28th ult., called in favor of the proposed narrow gauge railway between Pittsburg and Lake Erie, known as the Pittsburg, New Castle and Lake Erie Railway, Gen. James S. Negley, who is actively engaged in the enterprise, and who was invited to address the meeting, in the course of his remarks, said:

This is an auspicious time to build any railroad with economy, but a narrow gauge road can be built, equipped and operated through an open country like this forty per cent. less cost than a road of the standard gauge; the brief but sharp contrast shown in the following estimates of the relative capacity and paying force of the two roads, will sufficiently illustrate this fact:

WEIGHT OF TRAINS AND PAYING ABILITY.

| | Tons. |
|---|---|
| Standard train, locomotive and tender, fuel and water | 58 |
| Twenty freight cars, empty, at 10 tons each | 200 |
| Twenty freight cars, paying load, at 10 tons each | 200 |
| Total weight of train | 458 |

This is allowing 28 tons beyond the capacity of a locomotive.

| | |
|---|---|
| Narrow gauge train, locomotive and tender, fuel and water | 20 |
| Twenty-five freight cars, empty, at four tons each | 100 |
| Twenty-five cars, loaded, at eight tons each | 200 |
| Total weight of train | 320 |

This is less than the capacity of locomotives. On the return trip westward bound and half load, the comparison would be thus:

| | Tons. |
|---|---|
| Standard train weight, empty | 258 |
| Standard train load paying freight | 100 |
| Total weight | 358 |
| Narrow gauge train weight empty | 120 |
| Narrow gauge train load, paying freight | 100 |
| Total weight | 220 |

The narrow gauge train with a paying load of 100 tons is 38 tons lighter than the standard train empty. This advantage is too apparent to need remarks.

But in practical railroading, car service does not average over three tons to the car, and often it is one or less than one ton. On the Standard road this service is always made with a 10 ton car, and hence in many cases the proportion is 10 tons of wagon weight to one of paying load, but on narrow gauge roads this service is never over 4 to 1, and may in most cases be 3 or even 2 to 1. This is a point of financial importance which cannot be overlooked. I need not commend any thoughtful mind which road offers the greatest inducements.

The proposed road will be located on the shortest and best route. It will not be impeded by high grades or numerous short curves. It will develop rich deposits of excellent iron ore, coal, and limestone, and utilize the vast forests of superior white oak. It will carry to market the agricultural products of a fertile and extensive region of country, in addition to a highly remunerative local traffic there will be a heavy traffic in petroleum, grain, lumber, magnetic ores and pig metal.

The cost of transferring freight to other lines will be a small item in comparison with the reduced rate over our line. Ten cents per ton will be a fair estimate of the cost.

By the time this road is completed it will be joined by a number of branches now in the course

of construction or projected. Lake Erie tributary at one end, and the markets of Pittsburgh and Allegheny at the other, will sustain the road, independent of all other sources of trade.

### Chicago and Alton Railroad.

At an election for directors of the Chicago and Alton Railroad Company, held in Chicago on the 2d inst., T. B. Blackstone, John B. Drake and D. Willis James, whose term of office expired on that day, were re elected directors for the ensuing three years. The board of directors, as now constituted, is as follows: John F. Slater, John A Stewart, George Straut—term of service expires first Monday in April, 1878; John Crerar, Lorenzo Blackstone, John J. Mitchell—term of service expires first Monday in April, 1879; T. B. Blackstone, John B. Drake, D. Willis James—term of service expires first Monday in April, 1880. T. B. Blackstone was re-elected President, and W. M. Larrabee Secretary and Treasurer.

### Fast Time Across the Continent.

The train of 20 loaded freight cars that was started from San Francisco March 20th, via the Central and Union Pacific and Baltimore and Ohio Railroads, for the purpose of beating any freight time heretofore made across the continent, arrived at Jersey City at 6 o'clock P. M, on the 30th of March, having accomplished the journey in the unprecedented time of 10 days. They passed St. Louis on the 27th, Cincinnati on the 28th, Parkersburg on the 29th, and Baltimore on the 30th. Some two months ago an attempt at fast time was made, resulting in a record of 13 days, the best accomplished up to that date. The goods carried in the present instance consist of silks, teas, and fancy goods brought from China and Japan by the steamship City of Peking, which was two days longer on her passage than usual. They are consigned to Tiffany & Co., Brown Brothers & Co., Drexel, Morgan & Co., Carter & Hawley, Baring Brothers & Co., and other New York and European firms. Each car contains 10 tons of freight, so that there are 200 tons in all. Some is for this market and some for export to Europe.

☞ The directors of the Second Avenue Railroad Company, elected on the 2d inst., are: Adolphus Hamilton, David Jones, Waldo Hutchins, Solomon Mehrbach, J. Lee Humfreville, David J. King, James Everard, Moses Mehrbach, Thomas J. McCahill, Peter Schneider, William S. Thom, J. B. Fellows and C. Schwartzfelder.

### The Coal Trade.

The total tonnage for the week ending on the 24th ultimo, as reported by the several carrying companies, amounted to 291,470 tons, against 176,384 tons in corresponding week last year, an increase of 115,086 tons. The total amount of anthracite mined for the coal year is 3 548,806 tons against 2,444,178 for same period last year, an increase of 1,104,128 tons. The quantity of bituminous coal sent to market for the week was 43,588 tons, against 62,511 tons for corresponding week last year, a decrease of 18,923 tons. The whole bituminous tonnage from the beginning of the coal year is 560,754 tons, against 610,147 tons in corresponding time last year, a decrease of 40,-893 tons. The total tonnage of all kinds of coal for the week is 535,058 tons, against 238,895 to corresponding date last year, an increase of 96,163 tons, and the total tonnage for the coal year is 4,118,060 tons, against 3,051,325 tons, to same date last year, an increase of 1,068,735 tons The shipments of coal from Port Richmond are increasing. The receipts at Perth Amboy for the week ending on the 24th ult. were 15,435 tons, the shipments 25,269 tons, leaving a stock on hand of 143,944 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the third week of March was 82,557 tons, of which 68,000 tons were coal, and 14,657 tons coke. The total carried for the year is 1,053,714 tons, of which 841,703 tons were coal and 212,011 tons coke. These figures embrace all the coal carried over the road, east and west.—*Phila. Ledger, Apl. 2.*

## CONSUMPTION CURED.

An old physician retired from active practice, having had placed in his hands by an East Indian missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung affections, also a positive and radical cure for Nervous Debility and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send, free of charge, to all who desire it, this recipe, with full directions for preparing and successfully using. Sent by return mail by addressing with stamp, naming this paper, Dr. J. C. STONE, 32 North Fifth Street, Philadelphia, Pa.

☞ The Los Angeles (Cal.) Herald states that during a recent visit of the Central and Southern Pacific railway officials to Southern California, Gov. Stanford stated that the Southern Pacific Railway managers had made arrangements to build one hundred and forty miles of road across the Colorado, into Arizona, before the next regular session of Congress. The company are empowered to do this under the general law passed at the last session of that body.

☞ The Statement of the Treasurer of the New York and Brooklyn Bridge Company, submitted at a meeting held on the 2d inst., shows that the total receipts from commencement to March 31, 1877, were $7,813,573 01, and the expenditures $7,129,652 17, leaving on hand the sum of $187,920 84, The outstanding liabilities amount to $9,605 10.

☞ The bill to authorize the Worcester Railroad Company of Virginia to consolidate with the Worcester Railroad Company of Maryland, &c., has passed both branches of the Virginia Legislature.
